

MEMOIRS OF A WORLD WAR II U-BOAT OFFICER

Shooting the War

Otto Giese and Capt. James E. Wise, Jr., USA (Ret.)

Shooting The War Memoirs Of A World War Ii U Boat Officer

Otto Giese

Shooting The War Memoirs Of A World War II U Boat Officer:

Shooting the War Otto Giese, 1994 The war diary of former German naval officer Otto Giese recounts a seafaring career of extraordinary scope It begins with the dawning of World War II while the author is a junior officer on board the ocean liner SS Columbus and continues through his confinement in a British prisoner of war camp after the war Readers will be moved by the author's ability to put a human face on the German experience of the war The book contains more than 100 Leica quality photographs an exceptional assortment taken by Giese throughout his wartime service that offers a unique historical overview Also included are vivid accounts of the scuttling of the Columbus furtive blockade running and the arduous life of the men who served in Germany's fleet of gray wolves as they prowled the polar sea and other remote corners of the world Even with Germany's surrender the war was far from over for Giese and his comrades who remained deep in the Malayan jungle until captured by the British and imprisoned in the infamous Changi Jail Interspersed among tales of hardship and loss are colorful anecdotes that relay joy and camaraderie Whether it be plots to escape detention at Angel Island the unlikely processing of German seamen at Ellis Island or a stint policing guerrilla warfare in the Malayan jungle the author greets the incongruous moments of war and life with equanimity At the same time his memoirs offer an unwavering assessment of the dictates of duty

Shooting the War Otto Giese, James E. Wise, 1994 A war diary of a former German naval officer which encompasses a seafaring career of unusual breadth It begins with the dawning of World War II with the author a junior officer on board the ocean liner SS Columbus and continues to his confinement by the British in Changi Gaol after the war

The Allies Strike Back, 1941-1943 James Holland, 2020-02-26 Volume two in this expert anecdote filled thoroughly entertaining history of WWII follows The Rise of Germany as the Allied forces turn the tides Kirkus James Holland's The Rise of Germany the first volume in his War in the West trilogy was widely praised for his impeccable research and lively narrative Covering the dawn of World War II it ended at a point when the Nazi war machine appeared to be unstoppable Germany had taken Poland and France with shocking speed London was bombed and U boats harried shipping on the Atlantic But Germany hadn't actually won the Battle of Britain or the Battle of the Atlantic It was not producing airplanes or submarines fast enough And what looked like victory in Greece and Crete had expended crucial resources in short supply The Allies Strike Back continues the narrative as Germany's invasion of Russia unfolds in the east while in the west the Americans formally enter the war In North Africa following major setbacks at the hands of Rommel the Allies storm to victory Meanwhile the bombing of Germany escalates aiming to not only destroy the its military industrial and economic system but also relentlessly crush civilian morale Comprehensive and impeccably researched Holland brings a fresh eye to the ebb and flow of the conflict in this majestic saga of 20th century history Literary Review UK *Germany's Last Mission to Japan* Joseph M Scalia, 2009-03-01 When U 234 slipped out of a Norwegian harbor in March 1945 destined for Japan it was loaded with some of the most technically advanced weaponry and electronic detection devices of the era along with a select group of

officials En route word came that Germany had surrendered and the boat's commander suddenly found himself with a rogue submarine a precious assortment of cargo and two Japanese naval officers still at war This dramatic account of the voyage offers an intriguing look at the individuals involved One of these individuals was Luftwaffe General Ulrich Kessler who was a member of Von Stauffenberg's Valkyrie conspiracy to assassinate Hitler Kessler was aboard U 234 to escape the wrath of Hitler because he had been tabbed by Von Stauffenberg to replace Hermann Goering as the commander of the Luftwaffe Scalia draws on U S Navy interrogation records European and Japanese archives and interviews with former U 234 crew members and other principals to develop a full portrait of the group He also evaluates the technology of the armament on board which included 560 kg of uranium oxide whose presence continues to provoke questions about a Nazi plan to build an atom bomb in Japan

Sailors' Journey Into War Robert A. Maher, James E. Wise, 1998 In 1943 the navy destroyer USS Borie and a German U boat were engaged in a fierce battle north of the Azores Islands This personal account from a crew member of the Borie follows the action as well as illustrating the determination and courage shown by servicemen during the war as a whole

