Octave Of Angels:

Hold My Hand and Run Margaret McAllister, 2002 Kazy Clare has had enough She and her little sister Beth are being tormented by their cruel Aunt who has been sent to look after them following the death of their mother Their father is so grief stricken by his loss that he is blind to the mistreatment going on around him But Kazy knows that things have got to change She has to save Beth from the beatings and abuse so she decides to run away and take Beth with her But it will take all her courage and strength to keep them safe And once you've run away it's impossible to go back Isn't it Meticulously researched the novel tackles themes which are still relevant today within a wholly believable historical setting Deals with important issues of bullying adults and the loss of a parent Story telling at its best with a strong narrative drive feisty heroine and vividly drawn settings

The Secret Mice Margaret McAllister, 2002 The St Michael's mice are no ordinary mice When Rachel saves them from the church's Mouse Man it just seems like a good deed But it soon becomes clear that they are very special mice indeed They can talk And not only that they have a very special task for Rachel to perform one that will help her save her father's church And they also have a mystery for her to solve which stretches back through generations involving children who have lived in the vicarage Good old fashioned story telling with an interesting and sympathetic heroine and a plot that draws together beautifully its various strands of history magic and mystery

The Perfect Genre. Drama and Painting in Renaissance Italy Kristin Phillips-Court, 2016-12-05 Proposing an original and important reconceptualization of Italian Renaissance drama Kristin Phillips Court here explores how the intertextuality of major works of Italian dramatic literature is not only poetic but also figurative She argues that not only did the painterly gaze so prevalent in fifteenth and sixteenth century devotional art portraiture and visual allegory inform humanistic theories practices and themes it also led prominent Italian intellectuals to write visually evocative works of dramatic literature whose topical plots and structures provide only a fraction of their cultural significance Through a combination of interpretive literary criticism art historical analysis and cultural and intellectual historiography Phillips Court offers detailed readings of individual plays juxtaposed with specific developments and achievements in the realm of painting Revealing more than historical connections between artists and poets such as Tasso and Giorgione Mantegna and Trissino Michelangelo and Caro or Bruno and Caravaggio the author locates the history of Renaissance art and drama securely within the history of ideas She provides us with a story about the emergence and eventual disintegration of Italian Renaissance drama as a rigorously philosophical and empirical form Considering rhetorical philosophical ethical religious political ideological and aesthetic dimensions of each of the plays she treats Kristin Phillips Court draws our attention to the intermedial conversation between the theater and painting in a culture famously dominated by art Her integrated analysis of visual and dramatic works brings to light how the lines and verses of the text reveal an ongoing dialogue with visual art that was far richer and more intellectually engaged than we might reconstruct from stage diagrams and painted backdrops
