Loyalty Link How Loyal Employees Create Loyal Customers:

The Loyalty Link Dennis G. McCarthy, 1997-04-25 The loyalty link is a must read for any marketer who wants to understand the power of customer enthusiasm Don Hudler President Saturn Corporation In an age of consumerism downsizing and frequent layoffs it may seem that loyalty in the marketplace has fallen victim to the fast buck and the quick fix In The Loyalty Link however Dennis McCarthy reveals that loyalty between a business and its customers between employer and employee is a major competitive advantage Businesses that develop loyalty links to their employees will consistently retain loyal customers and gain a competitive edge McCarthy gives business owners managers and executives the ideas and tools to forge the crucial link between loyalty and profitability The Loyalty Link helps you strengthen the bonds of loyalty with your employees and customers alike You ll discover that the interactions between employees and customers that foster loyalty are neither random events nor the product of well rehearsed and closely supervised employee behavior They result from an overall approach that encourages and rewards discretionary effort and supports employee efforts with thorough training adequate compensation and a sense of appreciation In this eye opening book you ll discover Why satisfied customers are ripe for the picking by your competitors What it takes to exceed your customers expectations and establish a loyalty link How to create a working environment in which employees go out of their way to exceed customer expectations Training methods that inspire loyalty rather than resentment Techniques for getting customers involved in your business Whether you re a small business owner a department manager or an executive in a large corporation The Loyalty Link shows you how to make your business more customer friendly more hospitable to your employees and more profitable for yourself and your investors

Researching Customer Satisfaction & Loyalty Paul Szwarc, 2005 It examines how to research customer satisfaction from both a client and a supplier perspective and how to get the best results from that research

Loyalty Myths Timothy L. Keiningham, Terry G. Vavra, Lerzan Aksoy, Henri Wallard, 2005-10-10 In Loyalty Myths the authors have assembled 53 of the most common beliefs about customer loyalty all of them wrong or misconceived Each of the beliefs in this book is debunked with real world examples While other books speak in platitudes this book is the only one to validate each proposition with real data Granted unprecedented access to customer records from a variety of multi national corporations Through these records Ipsos Loyalty was able to precisely track the impact of this customer centric construct on actual purchasing behavior The authors findings and conclusions will stun business leaders around the world The lessons learned from these provide a true guide for the proper use of customer loyalty

Customer Relationship Management Francis Buttle, 2004-02-18 Customer Relationship Management Concepts and Tools is a breakthrough book that makes transparent the complexities of customer relationship management The book views customer relationship management as the core business strategy that integrates internal processes and functions and external networks to create and deliver value to targeted customers at a profit Customer relationship management is grounded on high quality customer data and enabled

by information technology The book is a comprehensive and fully developed textbook on customer relationship management Although it shows the roles of customer data and information technology in enabling customer relationship management implementation it does not accept that customer relationship management is just about IT Rather it is about an IT and data enabled approach to customer acquisition customer retention and customer development Because customer relationship management is a core business strategy the book demonstrates how it has influence across the entire business in areas such as strategic marketing operations human resource and IT management Customer relationship management s influence also extends beyond the company to touch on partner and supplier relationships An Instructor s PowerPoint pack is available to lecturers who adopt the book Accredited lecturers can download this by going to <http://books.elsevier.com/manuals/isbn/075065502X> to request access

Relationship Marketing Thorsten Hennig-Thurau, Ursula Hansen, 2013-06-29 The concept of marketing and managing relationships with customers and other interest groups is at the core of marketing today In the academic world the topic is covered in special issues released by numerous journals e g Journal of the Academy of Marketing Science Journal of Strategic Marketing Psychology Marketing and conferences and conference sessions regularly discuss the advantages of the approach But relationship marketing is not limited to theory On the contrary no service firm or business to business company can now do without some form of long term orientation and all have implemented at least some elements of the relationship marketing concept Even in the consumer goods sector there are a growing number of cases where the traditional orientation towards brand equity is being complemented by a relational focus As Berry has mentioned relationship marketing is a new old concept Several important aspects of relationship marketing were already being discussed in the marketing literature This applies both to central constructs such as customer satisfaction and to single elements such as the management of complaints and after sales services Although they do not involve explicit mention of the term relationship VI Preface marketing a long term orientation can be found in the network approach of industrial marketing closely related to the work of the IMP Group in the work of Gronroos Gummesson and their colleagues at the Nordic School of Services Marketing and last but not least in the concept of customer focused marketing

