Lucidities Poems:

Lucidities Elizabeth Jennings, 1970 *New Poems*, 1976 **Poems, 1908-1919** John Drinkwater, 2019-12-06 In *Poems 1908-1919* John Drinkwater presents a poignant collection that encapsulates the multifaceted human experience during a time fraught with social change and war. Through a blend of lyrical elegance and vivid imagery, his poetry addresses themes of love, nature, and the stark realities of life, all while encapsulating the ethos of the Edwardian age and the tumultuous atmosphere of the First World War. Drinkwater's style is marked by a musical quality, employing traditional forms and techniques while also experimenting with free verse, thereby reflecting the evolving literary landscape of the early 20th century. John Drinkwater, an English poet and playwright, emerged as a significant literary figure during the early 1900s; his works, often imprinted by his experiences as a playwright and his involvement in the wider literary community, show a deep-seated awareness of the socio-political climate combined with a personal touch in his writing, allowing him to connect intimately with the tensions of his time. Influenced by Romantic traditions, Drinkwater's voice nevertheless remained firmly rooted in the modernist movement, showcasing the resilience and complexity of human emotions amidst dire circumstances. Readers who seek insight into the heart of early 20th-century poetry will find *Poems 1908-1919* a compelling exploration of love and loss. Drinkwater's ability to capture the zeitgeist makes this collection not only a testament to his talents but also an essential read for those wishing to understand the interplay of art and life during a pivotal era. Immerse yourself in these beautifully crafted verses that echo the universal struggles and triumphs of the human spirit. **Lucidity** Ian James, Emma Wilson, 2016-05-20 This collection of essays addresses the question of lucidity as a thematic in literature and film but also as a quality of both expression and insight in literary criticism and critical thought more generally. The essays offer treatments of lucidity in itself and in relation to its opposites: forms of obscurity and darkness. They offer attention to problems of philosophical thought and reason to questions of literary and poetic form and of photographic and filmic contemplation. Ranging from engagements with early modern writing through to more recent material, the contributions focus in particular on nineteenth and twentieth-century French prose and poetry, the field which has been the predominant focus of Alison Finch's critical writing. They are written as tributes to the distinctively lucid insights of her work and to the breadth and clarity of its intellectual engagement. *King and cardinal, or A royal courtship; and other poems* Stringer Bateman, 1901

Elizabeth Jennings Dana Greene, 2018-06-12 Elizabeth Jennings was one of the most popular, prolific, and widely anthologized lyric poets in the second half of the twentieth century. This first biography, based on extensive archival research and interviews with Jennings's contemporaries, integrates her life and work and explores the inward war the poet experienced as a result of her gender, religion, and mental fragility. Originally associated with the Movement, Jennings was sui generis, believing poetry was communication and communion. She wrote of nature, friendship, childhood, religion, love, and art, endearing her to a wide audience. Yet lifelong depression, unbearable loneliness, unrelenting fears, poverty, and physical illness

plagued her These were exacerbated by her gender in a male dominated literary world and an inherited Catholic worldview which initially inculcated guilt and shame However a tenacious drive to be a poet made her the most unconditionally loved writer of her generation Although her claim was that the poem is not the poet her life is tracked in her voluminous published and unpublished poetry and prose The themes of mental illness the importance of place the problems associated with being an unmarried woman artist her relationship with literary mentors and younger poets her non feminist feminism and her marginality and sympathy for the outcast are all explored It was poetry which saved her it helped her push back darkness and discover order in the midst of chaos Poetry was her *raison d'être* It was her life

Form and Faith in Victorian Poetry and Religion Kirstie Blair, 2012-05-24 This study explores Victorian poetry in relation to Victorian religion with particular emphasis on the bitter contemporary debates over the use of forms in worship It discusses major Victorian poets Tennyson the Brownings Rossetti Hopkins Hardy and also argues that their work was influenced by a host of minor and less studied writers

