Catalogue of the Library of the Boston Athenaeum, 1874 Nathaniel Taylor, New Haven Theology, and the Legacy of Jonathan Edwards Douglas A. Sweeney, 2002-12-05 Nathaniel Taylor was arguably the most influential and the most frequently misrepresented American theologian of his generation While he claimed to be an Edwardsian Calvinist very few people believed him This book attempts to understand how Taylor and his associates could have counted themselves Edwardsians In the process it explores what it meant to be an Edwardsian minister and intellectual in the 19th century

Life of John Eliot, the Apostle to the Indians Convers Francis, 1836 **The Life and Treason of Benedict Arnold** Jared Sparks, 1835 **Understanding Hebrew Idiomatic & Figurative Language** Troy J. Edwards, 2023-01-10 Does God hate certain people or does He love everyone Is He jealous of anyone Does He struggle with anger Is He looking for people to be terrified of Him Is He self centered and vindictive Can He be provoked easily Does He lead people astray Is He punishing children grandchildren and great grandchildren for the sins of their forefathers Some argue that the Bible teaches that God is the one who accomplishes all of this Sadly some have reached these incorrect conclusions because they were unable to appreciate the figurative and idiomatic language of Scripture This book Understanding Hebrew Idiomatic Figurative Language teaches us how portrayals of God when examined from the perspective of the Ancient Near Eastern culture from which Scripture was written give us a truly stunning image of the God who is exactly like Jesus *Systematic Theology Volume II* Charles Hodge D.D., 2016-11-09 The next volume in Hodge's monumental work in theology this work focuses on the state of humanity and the person of the Saviour Jesus Christ Outlining the biblical and philosophical arguments for topics such as the state of sin of all humanity and the person and work of Christ Hodge uses a well inclusive and thoughtful system of arguments for the theological thinking that he has in these topics Catalogue of Printed Books in the Library of the British Museum British Museum. Edwards,2020-08-26 God is said in Scripture to send what he can but doth not hinder from being sent Edward Bird 1726 God has been taking the blame for sickness and disease for centuries We have been told that He sends sickness as an aid to spiritual growth and piety or as a punishment for sin Vast amounts of Scripture have been cited to support this claim This idea has contributed to the lack of faith prevalent in the church today for healing and deliverance After all if God gave a person sickness then His willingness to heal is questionable Faith can only be present where the will of God is known However if sickness is seen as an enemy of God then faith in God s willingness to heal is more likely to rise Numerous apologetic books have been written in support of divine healing but most have not dealt completely with the many Biblical passages that appear to make God the direct cause of sickness This book is different in that it will look at these difficult Bible passages in light of the permissive idiom of the ancient Hebrew language in which God is often said to do the things that He merely allowed or permitted to happen Those passages in both the Old and New Testaments that make God appear to be a cold and cruel dispenser of sickness and disease will be seen in a new light You will see God s loving character vindicated your Bible will be a fresh source of blessing and your faith in God for health and healing will soar **Laws of the Spiritual Order** Don Horrocks,2007-01-01 The name of Thomas Erskine is one of the more significant landmarks on the map of nineteenth century British theology Erskine though is little read these days and there has long been a need for an in depth authoritative treatment of his thought in order to rekindle our interest Don Horrocks has provided just such a study Horrocks focus on Erskine s soteriology opens up distinctive perspectives on a raft of key theological themes from the doctrine of God to the nature of faith and religious experience and the authoritative sources for theology In addition this informative study captures the mood of that early mid nineteenth century intellectual milieu which Erskine s thought both embodies and transcended Unmatched in its analysis and evaluation of Erskine s contribution Trevor Hart Professor of Divinity St Mary s College University of St Andrews Scotland Don Horrocks is a born researcher who writes with clarity and interest This book is a splendid contribution to the growing conversations concerning previously neglected theologians Thomas Erskine s precocity has come of age and I can think of no better a presentation of his context and theology than that offered by Horrocks Graham McFarlane Lecturer in Systematic Theology London School of Theology UK Thomas Erskine is one of the seminal but neglected theologians of nineteenth century Scotland In his study Don Horrocks introduces us to Erskine s thought in a thematic way that is at once lucid scholarly and stimulating It should be on the bookshelf of every serious student of the period Nick Needham Lecturer in Church History Highland Theological College Dingwall Scotland Don Horrocks work provides a searching analysis of this key nineteenth century theologian It is likely to be the first recourse on the subject for many years to come Meic Pearse Associate Professor of History Houghton College

Don Horrocks spent twenty five years in business in corporate banking and management consultancy He completed his Ph D on which this work is based at London Bible College in 2002 He has headed up the Evangelical Alliance s Policy Commission for four years He was appointed Public Affairs Manager for the Alliance in September 2001 He has edited books on transsexuality and on GM Crops and Foods for the Evangelical Alliance Policy Commission A Research Associate at London School of Theology he is married with three children