Wolf Jordan Vause, 2017-02-15 Cultivated by the Allied press during the war and fostered by movies and novels ever since the image of a U boat skipper held by most Americans is the personification of evil the wolf who stalks innocents Quite the opposite image is shared by U boat veterans and others sympathetic to their work the knight who endures unrivaled danger and fights nobly Yet another popular image depicts the submarine operator as a beleaguered sailor swept along by events beyond his control This book examines the lives of many U Bootwaffe officers including the famous and the not so well known to see if a pattern emerges Drawing on a wealth of primary documents and when possible interviews or correspondence with the U boat commanders themselves Jordan Vause follows individual officers from their youths and early naval training through their wartime experiences and into the often bitter peace that followed His close examination of their lives reveals that many were extremely different from the pictures typically drawn of them and as varied in their thoughts and actions as other fighting men on both sides of the war Particularly valuable is the author's use of new information in his portrayal of Karl Doenitz and other prominent commanders to correct and enhance pictures presented in earlier books His use of personal correspondence and unpublished manuscripts loaned to him in Germany adds special significance to this study and its appeal to all those interested in World War II submarines and the U Bootwaffe

U-boat Operations of the Second World War: Career histories, U1-U510 Kenneth G. Wynn, 1997 The first of two volumes covering the career histories of all of the U boats which saw action in World War II The histories of some 1200 vessels are covered and each entry aims to be easily accessible Every aspect of a boat's activities are covered from laying the keel to its ultimate fate Each entry gives locations and dates of units and any boats served with commanders number of patrols undertaken ships sunk along with names of vessels and locations incidents of note re fuelling by U tankers and supply ships attacks on shipping survivors picked up and finally the ultimate fate Appendices allow cross referencing and contain such material as

Deutsches Feldpost Numbers *The Rise of Germany, 1939–1941* James Holland, 2015-10-14 An account of the early years of World War II based on extensive new research A genuinely fresh approach exceptional The Wall Street Journal James Holland one of the leading young historians of World War II has spent over a decade conducting new research interviewing survivors and exploring archives that have never before been so accessible to unearth forgotten memoirs letters and official records In *The Rise of Germany 1938 1941* Holland draws on this research to reconsider the strategy tactics and economic political and social aspects of the war *The Rise of Germany* is a masterful book that redefines our understanding of the opening years of World War II Beginning with the lead up to the outbreak of war in 1939 and ending in the middle of 1941 on the eve of Operation Barbarossa the Nazi invasion of Russia this book is a landmark history of the war on land in the air and at sea Magnificent Andrew Roberts New York Times bestselling author of *The Storm of War*

U-boat Operations of the Second World War: Career Histories, U511-UIT25 Kenneth G. Wynn, 1997 *Anti-Submarine Warfare* David Owen, 2007-11-15 A deep dive into the tactics and technology used to defend against submarines from the opening of the First World War through World War II and beyond The submarine was undoubtedly the most potent purely naval weapon of the twentieth century In two world wars enemy underwater campaigns were very nearly successful in thwarting Allied hopes of victory indeed annihilation of Japanese shipping by US Navy submarines is an indicator of what might have been That the submarine was usually defeated is a hugely important story in naval history yet this is the first book to treat the subject as a whole in a readable and accessible manner It concerns individual heroism and devotion to duty but also ingenuity technical advances and originality of tactical thought What developed was an endless battle between forces above and below the surface where a successful innovation by one side eventually produces a countermeasure by the other in a lethal struggle for supremacy Development was not a straight line wrong ideas and assumptions led to defeat and disaster Iconography with dozens of photographs and often large format diagrams a vast bibliography and a complete and documented general approach make this volume a work of great quality and of great interest for all enthusiasts and scholars of this very interesting subject *Storia Militare* The modeller will not only find the text engaging but there is a superb collection of photographs and illustrations which of course include submarines corvettes and destroyers Subjects which the modeller increasingly appreciates Highly recommended Model Boats

