Loving Attitudes:

Seven Attitude Adjustments for Finding a Loving Man Audrey B. Chapman, 2001-07 Straight talking relationship guru and radio host Chapman promises to erase fear among black single women by outlining her relationship tested step by step program for adjusting the negative thinking that might be keeping love at bay The Heart and its Attitudes Stephen Darwall, 2024-04-30 Philosophers don't often write about the heart At least analytical philosophers don't Why is this Philosophers are said to live life in their heads rather than from their hearts But even if that is so why don't they think and write about the heart Moreover it can hardly have escaped philosophers attention that matters of the heart are central to what we human beings value most about our lives including our lives with animals Philosophers write a lot about friendship and love but they tend to do so in terms that leave out heartfelt connection They speak rather of commitment to one another and each other's well being or taking each other as ends or sharing deliberative standpoints or living life together or a whole host of other topics and much less about mutual emotional vulnerability and sharing and being in one another's hearts Surely one explanation of philosophers reticence is that talk of the heart seems unavoidably metaphorical It turns out to be easy enough however to cash the metaphor in if we simply take heart refers to a cluster of emotional susceptibilities that have an essentially reciprocating structure The heart aims at heartfelt connection at shared experience of joys and sorrows hopes and fears and other personal emotions We seek naturally to share these feelings with others and must suppress our natural tendencies if we wish to avoid doing so Our heart's wish is to be open to other hearts in the hope that they will be open to ours and thereby us in return This book is a systematic treatment perhaps the first of attitudes of the heart remorse versus guilt love trust gratitude personal anger versus righteous anger jealousy and others and their role in mediating personal relationship attachment and connection This is obviously interesting in its own right but it also shows how heartfelt attitudes mirror more extensively studied reactive attitudes of guilt resentment and blame attitudes of the will Whereas the latter mediate moral relations of mutual respect and accountability attitudes of the heart are the currency of heartfelt connection and personal relationship *The Assemblies of God* Margaret M. Poloma, John C. Green, 2010-11-23 The Assemblies of God AG is the ninth largest American and the world's largest Pentecostal denomination with over 50 million followers worldwide The AG embraces a worldview of miracles and mystery that makes supernatural experiences such as speaking in tongues healing and prophecy normal for Christian believers Ever since it first organized in 1916 however the charismata or gifts of the Holy Spirit have felt tension from institutional forces Over the decades vital charismatic experiences have been increasingly tamed by rituals doctrine and denominational structure Yet the path towards institutionalization has not been clear cut New revivals and direct personal experience of God the hallmarks of Pentecostalism continue as an important part of the AG tradition particularly in the growing number of ethnic congregations in the United States The Assemblies of God draws on fresh up to date research including quantitative surveys and interviews from twenty two diverse Assemblies of God

congregations to offer a new sociological portrait of the AG for the new millennium The authors suggest that there is indeed a potential revitalization of the movement in the works within the context of the larger global Pentecostal upswing and that this revitalization may be spurred by what the authors call godly love the dynamic interaction between divine and human love that enlivens and expands benevolence The volume provides a wealth of data about how the second largest American Pentecostal denomination sees itself today and suggests trends to illuminate where it is headed in the future

