Que Me Importa:

"Escribe", dijo la voz que no vi Leticia Salinas, 2023-02-09 Este libro de poemas es una verdadera inspiración del Espíritu Santo y a través de estas reflexiones te darás cuenta de que es el mismo Jesucristo conversando con tu alma y todo tu ser Porque cuantos medios usa Dios para llamar tu atención Tal vez miles pero en este viaje por la lectura de cada poema tocará las cuerdas más sensibles de tu propio corazón Te animo a leer este libro Yo no quería escribir esto pero Dios insistió Después de cada palabra leída te darás cuenta de que tú también te identificarás con alguno de estos temas y agradecerás que el Creador te conozca como el hijo formado por sus manos Nunca te sientas solo ni desanimado y preguntale al Señor cuáles notas o párrafos son para ti

Untranslating Machines Jacques Lezra, 2017-11-15 On what basis can we establish an alternative to the unifying of cultures brought about by economic globalization When ideas like objects and words can be translated and marketed everywhere what forms of critique are available Straddling the fields of political philosophy comparative literature animal studies global studies and political economy Untranslating Machines proposes to this end a weakened defective concept of untranslatability The analytic frame of Jacques Lezra's argument is rooted in Marx Derrida and Wittgenstein He moves historically from the moment when translation becomes firmly wed to mercantilism and to the consolidation of proto national state forms in European early modernity to the current moment in which the flow of information commodities and value creation protocols among international markets produces the regulative fantasy of a global coherent market of markets In a world in which translation and translatability have become a means and a model for the consolidation of a global cultural system this book proposes an understanding of untranslatability that serves to limit the articulation between a globalized capitalist value system and the figure and techniques of translation
