Queen Mother Herself:

The Queen Mother Herself Cathcart, Helen, 1980 The Queen Mother Herself Helen Cathcart, 1979 The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Linduff,Yan Sun,2004-07-26 The roles of women in Chinese archaeology with only a few exceptions have at worst been overlooked and at best consigned to conventional Marxist theory that prescribes formulaic frameworks for understanding gender until now Renowned archaeologist Katheryn M Linduff and fellow researcher Yan Sun have brought together a fascinating collection that reexamines gender in ancient Chinese cultures Acknowledging and negotiating the complications that challenge their efforts the authors analyze and begin to reconstruct the roles of women in

various regions of China from the late Neolithic to the early Empire period Topics range from mortuary ritual social status and structures of power economic influences on cultural practice textile production and art in these early Chinese societies This book is a must for students professors and practitioners of archaeology that seek a more complete examination of the archaeological record for scholars in the fields of Asian Studies Art History and Chinese History more generally as well as for those interested in the roles of women in ancient Chinese society Elf Queen's Quest Robert Stanek,2008-05 Elf Queen s Quest is book one in the Ruin Mist Dark Path and is an alternate telling of the original Ruin Mist Chronicles books The Dark Path is meant for devoted fans who have already finished Keeper Martin s Tale Kingdom Alliance Fields of Honor and Mark of the Dragon and want to experience the original story from a different viewpoint Divine Rulers in a Secular State Timo Kallinen,2016-03-25 The divine kingship and chiefship of the Asante people of central Ghana have been undergoing a shift towards secularization since the start of the colonial era Timo Kallinen maintains that a close examination of this transformation provides us with a better understanding of secularization processes in Ghana more broadly and in other post colonial societies whose historical development likewise differs from that of the modern West and which have largely confronted secular modernity through encounters with European colonialism Throughout the volume secularization is understood as a process in modern society whereby divinity is separated from the ways in which both human society is regulated and physical nature is understood to function Divine Rulers in a Secular State has been divided into three thematic parts each with a short theoretical introduction In the first two analysis is primarily inspired by the work of Louis Dumont while in the third the theoretical ideas of Webb Keane and Bruno Latour are of central importance The undifferentiated order of the pre colonial Asante kingdom in which the chiefly and priestly functions of the rulers were not separated comprises the initial focus Sacrifices and marriage exchanges both of which were directed at establishing and perpetuating relations between the living and the spirits of the dead ancestors are posited as the most important responsibilities of the chief Also explored are perceptions that the founding of the kingdom and its authority structure are the results of sacrifices offered to various gods by the Asante king and his chiefs The second part examines the dissolution of the traditional order since the onset of British colonial occupation The secularization process was initiated by the aspirations of colonial administrators and missionary bodies who aimed to maintain Christian converts under the political authority of their non Christian chiefs who were still important ritual leaders Consequently it was necessary to start dividing society along political and religious lines so that only the former was a mandatory concern for all The kernel of modern citizenship was planted at the same time as the religious conscience of individuals started to shape their rights and duties towards their political rulers Furthermore theories about Asante as a state based on contract and representation were proposed and developed In the post colonial era chiefship has been put into the service of the independent nation state both as an instrument of administration and a nationalistic symbol while most recently chiefs have been depicted as leaders in civil society even receiving support from global