The laws of Human nature Unity of Universal love ,2023-12-22 Introduction A life of Healing a life of Health A life worth living is a life of Wealth I have practiced over 25 years as a chiropractor and I have learned that most people come to me to treat their pain I m sure that most doctors and therapists have the same experience people want to receive a treatment that will cure their illness As I treat my patients I m also analyzing how their problem was created I m looking at various factors like diet lack of exercise injurious repetitive movements or anything else that could provoke the problem I m trying to get the patient to take responsibility for their problem and help me with their treatment It appears that I m treating their physical illness but over the years I have come to a new realization that a person s emotional mental and spiritual side can also affect their health The reality of the situation is that we can t separate an illness into a physical emotional mental or spiritual ailment because everything works together I now understand that attitudes play an essential role in our health and wellbeing Attitudes have characteristics that are physical emotional mental and spiritual In psychology attitudes are labeled as behavioral physical affective emotional and cognitive mental In this book attitudes have a spiritual side as well attitudes will have a positive spiritual value or a negative spiritual value Attitudes that bring people together and unite them has an energy with a positive spiritual value and attitudes that are divisive and cause separation has a negative value If we have attitudes with a negative spiritual energy then they will cause illness physical illness mental illness and emotional illness We need to adopt attitudes with a positive spiritual energy if we want to stay healthy and grow spiritually Spiritual growth is there for all of us but we have to make the effort no one can make us grow spiritually Looking for someone to cure our ills is a short term proposition the long term cure is when we discover what is causing us harm and create a healthy lifestyle The 7 Laws of Human Nature is a scientific philosophical study into the human consciousness the 7 chakras and the human aura We use theories to make sense about what we are observing in life to explain ideas and interpret facts The 1st chapter is the Theory of the Oneness of Universal Love which will present 7 hypotheses These hypotheses will present facts and suppositions of facts which will be followed up by a theory This is all happening on four energy levels physical emotional mental and spiritual Life on Earth has to have a reason our lives aren t an accident and this book presents a logical theory on

the how and why of life This is a book on love and how love works in our lives With Love and Devotion to All *The Foundations of Flourishing and Our Responsibility to Infants* Gillian Joiner, 2023-11-25 Neuroscientific evidence reveals that childcare centres are high stress environments which can disrupt the brain's emotional developmental circuitry during critical phases impacting a child's later ability to flourish At the same time evidence also reveals that some parenting practices are sub optimal Exploring what it is infants really need to grow emotionally well represents a largely unexplored issue If the state wants to be populated by flourishing individuals then this topic must be addressed Using an ethical framework to tease out the wide ranging complex and sometimes controversial issues that this dilemma presents *The Foundations of Flourishing and Our Responsibility to Infants* follows a cross disciplinary journey The author pieces together pertinent issues in a synthesised critique of political feminist and moral philosophy as well as psychological and neuroscientific findings and offers some possible solutions It will be of interest to researchers and teachers in areas including philosophy psychology education social care as well as educators and policy makers in early childhood development

Learning to Love Sue M. Holdsworth, 2024-08-23 Many churches actively seek to welcome migrants through various church based activities such as language lessons cooking or gardening clubs These and similar activities often aim to be missional or evangelistic seeking to communicate the love of God and neighbor The author explores how the love of God and neighbor can be expressed effectively through the implementation of pastoral care principles and practices These include expressing love through empathy hospitality group prayer and spiritual formation When the functions of pastoral care are evident mission and evangelism occur naturally and at the appropriate time This book is the result of the author's PhD study of four church based intercultural initiatives aimed at welcoming migrants Two churches offering English conversation classes a sewing club and employment training classes were observed Volunteers and pastoral staff were interviewed and church documents were examined This empirical research demonstrates that when volunteers are trained in principles and practices of pastoral care when church systems and supervision support them in their tasks and when group planning and reflection occur the love of God and neighbor will be effectively expressed to migrants attending these initiatives

Unconditional Love: Samuel Wong, 2019-01-03 Imagine an old man shifting through a pile of 260 letters that his American parents wrote him over a 30 year period re immersing in the love unconditionally and liberally showered on him and his family through the years and listening to their silent yet animated voices from the past you have the rationale for this collection of letters in your hands Samuel Wong is that old man age 79 at the time of this writing and he wants the world to know his American parents Murray and Dorothy Leiffer the embodiment of unconditional love Who were they How did they become his American parents What did they do for him and his family What did they care about These and other aspects of the lives of an extraordinary couple are shared through their own words As you read them you will be inspired by their testimony to grace and fidelity and be reminded of that which is true and honorable civil and decent Letter writing has
