masterwork of Dogen 1200-1253 founder of the Soto Zen Buddhist sect in Kamakura era Japan. It is one of the most important Zen Buddhist collections composed during a period of remarkable religious diversity and experimentation. The text is complex and compelling, famed for its eloquent yet perplexing manner of expressing the core precepts of Zen teachings and practice. This book is a comprehensive introduction to this essential Zen text, offering a textual, historical, literary, and philosophical examination of Dogen's treatise. Steven Heine explores the religious and cultural context in which the Treasury was composed and provides a detailed study of the various versions of the medieval text that have been compiled over the centuries. He includes nuanced readings of Dogen's use of inventive rhetorical flourishes and the range of East Asian Buddhist textual and cultural influences that shaped the work. Heine explicates the philosophical implications of Dogen's views on contemplative experience and attaining and sustaining enlightenment, showing the depth of his distinctive understanding of spiritual awakening. Readings of Dogen's Treasury of the True Dharma Eye will give students and other readers a full understanding of this fundamental work of world religious literature.

Zen and the Art of Insight Thomas Cleary, 1999-11-16
The Prajnaparamita perfection of wisdom sutras are one of the great legacies of Mahayana Buddhism, giving eloquent expression to some of that school's central concerns: the perception of shunyata, the essential emptiness of all phenomena, and the ideal of the bodhisattva, one who postpones his or her own enlightenment in order to work for the salvation of all beings. The Prajnaparamita literature consists of a number of texts composed in Buddhist India between 100 BCE and 100 CE. Originally written in Sanskrit but surviving today mostly in their Chinese versions, the texts are concerned with the experience of profound insight that cannot be conveyed by concepts or in intellectual terms. The material remains important today in Mahayana Buddhism, and Zen. Key selections from the Prajnaparamita literature are presented here along with Thomas Cleary's illuminating commentary as a means of demonstrating the intrinsic limitations of discursive thought and of pointing to the profound wisdom that lies beyond it. Included are selections from The Scripture on Perfect

Insight Awakening to Essence The Essentials of the Great Scripture on Perfect Insight Treatise on the Great Scripture on Perfect Insight The Scripture on Perfect Insight for Benevolent Rulers Key Teachings on the Great Scripture of Perfect Insight The Questions of Suvikrantavikramin **Dogen's Shobogenzo Zuimonki** Eihei Dogen, 2022-06-14 This text consists of Master Dogen's own words albeit through the filter of his Dharma successor Koun Ej who wrote down the spoken words of his teacher The title of the text Shobogenzo Zuimonki can be translated as True Dharma Eye Treasury Record of Things Heard It also distinct from Dogen's magnum opus called just Shobogenzo in that it consists of relatively straightforward and accessible teachings making more limited use of the allusion word play and metaphor that characterize the essays that comprise Shobogenzo Record of Things Heard can be read as a highly practical manual of Buddhist practice essentially a primer of Soto Zen Dogen's words express fundamental aspects of Buddhist practice in terms that are both concrete and straightforward in Japanese society in the thirteenth century Among the many topics covered Dogen especially emphasizes the following points seeing impermanence departing from the ego centered self being free from greed giving up self attachment following the guidance of a true teacher and the practice of zazen specifically shikantaza or just sitting Record of Things Heard is a bilingual edition with extensive notes which help to provide the reader with a new way of approaching the text As bonus material this edition also includes translations and commentary of Dogen's luminously evocative waka poetry formerly published under the title White Snow on Bright Leaves The book also includes a selection of Dogen's waka poetry with commentary **Japan in the Age of Globalization** Carin Holroyd, Ken Coates, 2012-06-12 The multiple and diverse forces of globalization have indeed affected Japan significantly over the past decades But so it must be said has Japan influenced a variety of critical global developments globalization is not a one way street particularly for a nation as economically influential and technologically advanced as Japan The chapters in this collection examine the impact of globalization on Japan and the impact of Japan on the forces of globalization from the various disciplinary perspectives of business the economy politics technology culture and society They also explain the manner in which the nation has responded to the economic and cultural liberalization that has been such a profound force for change around the globe This comprehensive collected works brings the latest research to bear on this important subject and provides evidence of the long history of global influences on Japan and Japanese impacts on the rest of the world This book will be of interest to students and scholars of globalization Japanese Studies and Asian Studies *The Awakening of the West* Stephen Batchelor, 2021-10-15 The Awakening of the West is an insightful and elegantly written history chronicling the developing relationship between Buddhism and Western culture As anyone familiar with the work of Stephen Batchelor best selling author of Buddhism Without Beliefs would expect The Awakening of the West is presented in a fresh and lively way and backed by thorough research Using the innovative approach of starting with the present and working back in time Batchelor makes it easy to connect familiar contemporary Buddhist teachers to their historical roots He breathes life into history by capturing the personalities and times of famous
