Reclaiming our Roman Catholic Birthright

Peter Kwasniewski,2020-05-23 At the crest of volatile years of experimentation a new rite of Mass was introduced in 1969 no mere cosmetic treatment but a radical reconstruction of the Church s central act of worship A minority of the faithful continued to hold fast to the traditional rite which John Paul II and Benedict XVI gradually freed from restrictions The steady growth of this traditionalist movement inevitably prompts questions in the minds of more and more people What is it that Catholic laity clergy and religious are discovering and falling in love with Could you should you be among them In this engaging book Peter Kwasniewski draws on decades of experience and presuming no specialized knowledge explains why the traditional Mass operates the way it does what its distinctive features and benefits are and how it still captures hearts with a beauty deeply rooted and perennially green Every reader whether already a lover of the Mass of Ages or a complete newbie whether committed or curious perplexed or skeptical sitting on the fence or bouncing back and forth between old and new will find life changing insights in these pages

Renewing Catholic Schools Most Reverend Samuel J. Aquila,2020-11-13

Catholic education remains one of the most compelling expressions of the Church s mission to form disciples Despite decades of decline in the number of schools and students many Catholic schools have been experiencing renewal by returning to the great legacy of the Catholic tradition *Renewing Catholic Schools* offers an overview of the reasons behind this renewal and practical suggestions for administrators clergy teachers and parents on how to begin the process of reinvigoration The book begins by situating Catholic education within the Church s mission Fidelity to Catholic mission and identity including a commitment to the fulness of truth provides the fundamental mark for the true success of Catholic education The Catholic intellectual tradition in particular established by figures such as Augustine Boethius and Aquinas can continue to direct Catholic schools providing a depth of vision to overcome today s educational crisis To transcend the now dominate secular model of education Catholic schools can align their curriculum more closely to the Catholic tradition One touchpoint comes from Archbishop Michael Miller s *The Holy See s Teaching on Catholic Schools* which the book explores as a source for practical guidance It also offers a Catholic vision for curriculum examining the full range of subjects from gymnasium the fine arts the liberal arts literature history and catechesis all of which lead to a well formed graduate inspired by beauty attune to truth and ordered toward the good Finally the book provides a practical vision for renewing the school through the formation of teachers creation of a school community and by offering suggestions for implementation of a stronger Catholic mission and philosophy of education The teacher ultimately should strive to teach like Jesus while the community should joyfully embody the school s mission making it a lived reality The book concludes with examples of Catholic schools that have successfully undergone renewal

Words Made Flesh

R. Jared Staudt,2024-06 Forming souls and building culture together form the sacramental mission of Catholic education These profoundly related goals are laid out by the Church for education following

the general sacramental principle that permeates the whole of Catholic life This approach seeks conformity to the Logos the divine mind that shapes the way disciples think imagine and pray Guided by this approach the student will be able to contemplate the truth of reality in a holistic and integrated fashion As sacramental it also leads to a concrete embodiment in the life of the Christian community and the daily actions of the disciple A sacramental approach to education draws together the inner and outer life mind and body soul and culture prayer and work salvation and mission the individual and community For the future of society and renewal within the Church we need nothing less than a reintegration of the person and our communities through the renewal of education forming students deeply rooted in our heritage and prepared to hand it on in creative ways
