

NINTH LIFE

The importance of this book goes far beyond the sensational facts it reveals about the case of Caryl Chessman. For whether Chessman was innocent or guilty, the incredible evidence, here documented after impartial and painstaking research, constitutes an indictment of the state, the press, the police and the courts which shocked the American people.

Ninth Life Caryl Chessman:

Rebel and a Cause Theodore Hamm, 2001-11-20 Fast paced and elegantly crafted Theodore Hamm's *Rebel and a Cause* demands our attention. This deft historical analysis of the famous Chessman case and of the entire spectrum of political and cultural struggle surrounding capital punishment should be read by lay people and experts alike. Rigorously researched superbly argued, this book unfortunately becomes all the more relevant with each new execution. Christian Parenti, author of *Lockdown America: Police and Prison in the Age of Crisis*. Historians of the American 1960s have begun to attend to the previously neglected topic of crime in the streets. In the long run, the demand from the Right for Law and Order may have done more to shape the history of subsequent decades than the better known demands from the Left for Freedom Now and Peace in Vietnam. In his crisply written and subtly nuanced study *Rebel and a Cause*, Theodore Hamm shows how California death row inmate Caryl Chessman became the unlikely flashpoint for a series of passionate confrontations between advocates and opponents of the death penalty as well as between the New Right, the New Left, and the liberal establishment. Maurice Isserman, author of *America Divided: The Civil War of the 1960s*. This book is a must read for anyone interested in the current death penalty debate. George T. Davis, former counsel to Caryl Chessman. **The Last Gasp** Scott Christianson, 2010. Traces the history of the gas chamber beginning with its first construction in Nevada in 1924 as a humane method of execution and describes the political, corporate, and military uses for the technology through the twentieth century.

California Rising Ethan Rarick, 2006-04-26 Edmund G. Pat Brown has long been considered one of the two or three most effective governors of California. Thanks to this exhaustively researched and vividly written study by Ethan Rarick, we can now grasp the true strength and charisma of this extraordinary governor and the highpoint of public value and performance he orchestrated in the creation of contemporary California. A seasoned reporter, Rarick left everything behind to research and write this book. He made the right decision. Kevin Starr, University Professor of History, University of Southern California. This is an impressive and important work, exhaustively researched, elegantly written. It's not only the biography of the central figure in modern California history, Governor Pat Brown, but the story of a crucial era in California and its place in the nation's imagination. *California Rising* is a major document in our understanding of the man and the place he helped make. Peter Schrag, former editorial page editor of the *Sacramento Bee* and author of *Paradise Lost: California's Experience, America's Future*. Ethan Rarick has written a shrewd and lively account of the life of Pat Brown, California's most constructive governor in the last half century. What a pleasant way to learn about the history of the golden state during the key period in which state government was confronted with the economic and social challenges of rapid modernization. A very impressive book. Nelson W. Polsby, Heller Professor of Political Science, University of California, Berkeley. An important and enjoyable book. Bruce Cain, coeditor of *Voting at the Political Fault Line*. Ethan Rarick's narrative of the life of Pat Brown is a fascinating look at the maturation of a political animal. We follow closely as Brown gladhands his way up California's political ladder and

becomes his state's most progressive governor In this meticulous study Rarick fleshes out Brown's battles with Richard Nixon and Ronald Reagan throughout the 1960s California Rising profits from Rarick's broad understanding of California and his constructive use of Brown's personal notes and correspondence Douglas Brinkley author of Tour of Duty John Kerry and the Vietnam War *Bukowski Never Did this* Jack L. Anderson III,2004-07-01 In When Malindy Sings the great African American poet Paul Laurence Dunbar writes about the power of African American music the notes to make the sound come right In this book T J Anderson III son of the brilliant composer Thomas Anderson Jr asserts that jazz became in the twentieth century not only a way of revising old musical forms such as the spiritual and work song but also a way of examining the African