The Lifebelt John A. Murphy, 2001-08-08 In a world where there is increasing choice for just about every kind of product and service winning and holding the best customers is key to the success of any business Customer Relationship Management or CRM is a concept that senior managers in any kind of business ignore at their peril At its heart is the successful management of customer retention by being customer focused as an organization The concept is not rocket science but its implementation is more of a challenge It involves a fundamental change within the organization In this book John Murphy introduces The Lifebelt quite literally an aid to keeping afloat in this pressured environment The Lifebelt is a framework that offers a practical way forward to integrating and mobilizing the entire organization toward a holistic CRM programme The proprietary framework features six key factors identified as being essential for consistent delivery of service customer focus processes employee involvement training

measurement and continuous improvement John Murphy outlines how each of the factors should be owned by an appropriate member of the top management team When this framework is systematically and effectively implemented and managed it will considerably enhance the customer retention capacity of the company The logic of the framework applies to virtually all industries internationally Managers and marketers across the board will find this book one of the most practical guides to retaining customers published to date

The Paradigm Shift from a Linear Economy to a Smart Circular Economy

Mansoor Alaali, Abdalmuttaleb M. A. Musleh Al-Sartawi, Arafat Salih Aydiner, 2025-07-28 The concept of the circular economy has attracted the attention of scholars researchers professionals and policymakers in recent years The notion is characterised as an economy that intends to keep products stocks work in progress and materials at their highest utility and value continually distinguishing between their technical and biological cycles It is devised as a continuous positive development cycle that reserves and improves natural resources optimizes outputs and minimizes supply chain related risks by overseeing limited stocks and renewable flows of the stocks Several legislations and policies are being developed to motivate and integrate SDGs and net zero related approaches in companies among which the circular economy CE is gaining momentum due to its documented impact on the elements of the SDGs and net zero Efficient management of resources and utility via artificial intelligence is vital towards a smart circular economy by minimising waste losses pollution and extraction of virgin resources It is important to note that there is a difference between smart and traditional circular economies This book focuses on the former and makes distinctions in terms of how technology systems and solutions can be effectively and efficiently implemented This book The Paradigm Shift from a Linear Economy to a Smart Circular Economy The Role of Artificial Intelligence Enabled Systems Solutions and Legislations discusses the transition from linear to smart circular economy by dissecting the role of artificial intelligence and other technologies such as big data IoT and blockchain in such transformations The book further aims to provide a platform for researchers professionals and students to closely investigate discuss and examine the theories philosophies ontologies and the role of governments policymakers and businesses in supporting the transition to a smart economy via national initiatives fiscal policies and corporate governance The book highlights the need for collaborative efforts between various actors including the private and public sectors through cross disciplinary approaches to attain maintain and sustain a smart circular economy

It's About Excellence David W. Gill, 2011-08-01 It's About Excellence Building Ethically Healthy Organizations For too many businesses and their leaders today business ethics is just

about staying out of jail Litigation indictment and penal system avoidance is not just the first but the only reason they think ethics is important It s about damage control It s not by accident that these damage control ethics programs are generally under the guidance of legal and compliance departments Of course companies need a damage control crisis management trouble shooting component in their ethics and management toolbox But if that s all there is something of critical business value is missing It s About Excellence tells the larger story Ethics is about identifying and pursuing excellence and business achievement It s about getting clear on an inspiring corporate mission and vision building a value embedded culture and pursuing principle guided practices Ethics is not a patch and repair add on here it s something woven through the whole organization created and owned by the whole workforce
