The Oxford Book of the American South Edward L. Ayers, Bradley C. Mittendorf, 1997 The Oxford Book of the American South resonates with the words of black people and white women and men the powerless as well as the powerful The collection presents the most telling fiction and nonfiction produced in the South from the late eighteenth century to the present Renowned authors such as James Agee Richard Wright Maya Angelou Lee Smith Eudora Welty William Faulkner and Flannery O'Connor appear in these pages but so do people whose writing did not immediately reach a large audience For example Harriet A. Jacobs' book *Incidents in the Life of a Slave Girl* which is now recognized as one of the most illuminating narratives of a former slave was neglected for generations And Sarah Morgan's powerful *Civil War Diary* has only recently come to widespread attention The Oxford Book of the American South presents compelling autobiographies diaries memoirs and journalism as well as stories and selections from novels and runs the spectrum from the conservative to the radical the traditional to the innovative Editors Edward L. Ayers and Bradley C. Mittendorf have arranged these diverse readings so that they fit together into a rich mosaic of Southern life and history The sections of the book *The Old South* *The Civil War and Its Consequences* *Hard Times* and *The Turning* unfold a vivid record of life below the Mason-Dixon line We see the antebellum period both from the perspective of those who experienced it first hand such as Thomas Jefferson and former slaves Olaudah Equiano and Frederick Douglass and then from the perspective of authors looking back on that era including William Styron and Sherley Anne Williams Likewise we see the Civil War through the eyes of witnesses such as Sam Watkins through the eyes of later writers trying to make sense of the conflict such as Robert Penn Warren and through the eyes of those using the war's intense passions to fuel their fiction such as Margaret Mitchell and Barry Hannah The classic authors of the Southern Renaissance in the 1920s and 1930s appear here in the context of the hard times in which they wrote The years since World War II are chronicled in the powerful words of Martin Luther King Jr.'s *Letter from Birmingham Jail* George Garrett's *Good*

bye Good bye Be Always Kind and True and Peter Taylor s The Decline and Fall of the Episcopal Church in the Year of Our Lord 1952 The editors have selected these readings their Preface tells us to convey the passions that have surfaced time and again in more than two hundred years of Southern writing Indeed the struggles defeats and triumphs chronicled in The Oxford Book of the American South speak not just to the South but to all of the American experience They document and evoke some of the most dramatic episodes in the nation s life     Unsettling Urges and the Displacement of Home Morris Allen Grubbs,2001     **The Girl Sleuth** Bobbie Ann Mason,1995 The author of Feather Crowns examines the girl detective in her various guises including Cherry Ames Nancy Drew and Trixie Belden in a work first published in 1975 recalling a rural youth spent longing for mysteries Reprint UP     *The Culture and Commerce of the American Short Story* Andrew Levy,1993-09-24 The Culture and Commerce of the Short Story is a cultural and historical account of the birth and development of the American short story from the time of Poe It describes how America through political movements changes in education magazine editorial policy and the work of certain individuals built the short story as an image of itself and continues to use the genre as a locale within the realm of art where American political ideals can be rehearsed debated and turned into literary forms While the focus of this book is cultural individual authors such as Edgar Allan Poe and Edith Wharton are examined as representative of the phenomenon As part of its project this book also contains a history of creative writing and the workshop dating back a century Andrew Levy makes a strong case for the centrality of the short story as a form of art in American life and provides an explanation for the genre s resurgence and ongoing success     **Friendship and Sympathy: Communities of Southern Women Writers** Rosemary M. Magee,1992     Love Life Bobbie Ann Mason,1990-01-01     **Contemporary American Women Fiction Writers** Laurie Champion,Rhonda Austin,2002-11-30 American women writers have long been creating an extraordinarily diverse and vital body of fiction particularly in the decades since World War II Recent authors have benefited from the struggles of their predecessors who broke through barriers that denied women opportunities for self expression This reference highlights American women writers who continue to build upon the formerly male dominated canon Included are alphabetically arranged entries for more than 60 American women writers of diverse ethnicity who wrote or published their most significant fiction after World War II Each entry is written by an expert contributor and includes L DBLA brief biography L DBLA discussion of major works and themes DBLA survey of the writer s critical reception L DBLA bibliography of primary and secondary sources     Companion to Literature Abby H. to their new homeland In the two centuries that followed many of the world s finest writers both native Kentuckians and visitors have paid homage to the Bluegrass State with the written word In The Kentucky Anthology acclaimed author and literary historian Wade Hall has assembled an unprecedented and comprehensive compilation of writings pertaining to Kentucky and its land people and culture Hall s introductions to each author frame both popular and lesser known selections in a historical context He examines the major cultural and political developments in the history of the Commonwealth finding both parallels and marked distinctions between Kentucky and the rest of the United States While honoring the heritage of Kentucky in all its glory Hall does not blithely turn away from the state s most troubling episodes and institutions such as racism slavery and war Hall also builds the argument bolstered by the strength and significance of the collected writings that Kentucky s best writers compare favorably with the finest in the world Many of the authors presented here remain universally renowned and beloved while others have faded into the tides of time waiting for rediscovery Together they guide the reader on a literary tour of Kentucky from the mines to the rivers and from the deepest hollows to the highest peaks The Kentucky Anthology traces the interests and aspirations the achievements and failures and the comedies and tragedies that have filled the lives of generations of Kentuckians These diaries letters speeches essays poems and stories bring history brilliantly to life Jesse Stuart once wrote If these United States can be called a body Kentucky can be called its heart The Kentucky Anthology captures the rhythm and spirit of that heart in the words of its most remarkable chroniclers

