**Racism in the White House** William L. Clay,2002-02-01 *American Book Publishing Record* ,2000 **TRIUMPH OF RACISM: The History of White Supremacy in Africa and How Shithole Entered the U.S Presidential Lexicon** Emmanuel Neba-Fuh,2021-04-05 Emmanuel Neba Fuh in this comprehensive chronological compilation and thorough narrative of the history of white supremacy in Africa provide an unflinching fresh case that African poverty a central tenet of the shithole demonization is not a natural feature of geography or a consequence of culture but a direct product of imperial extraction from the continent a practice that continues into the present A brutal and nefarious tale of slave trade genocides massacres dictators supported progressive leaders murdered weapon smuggling cloak and dagger secret services corruption international conspiracy and spectacular military operations he raised the most basic and fundamental question how was Africa the world s richest continent raped and reduced to what Donald J Trump called shithole V Mbanwie *Journal of the Senate of the United States of America* United States. Congress. Senate,1976 **Woodrow Wilson and American Internationalism** Lloyd E. Ambrosius,2017-06-16 In this new work one of the world s leading historians of US foreign relations Lloyd E Ambrosius addresses enduring questions about American political culture and statecraft by focusing on President Woodrow Wilson and the United States in international relations during and after World War I Updated to include recent historiography as well as an original introduction and conclusion Woodrow Wilson and American Internationalism features nine different essays closely linked together by the themes of Wilson s understanding of Americanism his diplomacy to create a new world order in the wake of World War I and the legacy of his foreign policy Examining the exclusive as well as universal dimensions of Wilsonianism Ambrosius assesses not only Wilson s role during his presidency but also his legacy in defining America s place in world history Speaking to the transnational turn in American history Ambrosius shows how Wilson s liberal internationalist vision of a new world order would shape US foreign relations for the next century

**Congressional Record** United States. Congress,1968 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 Making Peace with the 60s David Burner,2021-07-13 David Burner s panoramic history of the 1960s conveys the ferocity of debate and the testing of visionary hopes that still require us to make sense of the decade He begins with the civil rights and black power movements and then turns to nuanced descriptions of Kennedy and the Cold War the counterculture and its antecedents in the Beat Generation the student rebellion the poverty wars and the liberals war in Vietnam As he considers each topic Burner advances a provocative argument about how liberalism self destructed in the 1960s In his view the civil rights movement took a wrong turn as it gradually came to emphasize the identity politics of race and ethnicity at the

expense of the vastly more important politics of class and distribution of wealth The expansion of the Vietnam War did force radicals to confront the most terrible mistake of American liberalism but that they also turned against the social goals of the New Deal was destructive to all concerned Liberals seemed to rule in politics and in the media Burner points out yet they failed to make adequate use of their power to advance the purposes that both liberalism and the left endorsed And forces for social amelioration splintered into pairs of enemies such as integrationists and black separatists the social left and mainline liberalism and advocates of peace and supporters of a totalitarian Hanoi Making Peace with the 60s will fascinate baby boomers and their elders who either joined denounced or tried to ignore the counterculture It will also inform a broad audience of younger people about the famous political and literary figures of the time the salient moments and above all the powerful ideas that spawned events from the civil rights era to the Vietnam War Finally it will help to explain why Americans failed to make full use of the energies unleashed by one of the most remarkable decades of our history      *Rage on the Right* Lane Crothers,2019-02-08 *Rage on the Right* examines the rise fall and reemergence of the militia alt right movement from the 1990s through 2018 Using the lenses of history culture ideology and social movement theory Crothers explores the diverse ways contemporary right wing social movements have used American social and economic context to build themselves into a potent force in American political life Just as the 1990s militia movement drew life from deeply embedded values and myths central to American political culture and political history so too do the contemporary militia and alt right movements Right wing social movements are as American as apple pie and must be understood as a core and enduring component of American political life Ideal for undergraduate courses on social movements political violence and contemporary political history this text explores the cultural rootedness of the militia and alt right in America while also understanding the ways contemporary politics build on historical legacies to promote right wing populism in the United States Highlights Traces the evolution of the militia and alt right movements in the United States since the 1990s Situates right wing populism in its cultural and ideological position in American politics Examines interaction of key events in the history of the militia and alt right movements in the US with actions of entrepreneurial movement leaders and supporters in government and society Links the rise of the Donald Trump as candidate and president to the re emergence of the militia and the alt right in the United States      *Racist America* Joe R. Feagin,2001-07-12 *Racist America* is a bold thoughtful exploration of the ubiquity of race in contemporary life It develops an antiracist theory rooted not only in the latest empirical data but also in the current reality of racism in the U S      [Social Problems](#) Anna Leon-Guerrero,2022-05-13 The new Seventh Edition of *Social Problems* Community Policy and Social Action goes beyond the typical presentation of contemporary social problems and their consequences by emphasizing the importance and effectiveness of community involvement to achieve real solutions      *U.S. Presidents and Foreign Policy* Carl C. Hodge,Cathal J. Nolan,2006-12-13 This work is a unique single source for information on the foreign policy wars treaties initiatives and doctrines of all 43 presidents of the United States