Women Poets, Male Publishers Lise Jaillant, 2025-03-17 We are often told that the women's movement of the 1960s and 1970s led to the rediscovery of forgotten women writers Without feminist presses such as Virago these women would have sunk into obscurity Thanks to Carmen Callil and other trailblazing feminist publishers a canon of women's literature emerged and living writers managed to survive and sometimes thrive in a literary marketplace that had so far been dominated by men Although obstacles remained the story is one of the triumphs over a misogynistic publishing industry a sector that had once sought to erase women writers of the past marginalise living authors and close the doors to any future legacy There are two problems with this oft repeated story First it focuses mainly on fiction rather than poetry founded in 1973 Virago did not start publishing poetry until the early 1980s Second it neglects the major role that conservative male publishers played in re-discovering women poets in post 1960s Britain With the growing influence of the Women's Liberation movement these publishers realised that there was a growing market for poetry by women At the same time the Arts Council of Great Britain started pushing for more diversity nudging its clients to make more room for women and ethnic minorities Drawing on extensive archival work and oral history interviews this open access book pushes the boundaries of a scholarship that has focused mainly on women's poetry in relation to women's presses Archival documents show the influence of the Arts Council and the market in pushing conservative publishers towards more diversity This evolution has had long term consequences on the canon of women's poetry a canon that was largely shaped by conservative publishing houses rather than radical feminist presses

Poetry Against Torture Paul A. Bové, 2008-01-01 Poetry against Torture sets out the clear conflict between two competing conceptions of society and civilization Poetry represents one the fundamental human capacity to make itself and its societies in ways that will produce the most nearly perfect form of the species Torture represents the other especially state torture as that which fears the human capacity to evolve to create alternative futures for itself and to assume increasingly capacious and democratic responsibility for the justice and joy of its own being Set against

the dogmas of state regimes that torture against the misapplications of technology to the destruction of human subjectivities and against the use of spiritual traditions to suppress human poesis this book speaks for poetry as the highest form of human consciousness self making and imaginative possibility Paul Bov sets out to remind society and intellectuals of the species dependence upon those historical processes of self making that result from and make possible such remarkable achievements as Dante s poetry Bach s music and the very being of humanity as a historical species that has the right to imagine and create its own futures To that end it discusses poetics Dante and the great critic William Empson It asks how essential is liberalism to human history and treats Mill at length It asks about the relative importance of philosophy and poetry and so discusses such contemporaries as Foucault and Said along with traditional figures such as Descartes and Vico Among poets Wallace Stevens and George Herbert take central places as exemplary teachers This is a book for all who abhor that persistently vile potential within modernity that prefers tyranny to democracy and analysis to imagination who rather seek the reaffirmation of poetry historicism and humanity as the best chance for the human species to develop and for individuals to perfect themselves In these lectures Paul Bov mounts a persuasive and moving defense of historical humanism against the pressures of authoritarian politics and their unwitting allies in academia on both left and right In our post 9 11 world he reminds us of the ethical responsibility critics owe to history and to the human and of the power of poetry against torture A timely meditation for the present on the heritage and significance of criticism Wlad Godzich professor of General and Comparative Literature and Critical Studies University of California Santa Cruz Poetry against Torture is a tour de force of the mind from one of the great critical thinkers of our times A work of extraordinary erudition it represents criticism at its most ambitious and most responsible In its call for a radical return to an understanding of poesis as the fashioning of the human it makes available anew old resources of intellect and affect in the struggle against the forms of barbarism that seem to rise repeatedly from within bourgeois civilization It will refresh our understanding of such seminal figures as Vico Mill Empson Foucault and Said Aamir Mufti associate professor of Comparative Literature UCLA and author of Enlightenment in the Colony The Jewish Question and the Crisis of Postcolonial Culture **Some Aspects of Modern Poetry** Alfred Noyes,1924

After the Death of Poetry Vernon Lionel Shetley,1993 In this deft analysis Vernon Shetley shows how writers and readers of poetry operating under very different conventions and expectations have drifted apart stranding the once vital poetic enterprise on the distant margins of contemporary culture Along with a clear understanding of where American poetry stands and how it got there After the Death of Poetry offers a compelling set of prescriptions for its future prescriptions that might enable the art to regain its lost stature in our intellectual life In exemplary case studies Shetley identifies the very different ways in which three postwar poets Elizabeth Bishop James Merrill and John Ashbery try to restore some of the challenge and risk that characterized modernist poetry s relation to its first readers Sure to be controversial this cogent analysis offers poets and readers a clear sense of direction and purpose and so the hope of reaching each other again A