**Night Riders** Christopher Waldrep, 1993 In the late nineteenth century industrialization was making its way into rural America In an agricultural region of Kentucky and Tennessee called the Black Patch for the dark tobacco grown there big business arrived with a vengeance eliminating competition manipulating prices and undermining local control The farmers fought back Night Riders tells the story of the struggle that followed and reveals the ambiguities and complexities of a drama that convulsed this community for over two decades Christopher Waldrep shows that contrary to many accounts these wealthy tobacco planters did not resist these new forces simply because of a nostalgia for a bygone time Instead many sought to become modern capitalists themselves but on their own terms The South s rural elite found their ability to hire and control black labor the established racial practice of the community threatened by the low prices offered by big companies for their raw materials In response farmers organized and demanded better prices for their tobacco The tobacco companies then attempted to divide the farmers by offering higher prices to those willing to break with the others When some cultivators succumbed their betrayal awakened a deeply rooted vigilante tradition that called for the protection of community at all costs Waldrep analyzes the spasm of violence that ensued in which horsemen riding at night destroyed tobacco barns and the warehouses where the companies stored their tobacco But despite this fierce upheaval the Black Patch community endured The most thorough treatment ever given to the Black Patch war Night Riders illuminates a moment in history in which the traditional and the modern the rural and the industrial fought for the future and past of a community

**The Southern**

**State of Mind** Jan Nordby Gretlund, 1999 Remarkably removed from the devotional certifying and celebratory view of the South that has dominated books of this genre *The Southern State of Mind* addresses the question of whether inherited Southern values problems and contradictions have survived the onslaught of modernization **BOOK JACKET** *The Real South* Scott Romine, 2008-06-01 In this stimulating study Scott Romine explores the impact of globalization on contemporary southern culture and the South's persistence in an age of media and what he terms cultural reproduction Rather than being compromised Romine asserts southern cultures are both complicated and reconfigured as they increasingly detach from tradition in its conventional sense In considering Souths that might appear fake the Souths of the theme restaurant commercial television and popular regional magazines for example Romine contends that authenticity and reality emerge as central concepts that allow groups and individuals to imagine and navigate social worlds Romine addresses a major critical problem authenticity in a fundamentally new manner Less concerned with what actually constitutes an authentic or real South than in how these concepts are used today *The Real South* explores a wide range of southern narratives that describe and travel through virtual simulated and commodified Souths Where earlier critics have tended to assume a real or authentic South Romine questions such assumptions and whether the authentic South ever truly existed From *Gone with the Wind* Civil War reenactments and a tennis community outside Atlanta called Tara to the work of Josephine Humphreys the travel narrative of V S Naipaul and the historical fiction of Lewis Nordan Romine examines how narratives and spaces are used to fashion social solidarity and cultural continuity in a time of fragmentation and change Far from deteriorating or disappearing in a global economy Romine shows the South continues to be reproduced and used by diverse groups engaged in diverse cultural projects **Edinburgh Companion to the Short Story in English** Paul Delaney, 2018-11-27 This collection explores the history and development of the anglophone short story since the beginning of the nineteenth century **Romantic Postmodernism in American Fiction** Eberhard Alsen, 1996 Intended for teachers and students of American Literature this book is the first comprehensive analysis of romantic tendencies in postmodernist American fiction The book challenges the opinion expressed in the *Columbia History of the American Novel* 1991 and propagated by many influential scholars that the mainstream of postmodernist fiction is represented by the disjunctive and nihilistic work of such writers as Kathy Acker Donald Barthelme and Robert Coover Professor Alsen disagrees He contends that this kind of fiction is not read and taught much outside an isolated but powerful circle in the academic community It is the two part thesis of Professor Alsen's book that the mainstream of postmodernist fiction consists of the widely read work of the Nobel Prize laureates Saul Bellow and Toni Morrison and other similar writers and that this mainstream fiction is essentially romantic To support his argument Professor Alsen analyzes representative novels by Saul Bellow J D Salinger Norman Mailer Flannery O'Connor John Updike Kurt Vonnegut Philip Roth Thomas Pynchon Toni Morrison the later John Barth Alice Walker William Kennedy and Paul Auster Professor Alsen demonstrates that the traits which distinguish the fiction of the romantic postmodernists from the

fiction of their disunctive and nihilist colleagues include a vision of life that is a form of philosophical idealism an organic view of art modes of storytelling that are reminiscent of the nineteenth century romance and such themes as the nature of sin or evil the negative effects of technology on the soul and the quest for transcendence
