Lucifer A Theological Tragedy:

Lucifer George Santayana, 1899 *Lucifer* George Santayana, 2015-09-23 *Lucifer A Theological Tragedy* by George Santayana 86 is as remarkable for the high level of its thought and its poetical expression as for the magnitude of its plan In the Book of Job we have the presentation of one aspect of man's struggle with the mystery of evil in *Paradise Lost* we have another in *Faust* still another Mr Santayana's method is to embody the various attitudes of man towards life in the persons of Lucifer Hermes Mephistopheles and Christ and to show how they all except the last fail and die through their imperfections An immense amount of thought has gone to the production of this poem Mr Santayana has examined for himself the various systems which he here personifies he has checked off theory with experience and he possesses the faculty of sympathizing with and understanding the opinions of the various characters he depicts In Hermes for example he gives a beautiful interpretation of Greek mythology And yet if we appraise his work as a drama we find that it falls short in two essentials first the dramatis personae hardly ever put off their abstract nature secondly the crises in the tragedy are too subtle too purely metaphysical or theological to make that impression which is the end of tragedy The long disputation between Lucifer and Christ to cite only one instance is hardly less abstract than would be a dialogue between personifications of Heredity and Natural Selection with Environment standing by to represent the Chorus The defect seems to be incorrigible because the dramatic form does not lend itself to the unfolding of such a theme as Mr Santayana has chosen An epic narrative like that of *Paradise Lost* would have served far better Successful tragedy never leaves us in doubt whether the characters are living or abstract it never finds us asking Is this the climax Othello is no theory Macbeth no abstraction We suspect that Mr Santayana takes more interest in principles than in persons In a noteworthy essay on Greek Religion printed in the *New World* for September he points out that the poetic audacities with which the Greek humanized the divine idea underlying his mythology proved that the god was not an invention but a fact that his character like all character was merely a principle which reflection discovered in his observed conduct In *Lucifer* Mr Santayana deals so largely with principles that conduct and concrete personality count for almost nothing It is the substance of his poem therefore the substance and fine poetic expression rather than the form which give it distinction of a high order It contains more of the stuff of genuine poetry than would make the reputation of a whole batch of minor poets Many pages might be filled with extracts illustrating these qualities but readers of poetry whose minds are adult and who have become a little surfeited with the recent effusions of marine and bellicose bards will wish to taste Mr Santayana's volume for themselves They will find in it something different from tumty tum balladry The *Harvard Graduates Magazine* Volume 8 1900 **Lucifer a Theological Tragedy** George Santayana, 2019 *Lucifer* George Santayana, 2017-08-30 *Lucifer a Theological Tragedy - Scholar's Choice Edition* George Santayana, 2015-02-18 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the
