The Comic World of the Marx Brothers' Movies Maurice Charney, 2007 The Comic World of the Marx Brothers Movies Anything Further Father is the first book to consider the Marx Brothers in the context of comic theory and practice It includes a gag analysis of three famous scenes the stateroom scene in A Night at the Opera the mirror scene in Duck Soup and the tootsie frootsie ice cream scene in A Day the Races Why a Duck? Richard J. Anobile, 1971 Not publicity stills but frame by frame blow ups of the scenes in their hilarious entirety with the actual dialogue from the soundtracks **The Marx Brothers at the Movies** Paul D. Zimmerman, Burt Goldblatt, 1968 *The Complete Films of the Marx Brothers* Allen Eyles, 1992 **The Marx Brothers at the Movies** Paul D. Zimmerman, Burt Goldblatt, 1975 Marx brothers at the movies P.D. Zimmerman, 1970 *The Marx Brothers and America* Robert E. Weir, 2022-08-12 The ground has shifted from the days in which serious history and boring went hand in glove Textbooks and lectures have their place but less traditional classrooms can be powerfully immersive and insightful Take the 1929 Marx Brothers film The Cocoanuts and what it teaches about both the Great Depression and early sound films The Marx Brothers are among the funniest comedy teams of all time Four of their 13 films are on the American Film Institute's list of the 100 greatest American comedies ever made For many contemporary viewers though getting the jokes is not always easy because the humor can be subjective and timebound This work looks at the American past through the lens of the Marx Brothers films and other projects Each of the chapters focuses on a specific film contextualizing the world at the time and how the Marx Brothers lampooned those subjects Along the way the book demonstrates what the Marx Brothers revealed about weighty topics like gambling gender relations immigration medical care Prohibition race and war all leavened with offbeat humor **Movies, Songs, and Electric Sound** Charles O'Brien, 2019-02-08 An exploration of how the introduction of recorded music affected the production viewing experience and global export of movies In *Movies Songs and Electric Sound* Charles O'Brien examines American and European musical films created circa 1930 when the world's sound equipped theaters screened movies featuring recorded songs and filmmakers in the United States and Europe struggled to meet the artistic and technical challenges of sound production and distribution The presence of singers in films exerted special pressures on film technique lending a distinct look and sound to the films musical sequences Rather than advancing a film's plot songs in these films were staged filmed and cut to facilitate the singer's engagement with her or his public Through an examination of the export market for sound films in the early 1930s when German and American companies used musical films as a vehicle for competing to control the world film trade this book delineates a new transnational context for understanding the Hollywood musical Combining archival research with the cinemetric analysis of hundreds of American German French and British films made between 1927 and 1934 O'Brien provides the historical context necessary for making sense of the aesthetic impact of changes in film technology from the past to the present *Movies Songs and Electric Sound* is an insightful study in the beginning of cinema's sound era

Vocal Apparitions Michal Grover-Friedlander, 2014-12-25 Cinema and opera have become intertwined in a variety of powerful and unusual ways Vocal Apparitions tells the story of this fascinating intersection interprets how it occurred and explores what happens when opera is projected onto the medium of film Michal Grover Friedlander finds striking affinities between film and opera from Lon Chaney s classic silent film The Phantom of the Opera to the Marx Brothers A Night at the Opera to Fellini s E la nave va One of the guiding questions of this book is what occurs when what is aesthetically essential about one medium is transposed into the aesthetic field of the other For example Grover Friedlander s comparison of an opera by Poulenc and a Rossellini film both based on Cocteau s play The Human Voice shows the relation of the vocal and the visual to be surprisingly affected by the choice of the medium Her analysis of the Marx Brothers A Night at the Opera demonstrates how as a response to opera s infatuation with death cinema comically acts out a correction of opera s fate Grover Friedlander argues that filmed operas such as Zeffirelli s Otello and Friedrich s Falstaff show the impossibility of a direct transformation of the operatic into the cinematic Paradoxically cinema at times can be more operatic than opera itself thus capturing something essential that escapes opera s self understanding A remarkable look at how cinema has been haunted and transformed by opera Vocal Apparitions reveals something original and important about each medium

Symphony #1 in a Minor Key Alan A. Block,2012-04 When instruments are harmoniously joined together beautiful music ensues Just as in a classic symphony life often occurs in phases or movements In his creative comparison *Symphony 1 in a Minor Key* literary exegete Alan Block shares his philosophies on four movements reflected in his own life each loosely modeled on a different musical form linked to the emotions of a life both fully lived and joyously celebrated In the first movement *Sonata Allegro* Block juxtaposes biblical stories with personal experiences as he explores the contradictory nature of what it means to leave home in search of another home In the second movement representing a slow march to and from the grave he focuses his examination on the funerals of three very different people from a Jewish perspective In strong contrast Block presents a glimpse into his absurd daily world in the third movement punctuated by jokes and commentary Finally he shares a celebration of life and hope inspired by the final movement of Beethoven s *Seventh Symphony* encouraging others to be open to the sublime and realize that none of our worlds is perfect *Symphony 1 in a Minor Key* shares one man s reflections as he offers a fascinating meditation on life death and everything in between *Adam Sandler* Michael A.