Padmavathy, Dr. Prashant Vijaysing Patil, Dr. R. Lavanya Kumari, Rupali Nawale, Dr. G. G. Patil, J. Sutha, **Anxiety and Lucidity** Leszek Koczanowicz, 2020-07-20 This book explores the nature of modern culture as a culture of anxiety analyzing the modes in which such anxiety presents itself Drawing on sociological and philosophical concepts of modernity the author builds on the work of Marx Nietzsche and Freud to offer an understanding of modern anxiety culture as the reverse side of risk culture which stabilizes itself by concealing or making familiar the social phenomena of risk society Through explorations of memory politics art clairvoyance notions of national community and identity this volume sheds light on the fissures in our culture where anxiety appears thus revealing its underlying volatility A study of the ruptures in our modern culture Anxiety and Lucidity will appeal to scholars of sociology social theory anthropology and philosophy with interests in late modern culture **Collected Poems** Stéphane Mallarmé, 2011-01-15 In this classic tale Richard Kim paints seven vivid scenes from a boyhood and early adolescence in Korea at the height of the Japanese occupation 1932 to 1945 Taking its title from the grim fact that the occupiers forced the Koreans to renounce their own names and adopt Japanese names instead the book follows one Korean family through the Japanese occupation to the surrender of the Japanese empire Lost Names is at once a loving memory of family and a vivid portrayal of life in a time of anguish **Who's Who in Twentieth Century World Poetry** Alan Parker, Mark Willhardt, 2005-12-05 Publicity Title Foreword by Andrew Motion Poet Laureate 900 entries by 75 international contributors all experts in their field Covers both canonical and lesser known contemporary poets Very broad range of coverage taking in poets from all over the world The only book of its kind to look at non English language poets in such detail **John Ashbery and You** John Emil Vincent, 2007 John Ashbery and You approaches Ashbery's critically neglected recent poetry with an ear to his use of the supremely elastic pronoun you and an eye toward his construction of his books as books Together these devices produce effects new to Ashbery's oeuvre and offer readers new ways in to his work John Ashbery and You argues that starting with April Galleons 1987 and reaching an apex in Your Name Here 2000 the poet has been paying increasingly keen and affectionate attention to his readers Vincent tracks these techniques but above all offers his readers tools to reapproach

a dauntingly difficult body of work Some critics have suggested that Ashbery is producing books too quickly for criticism to keep up or that the later books represent as Vincent summarizes it a kind of logorrhea and therefore don't really register as separate events as much as episodic eruptions of one big volcano which is the Later Ashbery Vincent contends that critics are not keeping up with Ashbery not so much because it is all of a piece but rather because his work varies so much from volume to volume Each of the volumes from the latter part of Ashbery's career represents an individual and different poetic project depending precisely on the unit of the book to produce its effects By showing us that the entry point to Ashbery is not any given individual poem within a volume but the entire volume Vincent gives us a new and productive approach to reading the recent work of one of our most challenging poets Forbidden Games and Video Poems Yang Mu, Lo Ch'ing, 2016-06-01 Two contemporary poets from Taiwan Yang Mu pen name for Wang Ching hsien b 1940 and Lo Ch'ing pen name for Lo Ch'ing che b 1948 are represented in this bilingual edition of Chinese poetry ranging from the romantic to the postmodern Both poets were involved in the selection of poems for this volume the first edition in any language of their selected work Their backgrounds literary styles and professional lives are profiled and compared by translator Joseph R Allen in critical essays that show how Yang and Lo represent basic directions in modern Chinese poetics and how they have contributed to the definition of modernism and postmodernism in China The book's organization reflects each poet's method of composition Yang's poems are chronologically arranged as his poetry tends to describe a narrative line that closely parallels his own biography Lo's poems which explore a world of concept and metaphor are grouped by theme Although each poet has a range of poetic voices Yang's work can be considered the peak of high modernism in Chinese poetry while Lo's more problematic work suggests the direction of new explorations in the art In this way the two poets are mutually illuminating Each group of poems is prefaced by an illustration that draws from another side of the poet's intellectual life For Yang who is a professor of comparative literature at the University of Washington these are excerpts from his academic work written under the name C H Wang in English The poems by Lo a well known painter living in Taiwan are illustrated by five of his own ink paintings

Ezra Pound, Poet Anthony David Moody, 2007 This third and final volume of A David Moody's critical life of Ezra Pound presents Pound's personal tragedy in a tragic time In this volume we experience the 1939-1945 World War and Pound's hubristic involvement in Fascist Italy's part in it we encounter the grave moral and intellectual error of Pound holding the Jewish race responsible for the war and his consequent downfall being charged with treason condemned as an anti-Semite and shut up for twelve years in an institution for the insane Further we see Pound stripped for life by his own counsel and wife of his civil and human rights Pound endured what was inflicted upon him justly and unjustly without complaint and continued his lifetime's effort to promote in and through his Cantos and his translations a consciousness of a possible humane and just social order The contradictions run deep and compel as tragedy does a steady and unprejudiced contemplation and an answering depth of comprehension *Carlyle. On the alleged obscurity of Mr. Browning's poetry.*
