Eugene Steuerle, 2010-12-01 Income from capital receives uneven treatment in both the tax system and the loan markets This affects almost every investment decision made by the individuals business and government and causes major disruptions in the economy In this book C Eugene Steuerle shows how the misallocation of capital results from the interaction of tax laws the operation of the market for loanable funds and inflation He first analyzes the taxation of capital income focusing on the distortions caused by tax arbitrage and on inflation induced discriminations among both taxpayer and borrowers The author then applies this analysis to several related issues He concludes with a reform agenda that calls for the adoption of a broader based flatter rate income tax **Revising the Corporate Income Tax** Robert Lucke, 1985 *The Impact on Individuals and Families of Replacing the Federal Income Tax* United States.