developmental organizations Yet traditional chieftaincy is strongly criticized by certain Christian groups belonging to the Pentecostal Charismatic movement which still see it as integrally linked to traditional cosmologies The third part of the book takes the discussion beyond the separation of the categories of religion and politics Secularization has also has also entailed the dematerialization of religion establishing it as something that ought to be understood primarily as mental or spiritual in a secular society things like deities witchcraft or sacrifices should not be recognized as proper agents and actions at the level of immanent relations In Ghana such views are effectively contradicted by religious groups which see spiritual forces as the most powerful agents in social relations The cases discussed deal with attempted state control of anti witchcraft activities the efficiency of protective magic during political upheavals and Pentecostal notions of demonic influences in secular politics The Conclusions section brings the themes of the book together by discussing the large scale effects of the secular project in contemporary Ghanaian society Research is based on anthropological fieldwork conducted in Ghana in 2000 2001 and 2005 2006 data drawn from several archival sources located in Ghana and the United Kingdom and the anthropological and historical literature on Ghana and the Asante *The Queen's Poisoner, Or, France in the Sixteenth Century* Louisa Stuart Costello, 1841 *Vyasa's Mahabharatam*, 2008 *The History and Character of Calvinism* John Thomas McNeill, 1923 This is a masterful historical portrait of the whole movement of Calvinism for general readers and scholars alike **THE BLACK GOD MAN** King Asu, 2024-10-16 THE BLACK GOD MAN tells the story of Leader Olumba Olumba Obu and his kingdom called Brotherhood of the cross and star in a way no one has done before Olumba Olumba Obu is Nigerian religious leader who founded the Brotherhood of the cross and star in 1956 and called it the Kingdom of God on earth he was believed to be the promised Comforter returned Christ and God almighty The members believed he was immortal but he disappeared from the surface of the earth in 2002 and has never been seen since then this book unearths the mysteries and intrigues of the man his organisation and his son who took over the kingdom and is currently been projected to even be a mightier God than his father the book is the biggest expose of Brotherhood of the cross and star **Buddhism in the Sung** Daniel A. Getz, Peter N. Gregory, 2002-10-31 New paperback edition The Sung Dynasty 960 1279 has long been recognized as a major watershed in Chinese history Although there are recent major monographs on Sung society government literature Confucian thought and popular religion the contribution of Buddhism to Sung social and cultural life has been all but ignored Indeed the study of Buddhism during the Sung has lagged behind that of other periods of Chinese history One reason for the neglect of this important aspect of Sung society is undoubtedly the tenacity of the view that the Sung marked the beginning of an inexorable decline of Buddhism in China that extended down through the remainder of the imperial era As this book attests however new research suggests that far from signaling a decline the Sung was a period of great efflorescence in Buddhism This volume is the first extended scholarly treatment of Buddhism in the Sung to be published in a Western language It focuses largely on elite figures elite traditions and interactions among Buddhists and literati although some of the book s

essays touch on ways in which elite traditions both responded to and helped shape more popular forms of lay practice and piety All of the chapters in one way or another deal with the two most important elite traditions within Sung Buddhism Ch'an and T'ien t'ai Whereas most previous discussions of Buddhism in the Sung have tended to concentrate on Ch'an the present volume is notable for giving T'ien t'ai its due By presenting a broader and more contextualized picture of these two traditions as they developed in the Sung this work amply reveals the vitality of Buddhism in the Sung as well as its embeddedness in the social and intellectual life of the time

Incredible Moments in Sport Ian Slatter, 2017-01-02 The unbelievable roar as Mo Farah sprints clear to claim 10 000 metre gold on Super Saturday A nation holds its breath as Andy Murray has Championship Point at Wimbledon Europe's golfers come back from the dead to win the Ryder Cup Lewis Hamilton clinches the World Championship on the final corner of the final race Bradley Wiggins crosses the line on the Champs Elysees to become the first British Tour de France winner Some sporting events stick in the memories of sports fans forever sometimes for the right reasons sometimes the wrong ones Incredible Moments in Sport is the perfect reminder of the 101 Biggest Moments in British and World Sport featuring greats such as Usain Bolt Muhammad Ali Ian Botham Torvill and Dean Jesse Owens Borg and McEnroe Diego Maradona Red Rum Michael Phelps Steve Redgrave And many many more With 101 incredible stories from the worlds of football rugby cricket tennis boxing cycling swimming athletics horseracing motor racing and other sports the build up the events themselves and the aftermath If you're a sports fan this book is for you

Assyria Eckart Frahm, 2023-04-04 A new history of Assyria the ancient civilization that set the model for future empires At its height in 660 BCE the kingdom of Assyria stretched from the Mediterranean Sea to the Persian Gulf It was the first empire the world had ever seen Here historian Eckart Frahm tells the epic story of Assyria and its formative role in global history Assyria's wide ranging conquests have long been known from the Hebrew Bible and later Greek accounts But nearly two centuries of research now permit a rich picture of the Assyrians and their empire beyond the battlefield their vast libraries and monumental sculptures their elaborate trade and information networks and the crucial role played by royal women Although Assyria was crushed by rising powers in the late seventh century BCE its legacy endured from the Babylonian and Persian empires to Rome and beyond Assyria is a stunning and authoritative account of a civilization essential to understanding the ancient world and our own
