Choucas Zofia Nalkowska, 2014-05-31 The novel in Europe in the early twentieth century took a decidedly inward turn and Choucas 1927 is an intriguing example of the modernist psychological tradition Its author Zofia Nalkowska 1884 1954 was a celebrated Polish novelist and playwright She rose to prominence in interwar Poland and was one of a group of early feminist writers that included Pola Gojawiczynska Maria Dabrowska and Maria Kuncewiczowa Choucas is set in the Swiss Alps in the mid 1920s in a sanatoria village near Lake Geneva The book has an international focus and the narrator a Polish woman profiles a motley collection of visitors to the village and patients at the sanatorium and their interactions with each other Among these she encounters Armenian survivors of the 1915 16 genocide who were given refuge in Switzerland The characters are all from different countries and each represents a distinct political or religious point of view The title is derived from the French word for a species of bird native to this region of Switzerland Nalkowska was known for her love of nature and animals and the birds have symbolic significance for the characters themselves The choucas fly down from the mountain passes seeking food while some of the characters in the novel wander around the sanatorium seeking philosophical truths In Choucas there is a strong autobiographical element to the story as Nalkowska had stayed in a sanatorium in Leysin Switzerland with her husband in 1925 A comparison may also be drawn with the classic novel by Thomas Mann The Magic Mountain 1924 which has similar themes The book delineates a fascinating time period and the author's concise fictional technique is strikingly innovative and groundbreaking Choucas is a fine example of early modernist literature and is translated for the first time into English for a new generation of readers **Learning by Heart** Maggie Anderson, David Hassler, 1999 A collection of poems written primarily between 1970 and 1995 by contemporary American poets that recall the experiences of elementary and high school The Cambridge Companion to Contemporary African American Literature Yogita Goyal, 2023-12-21 This book provides a systematic and vibrant account of the range and achievements of

No Man's Land Sandra M. Gilbert, Susan Gubar, 1996-02-21 How do writers and their readers imagine

the future in a turbulent time of sex war and sex change And how have transformations of gender and genre affected literary representations of woman man family and society This final volume in Gilbert and Gubar's landmark three part No Man's Land The Place of the Woman Writer in the Twentieth Century argues that throughout the twentieth century women of letters have found themselves on a confusing cultural front and that most increasingly aware of the artifice of gender have dispatched missives recording some form of the future shock associated with profound changes in the roles and rules governing sexuality Divided into two parts Letters from the Front is chronological in organization with the first section focusing on such writers of the modernist period as Virginia Woolf Zora Neale Hurston Edna St Vincent Millay Marianne Moore and H D and the second devoted to authors who came to prominence after the Second World War including Gwendolyn Brooks Sylvia Plath Margaret Atwood Toni Morrison and A S Byatt Embroiled in the sex antagonism that Gilbert and Gubar traced in The War of the Words and in the sexual experimentations that they studied in Sexchanges all these artists struggled to envision the inscription of hitherto untold stories on what H D called the blank pages of the unwritten volume of the new Through the works of the first group Gilbert and Gubar focus in particular on the demise of any single normative definition of the feminine and the rise of masquerades of femininity amounting to female female impersonation In the writings of the second group the critics pay special attention to proliferating revisions of the family romance revisions significantly inflected by differences in race class and ethnicity and to the rise of masquerades of masculinity or male male impersonation Throughout Gilbert and Gubar discuss the impact on literature of such crucial historical events as the Harlem Renaissance the Second World War and the sexual revolution of the sixties What kind of future might such a past engender Their book concludes with a fantasia on The Further Adventures of Snow White in which their bravura retellings of the Grimm fairy tale illustrate ways in which future writing about gender might develop **Textile World Journal** ,1921
