like *Gladiator* and *Pompeii* then you will love this historical series that combines adventure romance and the supernatural. Buy *Killing the Hydra* today and set off on an adventure that throws you headlong into the Roman Empire. Here is what readers have to say about *Eagles and Dragons*. Historic Novel Society Haviaras handles it all with smooth skill. The world of third century Rome, both the city and its African outposts, is colorfully vivid here, and Haviaras manages to invest even his secondary and tertiary characters with believable three-dimensional humanity. Amazon Readers: Historical fiction at its best if you like your historical fiction to be an education as well as a fun read, this is the book for you. An outstanding and compelling novel. I would add this author to some of the great historical writers such as Conn Iggulden, Simon Scarrow, and David Gemmell. The characters were described in such a way that it was easy to picture them as if they were real and have lived in the past; the book flowed with an ease that any reader, novice to advanced, can enjoy and become fully immersed. Goodreads: a very entertaining read. Haviaras has both a fluid writing style and a good eye for historical detail and explores in far more detail the faith of the average Roman than do most authors. [Cultural Crossroads in the Ancient Novel](#) Marília P. Futre Pinheiro, David Konstan, Bruce Duncan MacQueen, 2017-12-04. The protagonists of the ancient novels wandered or were carried off to distant lands from Italy in the west to Persia in the east and Ethiopia in the south; the authors themselves came or pretended to come from remote places such as Aphrodisia and Phoenicia, and the novelistic form had antecedents in a host of classical genres. These intersections are explored in this volume. Papers in the first section discuss mapping the world in the novels. The second part looks at the dialogical imagination and the conversation between fiction and history in the novels. Section 3 looks at the way ancient fiction has been transmitted and received. Space as the locus of cultural interaction and exchange is the topic of the fourth part. The fifth and final section is devoted to character and emotion and how these are perceived or constructed in ancient fiction. Overall, a rich picture is offered of the many spatial and cultural dimensions in a variety of ancient fictional genres. **The Vampire Sorceress Omnibus (urban fantasy box set)** T.L.

Cerepaka, 2018-07-28. Contains all three Vampire Sorceress urban fantasy novels: *The Vampire Sword*, *The Vampire War*, and *The Vampire Flame*. **The Cross and the Emperor** Gregory A. Sweeting, 2017-06-20. This historical novel purports to take place shortly after the crucifixion of Jesus Christ by Pontius Pilate, the Roman Governor of Judea, somewhere around 33 AD, after Jesus had sent His disciples into the world. He instructed them to preach the Good News of Salvation to everyone they met. Dedicated and sincere men and women rose to the occasion and often at great risk to themselves took the Gospel all over the Roman world. Drawing liberally from British folklore, actual historical legend, and using some of the familiar names from The Bible, this story suggests one way that God might have ensured that the Gospel was brought to Wales and its people. As in any good novel, there are heroes and adversaries which weave the threads of the story together. The Welsh warrior Caradog ap Bran is our hero. It is imagined that he might have been joined by a couple of familiar people from the Biblical record to bring the Good News to Wales. Interposing an element of the supernatural into the story adds a layer of intrigue to

the novel and proposes that we have been in an invisible spiritual battle ever since Time began It is my prayer that The Spirit of God will then take the seed that has been planted though this story of fiction sprinkled with doses of reality and use it for His glory creating in the reader an interest to find out more from the Source and The Message of the Holy Bible **The Smart Set**, 1920 **Bulletin of the Johns Hopkins Hospital** Johns Hopkins Hospital, 1901 Bound with v 52 55 1933 34 is the hospital's supplement Bulletin of the Institute of the History of Medicine Johns Hopkins University v 1 2 Wings of Vengeance The Complete Series Catherine Banks, The complete duet in one book This set contains Of Dragons she's a Vengeance and she's out for blood Fighting sex comrades food and drink these are the things that the warrior women known as Vengeances enjoy While locked away for a minor crime Jenecca's kin are attacked and slaughtered before she can break free to rescue them She's the last living Vengeance The only thing on her mind in her very being is revenge upon the man who murdered her sisters but to enact her plan she must travel to an entirely different dimension Turns out she's not so great at landings and finds herself right in the middle of a dragon shifter den Now Jenecca must battle not only against the slayer of her kin but against her heart and the ticking clock on her revenge Throw in the difficulties surrounding her when the men from her past rise up to seek revenge alongside her and seek her heart and Jenecca might have more than she can handle Can she maintain her sanity Or will it be too late for the last Vengeance THIS IS A COMPLETE WHYCHOOSE FANTASY ROMANCE SERIES **Strange Bodies** Marcel Theroux, 2014-02-04 A dizzying novel of deception and metempsychosis by the author of the National Book Award finalist Far North Whatever this is it started when Nicholas Slopen came back from the dead In a locked ward of a notorious psychiatric hospital sits a man who insists that he is Dr Nicholas Slopen failed husband and impoverished Samuel Johnson scholar Slopen has been dead for months yet nothing can make this man change his story What begins as a tale of apparent forgery involving unknown letters by the great Dr Johnson grows to encompass a conspiracy between a Silicon Valley mogul and his Russian allies to exploit the darkest secret of Soviet technology the Malevin Procedure Marcel Theroux's Strange Bodies takes the reader on a dizzying speculative journey that poses questions about identity authenticity and what it means to be truly human *The Strand Magazine* Herbert Greenhough Smith, 1905 The Odd Thomas Series 7-Book Bundle Dean Koontz, 2014-09-09 His life unfolds with adventure humor and roller coaster suspense He's the most likable creation The New York Times of one of the master storytellers of this or any age The Tampa Tribune And he's got one hell of a hidden talent If you don't know his name by now you're the odd one out Now catch up with the first seven novels of Dean Koontz's beloved series in one convenient eBook bundle ODD THOMAS FOREVER ODD BROTHER ODD ODD HOURS ODD APOCALYPSE ODD INTERLUDE DEEPLY ODD Also includes an excerpt from Dean Koontz's riveting soul stirring novel The City The dead don't talk I don't know why But they do try to communicate with a short order cook in a small desert town serving as their reluctant confidant Meet Odd Thomas a gallant young sentinel at the crossroads of life and death who has won hearts on both sides of the divide Sometimes the silent souls