From George Washington's isolationism to the Monroe Doctrine of hemispheric right to domination to Teddy Roosevelt's imperialism through George W. Bush's global war against terror, U.S. foreign policy has charted a varied course. As the area where the president has the most freedom of action, foreign policy can and often does change precipitously according to the incumbent's view of the world. No other branch of government rivals the president's role in America's rise from liberal republic to global superpower. This work brings together the scholarship of leading historians and political scientists to present in depth examination of the foreign policy of each president of the United States. This thorough presentation covers all aspects of international relations although the work is not primarily interpretive it does not shy from pointing out both notable successes and failures. The book's 43 essays present quick access to the whole of the history of American foreign policy.

**U.S. Participation in the UN** United States. President, 1991 **Congressional Record** United States. Congress, 1991 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States 1789-1824*, the *Register of Debates in Congress 1824-1837* and the *Congressional Globe 1833-1873*.

Evaluating Counterterrorism Performance Beatrice de Graaf, 2011-03-15 This book offers a new model for measuring the success and impact of counterterrorism strategies using four comparative historical case studies. The effectiveness of counterterrorism measures is hard to assess especially since the social impact of terrorist attacks is a fundamental and complex issue. This book focuses on the impact of counterterrorist measures by introducing the concept of the performative power of counterterrorism: the extent to which governments mobilize public and political support thereby sometimes even unwittingly assisting terrorists in creating social drama. The concept is applied to counterterrorism in the Netherlands, Italy, the Federal Republic of Germany and the United States in the 1970s. Based on in depth case study research using new primary sources and interviews with counterterrorist officials and radicals, a correlation is established between a low level of performative power and a decline of terrorist incidents. This is explored in terms of the link between social drama as enhanced by counterterrorist measures and ongoing radicalization processes. This book demonstrates that an increase in visible and intrusive counterterrorist measures does not automatically lead to a more effective form of counterterrorism. In the open democracies of the West, not transforming counterterrorism into a performance of power and repression is at least as important as counterterrorism measures themselves. This book will be of much interest to students of terrorism and counterterrorism discourse analysis, media and communication studies, conflict studies and IR Security Studies in general.

*Witness to Hope* George Weigel, 2009-10-13 This definitive biography of Pope John Paul II explores his historic influence on the world stage. Magnificent achievement. Washington Post. As head of the Catholic Church from 1978 until his death in 2005, John Paul II was one of the world's most transformational figures. With unprecedented cooperation from the Pope as well as the people who knew and

worked with him throughout his life George Weigel offers a groundbreaking portrait of him as a man a thinker and a leader whose religious convictions defined a new approach to world politics and changed the course of history The Pope played a crucial yet underexplored role in some of the most momentous events of his time including the collapse of European communism the quest for peace in the Middle East and the democratic transformation of Latin America With an updated preface this edition of Witness to Hope explains how this man from a far country did all of that and much more and what both his accomplishments and the unfinished business of his pontificate mean for the future of the Church and the world
