Crafts in the World Market June C. Nash, 1993-01-01 The growing exchange of traditional craft objects in world markets

has had a profound impact on the lives of the women and men who produce them These essays describe how the flow of goods from the industrial centers of the world to the colonies in earlier centuries is now met by a reverse flow as consumers seek the exotic and unique objects of handicraft production in Third World countries The book explores the paradox of how artisans continue to create traditional objects yet new sources of wealth and intensified production are transforming their traditional lifeways in areas such as the Oaxaca Valley the Yucatan Highland Chiapas and Guatemala Markets and Exchanges in Pre-Modern and Traditional Societies Juan Carlos Moreno Garcia,2021-06-30 Markets emerge in recent historical research as important spheres of economic interaction in ancient societies In the case of ancient Egypt traditional models imagined an all encompassing centralized bureaucratic economy that left practically no place for market transactions as many surviving documents only described the activities of the royal palace and of huge institutions mainly temples Yet scattered references in the sources reveal that markets and traders were crucial actors in the economic life of ancient Egypt In this perspective this volume aims to discuss the role of markets traders and economic interaction not necessarily organized through markets and the use of money metals valuable commodities in pre modern societies based on archaeological anthropological and historical evidence Furthermore it intends to integrate different perspectives about the social organization of transactions and exchanges and the different forms taken by markets from meeting places where exchanges operated under ritualized procedures and conventions to markets in which profit seeking activities were marginal in respect with other practices that stressed on the contrary community collaboration The book also deals with social forms of pre modern exchanges in which trust and ethnic solidarity guaranteed the validity of commercial operations in the absence of formal codes of laws or accepted authorities over long distances trade diasporas guilds etc Finally the volume analyzes a critical aspect of small scale trade and markets such as the commercialization of agricultural household production and its impact on the peasant economic strategies In all the book covers a diversity of topics in which recent research in the fields of economic sociology archaeology anthropology economics and history proves invaluable in order to analyze the role of Egyptian trade in a broader perspective as well as to suggest new venues of comparative research theoretical reflection and dialogue between Egyptology and social sciences The complete camper guide for Mexico YouGuide Ltd, **Moon Oaxaca** Justin Henderson,2015-07-14 This full color guide includes vibrant photos and helpful maps Traveler and author Justin Henderson covers the best of Oaxaca from bargaining at the Mercado Ju rez to exploring the Castillo de Moctezuma Aztec pyramid Henderson offers up unique trip strategies including Best Beaches and Local Festivals Native Markets as well as experienced advice on where to go and what to see Complete with information on sampling mezcal Oaxaca s native liquor and enjoying the vistas and fresh seafood of Puerto ngel Moon Oaxaca gives travelers the tools they need to create a more personal and memorable experience Small Cities David Bell,Mark Jayne,2006-09-27 Until now much research in the field of urban planning and change has focused on the economic political social cultural and spatial transformations of global

Quick Bibliography Series ,1976 *Crafting Tradition* Michael Chibnik,2010-01-01 Since the mid 1980s whimsical brightly colored wood carvings from the Mexican state of Oaxaca have found their way into gift shops and private homes across the United States and Europe as Western consumers seek to connect with the authenticity and tradition represented by indigenous folk arts Ironically however the Oaxacan wood carvings are not a traditional folk art Invented in the mid twentieth century by non Indian Mexican artisans for the tourist market their appeal flows as much from intercultural miscommunication as from their intrinsic artistic merit In this beautifully illustrated book Michael Chibnik offers the first in depth look at the international trade in Oaxacan wood carvings including their history production marketing and cultural representations Drawing on interviews he conducted in the carving communities and among wholesalers retailers and consumers he follows the entire production and consumption cycle from the harvesting of copal wood to the final purchase of the finished piece Along the way he describes how and why this invented tradition has been promoted as a Zapotec Indian craft and explores its similarities with other local crafts with longer histories He also fully discusses the effects on local communities of participating in the global market concluding that the trade in Oaxacan wood carvings is an almost paradigmatic case study of globalization