Neither Sharks Nor Wolves Timothy P Mulligan, 2011-08-15 Although countless books have been written about the U boat war in the Atlantic precious few facts have come to light about the men who served in the submarines that wrought such havoc on Allied ships Eager to get beyond the stereotypes perpetuated in movies and novels and find out who these elusive sailors really were archivist Timothy Mulligan started searching official records Eventually he went straight to the source conducting a survey of more than a thousand U boat officers and enlisted men and interviewing a number of them personally The result is this character study of the German submarine force that challenges traditional and revisionist views of the service Mulligan found striking

similarities in the men's geographic and social origins education and previous occupations particularly within the specialized engineering and radio branches of the submarine force The information he gathered establishes quantifiable patterns in age length of service and experience as well as the organization's overall recruitment policies and training standards The numbers and losses of U boat personnel are also fully examined Beyond these objective characteristics this study lists such subjective factors as morale treatment of enemy ship survivors and the relationship of the submariners to the Nazi regime and it confirms a serious crisis in morale in late 1943 The roles played by the head of the U boat arm Grand Admiral Karl Donitz and its organizational chief Admiral Hans Georg von Friedeburg are thoroughly addressed Mulligan concludes that the U boat arm quickly evolved from a handpicked elite to a more representative sample of the German navy at large but continued to be treated as an elite force The only comprehensive investigation yet published this book also draws on POW interrogations of U boat survivors and documentation of Kriegsmarine personnel policy obtained from German archives

Proceedings of the United States Naval Institute United States Naval Institute,1921

Crash Dive Larry

Bond,2011-03-29 They are the ultimate unseen deterrent in modern warfare Thousands of tons of steel missiles torpedoes and men lurking silently hundreds of feet underwater able to lie off any coastline and unleash a devastating hail of destruction with pinpoint accuracy They are the true masters of the oceans striking swift and unseen before slipping away ready to do it all over again at a moment's notice Submarines and their crews have long held a revered place in the military with a special place of honor reserved for those men who willingly seal themselves in what could amount to a nuclear powered coffin for months on end Although the submarine is a relatively recent development in the field of warfare many of the men who live and fight in these steel fish have already become legends Edited by bestselling author Larry Bond **Crash Dive** collects the best nonfiction writing about these near silent killers of the deep and their crews From the tough **Gato** class boats that harassed the Japanese Navy during World War II to the cat and mouse games played by U S and Soviet submarines during the Cold War **Crash Dive** will take you inside the deep and deadly world of the military submarine **Air**

Martini,2005 Submariners are a tight knit group of men bound together by training and experience and with a language all their own That language is perhaps a little vulgar but never intentionally demeaning and a little irreverent but still worldly This work is an attempt to preserve and explain some of these curious guys who so proudly wear a shiny metal pin that looks like a strange pair of fish on their left breast This process of accumulating this new language begins in Boot Camp and is added to with every change of duty station the sailor undergoes It is heard aboard the boats and unknowingly by family members who can't understand terms like head deck and overhead and who think SOS is a distress signal **The Secret**

History of World War II Neil Kagan,Stephen Garrison Hyslop,2016 From spy missions to code breaking this richly

illustrated account of the covert operations of World War II takes readers behind the battle lines and deep into the undercover war effort that changed the course of history From the authors who created Eyewitness to World War II and numerous other best selling illustrated reference books this is the shocking story behind the covert activity that shaped the outcome of one of the world s greatest conflicts and the destiny of millions of people National Geographic s landmark book illuminates World War II as never before by taking you inside the secret lives of spies and spy masters secret agents and secret armies Enigma machines and code breakers psychological warfare and black propaganda secret weapons and secret battle strategies Seven heavily illustrated narrative chapters reveal the truth behind the lies and deception that shaped the secret war eight essays showcase hundreds of rare photos and artifacts many never before seen more than 50 specially created sidebars tell the stories of spies and secret operations Renowned historian and top selling author Stephen Hyslop reveals this little known side of the war in captivating detail weaving in extraordinary eyewitness accounts and information only recently declassified Rare photographs artifacts and illuminating graphics enrich this absorbing reference book

Shooting The War Memoirs Of A World War Ii U Boat Officer Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Shooting The War Memoirs Of A World War Ii U Boat Officer PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making

research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Shooting The War Memoirs Of A World War Ii U Boat Officer PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Shooting The War Memoirs Of A World War Ii U Boat Officer free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Shooting The War Memoirs Of A World War Ii U Boat Officer Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Shooting The War Memoirs Of A World War Ii U Boat Officer is one of the best book in our library for free trial. We provide copy of Shooting The War Memoirs Of A World War Ii U Boat Officer in digital format, so the resources that you find are reliable. There are also many

Ebooks of related with Shooting The War Memoirs Of A World War Ii U Boat Officer. Where to download Shooting The War Memoirs Of A World War Ii U Boat Officer online for free? Are you looking for Shooting The War Memoirs Of A World War Ii U Boat Officer PDF? This is definitely going to save you time and cash in something you should think about.
