Darwin's Bastards Zsuzsi Gartner,2010-05-01 These 23 stories take us on a twisted

fun ride into some future times and parallel universes where characters as diverse as a one legged International Actuarial Forensics specialist a pharmaceutical guinea pig and a far sighted fetus engage in their own games of the survival of the fittest From a new short story by William Gibson in which a teen disassociated from his body haunts his neighborhood through the decades to Douglas Coupland s balls out satire of a slightly futuristic Survivor to Sheila Heti s meditative romp about beleaguered physicists and Oracle of Delphi like Blackberrys Darwin s Bastards is a fast moving thought provoking reading extravaganza

Lovers and Warriors Phyllis Chesler,1924-12-01 **London** Walter Besant,1900 **The Sacred Band** James Romm,2022-06-21 From classicist James Romm comes a striking fascinating Booklist deep dive into the last decades of ancient Greek freedom leading up to Alexander the Great s destruction of Thebes and the saga of the greatest military corps of the time the Theban Sacred Band a unit composed of 150 pairs of male lovers The story of the Sacred Band an elite 300 man corps recruited from pairs of lovers highlights a chaotic era of ancient Greek history four decades marked by battles ideological disputes and the rise of vicious strongmen At stake was freedom democracy and the fate of Thebes at this time the leading power of the Greek world The tale begins in 379 BC with a group of Theban patriots sneaking into occupied Thebes Disguised in women s clothing they cut down the agents of Sparta the state that had cowed much of Greece with its military might To counter the Spartans this group of patriots would form the Sacred Band a corps whose history plays out against a backdrop of Theban democracy of desperate power struggles between leading city states and the new prominence of eros sexual love in Greek public life After four decades without a defeat the Sacred Band was annihilated by the forces of Philip II of Macedon and his son Alexander in the Battle of Chaeronea extinguishing Greek liberty for two thousand years Buried on the battlefield where they fell they were rediscovered in 1880 some skeletons still in pairs with arms linked together From violent combat in city streets to massive clashes on open ground from ruthless tyrants to bold women who held their era in thrall The Sacred Band recounts in fluent accessible prose The Wall Street Journal the twists and turns of a crucial historical moment the end of the treasured freedom of ancient Greece *Sub Specie Aeternitatis* Nikolay Alexandrovich Berdyaev,2021-12-20 Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com/2023/01/book-inventory-vladimir-djambov-talmach.html> The philosophical foundation and defense of religion and mysticism is an important task of our era and in defending this we must be not apologists but free researchers and seekers My experiences of philosophical journalism attempts to consider the temporary sub specie aeternitatis a feasible contribution to the philosophical defense of religious cultural and religious social ideas We are accused that in such a hot and difficult time we are busy with eternity we are interested in God but this is the strangest and most unacceptable of all objections Say that there is no eternity and there is no God this is understandable and this will be an objection in essence But let the reality of God for one second and you will have to admit that at all times you should think about Him and look for ways

to unite with Him and especially at the moment of storm earthquake and fire Long live Reason and may common sense the kingdom of darkness the kingdom of sober rational madness be hidden The concept of personality human individuality is unthinkable without freedom as an internal definition of its nature The creative acts of the individual are free but it the individual is bound by the creative acts of other personalities and by her belonging to the world whole therefore at every step the personality is faced with necessity which takes the forms of oppression and enslavement 93 Therefore the inner spiritual freedom of the human person can and should be opposed to imposed necessity oppression enslavement that is external lack of freedom Fighting for freedom for himself and for others an internally free person realizes his destiny in the world puts his creative stamp on it defends his right to be determined only by his freedom his inner creative power which collides with a bound and imposed world And that unfree object which the positivists call man cannot oppose itself to anything to any external oppression to any lack of freedom it is not able to introduce any creative and opposing principle into this bound slave world Only a free man a spiritual being whose roots lie in the bottomless depths of being can strive for ultimate freedom in a position to fight for it while an unfree piece of nature would remain in slavery until the end of time And we are now inspired by an undefined social and state system historically limited and in reality bourgeois but by the inalienable rights of the individual which constitute absolute superclass and supra historical benefits

Love and the Fighting Female Allison P. Palumbo, 2020-08-06 The fighting female archetype a self reliant woman of great physical prowess has become increasingly common in action films and on television However the progressive female identities of these narratives cannot always resist the persistent and problematic framing of male female relationships as a battle of the sexes or other source of antagonism Combining cultural analysis with close readings of key popular American film and television texts since the 1980s this study argues that certain fighting female themes question regressive conventions in male female relationships Those themes reveal potentially progressive ideologies regarding female agency in mass culture that reassure audiences of the desirability of empowered women while also imagining egalitarian intimacies that further empower women Overall the fighting female narratives addressed here afford contradictory viewing pleasures that reveal both new expectations for and remaining anxieties about the strong independent woman ideal that emerged in American popular culture post feminism
