Before the Dawn: A Story of the Fall of Richmond Joseph Alexander Altsheler,2020-09-28 A tall well favoured youth coming from the farther South boarded the train for Richmond one raw gusty morning He carried his left arm stiffly his face was thin and brown and his dingy uniform had holes in it some made by bullets but his air and manner were happy as if escaped from danger and hardships he rode on his way to pleasure and ease He sat for a time gazing out of the window at the gray wintry landscape that fled past and then having a youthful zest for new things looked at those who traveled with him in the car The company seemed to him on the whole to lack novelty and interest being composed of farmers going to the capital of the Confederacy to sell food wounded soldiers like himself bound for the same place in search of cure and one woman who sat in a corner alone neither speaking nor spoken to her whole aspect repelling any rash advance Prescott always had a keen eye for woman and beauty and owing to his long absence in armies where both these desirable objects were scarce his vision had become acute but he judged that this lone type of her sex had no special charm Tall she certainly was and her figure might be good but no one with a fair face and taste would dress as plainly as she nor wrap herself so completely in a long brown cloak that he could not even tell the colour of her eyes Beautiful women as he knew them always had a touch of coquetry and never hid their charms wholly Prescott s attention wandered again to the landscape rushing past but finding little of splendour or beauty it came back by and by to the lone woman He wondered why she was going to Richmond and what was her name She too was now staring out of the window and the long cloak hiding her seemed so shapeless that he concluded her figure must be bad His interest declined at once but rose again with her silence and evident desire to be left alone

empirical musicology and the musicology of recordings have seen a tremendous development in recent years shedding new light on the recent history of our performing tradition and conveying essential information to music practitioners critics and audiences This innovative work considers the notion of bel canto and the manner in which this vibrant tradition lives in the records of Luisa Tetrazzini 1871 1940 one of the most celebrated sopranos ever Tetrazzini whose discographic career includes about 120 recordings belongs to that generation of inspirational performers who heralded the dawn of a new era of music appreciation alongside such iconic figures as Enrico Caruso Adelina Patti and Nellie Melba Drawing on a vast body of scholarship and a number of contemporary reviews Massimo Zicari establishes Tetrazzini s role in the Italian operatic tradition and its much disputed set of performing conventions His transcriptions of her recorded interpretations from Rossini Donizetti Bellini and Verdi will prove invaluable to singers and conductors interested in a tradition that goes back to legendary figures such as Jenny Lind and Maria Malibran The author also discusses her voice quality and technique tempo flexibility her use of vibrato and portamento features of musical performance that question several widely held normative views about aesthetics and interpretative tradition The volume includes eighty eight musical examples and its closing section consists of the vocal scores of thirteen operatic arias The musical material both examples and transcriptions is entirely original This unique approach seeks to combine an academic perspective with the making of the music in the hope that the plea for originality may be enhanced by models from the past
