Obras Completas El Recurso Del Metodo:

Obras completas de Alejo Carpentier Alejo Carpentier,1983 El recurso del método Alejo Carpentier,2009-04-27
Según el propio Carpentier El recurso del método es un simple juego de palabras sobre el Discurso del método de Descartes. Los capítulos aparecen enlazados por citas del gran filósofo francés que vienen a justificar arbitrariamente los actos de personas totalmente anticartesianas porque no hay nada más anticartesiano que el continente latinoamericano su mentalidad y su trayectoria histórica. Por tanto se trata de un simple juego de palabras. El dictador personaje central de mi novela recurre siempre a un método que consiste en no tener ninguno. *Obras completas de Alejo Carpentier* Alejo Carpentier,1984

The Logic of Fetishism James J. Pancrazio,2004 Cuban author Alejo Carpentier 1904-1980 was a key figure in the foundation of contemporary Latin American fiction. By taking a critical position vis a vis the restitutionary current in Latin American studies James Pancrazio provides a highly innovative re-reading of Carpentier's work. *Carpentier's Baroque Fiction* Steve Wakefield,2004 Carpentier was one of the first novelists to introduce a version of magical realism and the neo baroque into Latin American fiction. This study focuses on one of the first novelists to introduce a version of magical realism and the neo baroque into Latin American fiction. Original research colours eyewitness accounts of Alejo Carpentier's travels through Spain before and during the Spanish Civil War and the inspiration that he drew from the Baroque architecture he encountered there. The origins of Carpentier's uniquely baroque style are found in his endeavour to create a period ambience in his historical fictions through descriptions of visual arts and architectural settings and parodies of the literary style of Spanish Golden Age writers. Medusa's gaze is used as a metaphor for the petrifying power of the Baroque as a weapon of European dominance. By wielding the same weapon in an act of postcolonial defiance Carpentier enabled a reassertion of Latin American culture and laid the foundations for the 1960s Boom in the Latin American novel. STEVE WAKEFIELD is Visiting Research Fellow at the University of New South Wales Australia. Obra completa Juan Rulfo,1977 Samlede v rker af Juan Rulfo El reino de este mundo Alejo Carpentier,1994 A few years after its liberation from the brutality of French colonial rule in 1803 Haiti endured a period of even greater brutality under the reign of King Henri Christophe who was born a slave in Grenada but rose to become the first black king in the Western Hemisphere. In prose of often dreamlike coloration and intensity Alejo Carpentier records the destruction of the black regime built on the same corruption and contempt for human life that brought down the French while embodying the same hollow grandeur of false elegance attained only through slave labor in an orgy of voodoo race hatred madness and erotomania. On Becoming Cuban Louis A. Pérez Jr.,2012-09-01 With this masterful work Louis A Pérez Jr transforms the way we view Cuba and its relationship with the United States *On Becoming Cuban* is a sweeping cultural history of the sustained encounter between the peoples of the two countries and of the ways that this encounter helped shape Cubans identity nationality and sense of modernity from the early 1850s until the revolution of 1959 Using an enormous range of Cuban and U S sources from archival records and oral interviews to popular magazines novels and motion pictures Pérez reveals a powerful web of everyday bilateral connections between the United States and Cuba and shows how U S cultural forms had a critical influence on the development of Cubans sense of themselves as a people and as a nation He also articulates the cultural context for the revolution that erupted in Cuba in 1959 In the middle of the twentieth century Pérez argues when economic hard times and political crises combined to make Cubans painfully aware that their American influenced expectations of prosperity and modernity would not be realized the stage was set for revolution *La dinámica de lo*
