P. Yohannan,1986 **Missions** Gailyn Van Rheen,2014-07-22 In a rapidly changing world the central missionary vision of the church must be constantly renewed lest its foundations become lost in the confusion of change or its practices trapped in missionary models of the past In this second edition of *Missions* long time missionary Gailyn Van Rheen revises and updates his classic text on Christian missions laying sound theological and strategic foundations for the missionary of today and tomorrow Van Rheen helps renew the missionary vision by discussing areas such as The history of Christian mission and how it affects where we are today Spiritual formation for God s mission The missionary cycle Cross cultural communication The character and calling of missionaries Types of missionaries Church maturation Selecting mission fields The role of money in missions Four levels of involvement in missions But *Missions* is more than blackboard theory Written by a long time missionary it carries the conviction and insights of one who has lived his subject Accessible to students practitioners and laypeople alike *Missions* provides a primary go to resource for understanding and becoming involved in the dynamic activity of world missions **A Survey of World Missions** Robin Hadaway,2020-05-01 Robin Hadaway presents a full survey of world missions addressing biblical theological and historical foundations as well as culture context philosophy and missions strategy **Factors Behind the Ukrainian Evangelical Missionary Surge from 1989 to 1999** John Edward White,2020-03-16 Throughout its history the Soviet Union was one of the most closed places in the world to missionary work As perestroika came in the late 1980s and the Soviet Union fell in 1991 a spiritual vacuum formed as massive numbers of people became interested in Christianity An unprecedented freedom allowed evangelicals to engage in missionary work Much has been written about foreign evangelical missionary work during this period but virtually nothing has been written about nationals doing ministry This book examines the remarkable surge in Ukrainian evangelical missionary work from 1989 to 1999 Both Baptists and Pentecostals engaged in a wave of missions flowing from Ukraine to the end of the earth Siberia What were these pioneering

missionaries like What motivated them What enabled them to do what had been forbidden for so long What legacy did they leave for us today What can we learn from their example for future missions This book also looks at how a surge in missions takes place analyzing the factors behind the Ukrainian evangelical missionary surge by looking at different models for change Here we consider what steps can we take to help bring about new missionary surges **Missions and Money** Jon Bonk, 2006 This revised edition of *Missions and Money* offers new reflections in the light of a changed situation in Christian missionary circles Bonk offers new reflections in the lights of a changed situation now marked by increases in the number of short term missionaries and increases in the numbers of Asians Africans and Latin Americans leaving their homelands to serve as missionaries to other people The conversation on the ambiguity of wealth and Christian missionary outreach is deepened with essays by Christopher J H Wright on the righteous rich in the Hebrew Bible and by Justo Gonzalez on faith and wealth in the Christian Bible and the early church Book jacket **The Story of Faith Missions** Klaus Fiedler, 1994

World Missions from the Home Base Joseph Ernest McAfee, 1911 **A Concise History of the Christian World Mission** Herbert J. Kane, 1978-08-01 This volume comprises an excellent introductory survey of Christian missions from A D 30 to the twentieth century *Encountering Missionary Life and Work (Encountering Mission)* Tom Steffen, Lois McKinney Douglas, 2008-06-01 This new volume in the award winning *Encountering Mission* series is for current and future missionaries It provides practical guidance regarding getting ready for the mission field and the realities of life on the field The authors are well qualified to write such a manual each having served as a missionary for more than twenty years and each having taught missions in seminary The authors begin by examining the contemporary context for missions including the recognition that the world's mission fields are in constant and often rapid change They then discuss aspects of preparing oneself for the mission field beginning with home front preparations and moving to on the field preparations The final section deals with practical issues and challenges of missionary life *Encountering Theology of Mission (Encountering Mission)* Craig Ott, Stephen J. Strauss, Timothy C. Tennent, 2010-05-01 This fresh comprehensive text fills a need for an up to date theology of mission It offers creative approaches to answering some of the most pressing questions in theology of mission and missionary practice today The authors who are leading mission experts discuss biblical theology of mission provide historical overviews of the development of various viewpoints and address theologically current issues in global mission from an evangelical perspective This readable yet thorough text integrates current views of the kingdom of God and holistic mission with traditional views of evangelism and church planting It also brings theology of mission into conversation with ecclesiology and eschatology Topics covered include contextualization the missionary vocation church and mission and theology of religions Sidebars and case studies enable readers to see how theology of mission touches real life mission practice Mission in the Way of Paul Christopher R. Little, 2005 What relevance does the Apostle Paul have for the mission of the church in the twenty first century By investigating his socioeconomic background examining his doxological

orientation in mission delineating how and why he shared resources in the first century and then relating all this to what has been called the contemporary International Partnership Movement this book demonstrates that when the church engages in cross cultural mission and ignores Pauline orthopraxy it places unnecessary obstacles in the path of the missio Dei Therefore Mission in the Way of Paul Biblical Mission for the Church in the Twenty First Century is pertinent for any course devoted to learning from and implementing biblical models of mission today

World Mission Robert A. Wright, 1991-12-02 Wright examines these churches historical connections with the outside world and their newly cultivated interest in international politics He argues that the clerical and missionary literate's vision of a new internationalism was burdened by essentially Victorian ideas of the inherent superiority of Protestant Christianity political democracy and Anglo Saxon race characteristics Tensions between its traditional world view and the new realities of international and inter racial relations eventually made this vision untenable According to Wright the Canadian churches of mainline Protestantism tried to find a middle ground They relaxed the link between conversion and westernization and came to accept the legitimacy of indigenous churches in Asia and Africa Although they ultimately stuck to their theme of Christian brotherhood and service they confronted the theological challenges of reconciling Christianity with other belief systems and the intellectual revolution in the West And although they paid ritual respect to the League of Nations and collective security and accepted war in 1939 as necessary they showed keen interest in disarmament While the ambivalence of this middle ground had some tragic consequences such as the incapacity of the Canadian Protestant leadership to lobby forcefully on behalf of either European Jewish refugees in the 1930s or Japanese Canadians interned during World War II there were

successes in humanitarian relief and educational work abroad The churches activities also helped shape the international role of the Christian community and their eventual acceptance of both ethnic diversity and the developing nations right to self determination laid much of the groundwork for Canada s post war approach to foreign aid and development **The Second Part of the Equation** Martin Sim,2022-11-22 Martin Sim is a devout Christian with a heartfelt desire to help others know the truth of Christ and the importance of His Word In an inspirational guide Sim explores the art of missional giving by returning to one of Christ s most powerful commandments the Great Commission While encouraging believers and church leaders that when we reengage with the dynamic Book of Acts model and bring the first 15 percent of our efforts and resources toward the war effort of the Commission that these actions will allow the church to once again find its joy purpose peace and calling By utilizing the simple first 15 model Sim reminds believers that it is well in their ability to change a world to see a kingdom and what they will receive if they follow Christ s mission and restore themselves to the needs of the poor and needy the lost and those without hope All when we go outside of ourselves The Second Part of the Equation shares stories and scripture that show a clear path and demonstrate viable reasons for the church its leaders and its followers to return to its original mission International Development from an Integrative Perspective James Butare-Kiyovu,2012
