Occupied Reading:

Occupied Reading Alan A. Block, 2023-05-31 Today's growing national concern about education centers on the paramount importance of teaching reading and writing. This volume offers a rigorous examination of reading and the pedagogy of reading critically. The book examines the crucial role of reading in the education of the child for the year 2000 and explores the history of reading and readers in America while surveying the attendant literacy debates. The author examines the historical progress of American reading instruction demonstrating that how one is taught to read not only determines what one will read but also what is permissible to read and how pedagogies of reading define reading publics. An important chapter focuses on reading as a process of identity construction that creates not only a text but shapes the person who reads that text. The book also describes reading as a psychological process in which the creative act of manipulating the text produces the self and the world. A final chapter discusses reading as the center of the educational system and examines methodologies. An index is provided.

Engelbrecht, 2023-09-18 About the Book The life of Nelson Dean Jay is an opus sized adventure of the unknown banker who lived in Paris and influenced the powerful people of Europe as well as world events. During the Roaring Twenties in Paris he was a friend of Ernest Hemingway, Coco Chanel and Gertrude Stein. DEAN JAY NOT J P MORGAN WILL ACT ON GERMAN REPARATIONS New York Times January 15 1929 Jay was a member of the welcoming party for Charles Lindbergh when he made the first transatlantic flight New York to Paris. Later he criticized Lindbergh to his face suggesting that he consider his views carefully. Was Dean Jay a spy? Probably not but everyone sought his advice. From presidents to popes to dictators. He was an informant who provided information to those who needed and used it. He met his wife Anne on a blind date and that night he told her I'm going to marry you. And he did. The marriage lasted sixty years. Jay helped provide the money for the work of his friend Nobel Prize winner Madame Marie Curie who laid
