Housing and Home Unbound Nicole Cook, Aidan Davison, Louise Crabtree, 2016-05-05 *Housing and Home Unbound* pioneers understandings of housing and home as a meeting ground in which intensive practices materials and meanings tangle with extensive economic environmental and political worlds Cutting across disciplines the book opens up the conceptual and empirical study of housing and home by exploring the coproduction of the concrete and the abstract the intimate and the institutional the experiential and the collective Exploring diverse examples in Australia and New Zealand contributors address the interleaving of money and materials in the digital commodity of real estate the neoliberal invention of housing as a liquid asset and source of welfare provision and the bundling of car and home in housing markets The more than human relations of housing and home are articulated through the role of suburban nature in the making of Australian modernity the marketing of nature in waterfront urban renewal the role of domestic territory in subversive social movements such as Seasteading and Tiny Houses and the search for home comfort through low cost energy efficiency practices The transformative politics of housing and home are explored through the decolonizing of housing tenure the shaping of housing policy by urban social movements the lived importance of marginal spaces in Indigenous and other housing and the affective lessons of the ruin Beginning with the diverse elements gathered together in housing and home the text opens up the complex realities and possibilities of human dwelling

Historic Brisbane Susanna De Vries, Jake De Vries, 2013 Susanna de Vries award winning author and Jake de Vries former City Architect of Brisbane have pooled their talents to compile a joint book on the building of Brisbane which transports us back to the first years of Brisbane's bleak existence The book shows the Convict and Officers Barracks and convicts digging roads along what became Queen Street and North Quay Professional

artist Conrad Martens paints the Customs House and Kangaroo Point The book recounts the effects of Brisbane's building boom of the 1880s when everyone borrowed money and major buildings like the Mansions the old Museum the second wing of the Post Office and the Treasury are completed In the depression years of the 1890s some Queensland banks and architects go broke A visiting Canadian artist named Lefvre Cranstone draws rural Toowong the Regatta Hotel and the Toowong Rowing Club River Road later Coronation Drive once used for droving cattle from Brookfield becomes a thoroughfare for the carriages of the wealthy from Indooroopilly and Milton

The British Australasian and New Zealand Mail, 1901 **John Dalton** Elizabeth Musgrave, 2023-08-10 This book addresses the work of architect John Dalton 1927 2007 an important voice in mid century modernism in Australia whose work despite his being exhibited and published internationally and also winning several awards for his designs is woefully little known Published as part of the Bloomsbury Studies in Modern Architecture series which brings to light the work of significant yet overlooked modernist architects the book draws on previously unpublished archival documents including Dalton's drawings and paintings transcripts of lectures letters and articles plans and photographic images of built works to characterize the architect not only as a very talented designer but also as a pioneer of environmentalist thinking in Australia The book reveals how Dalton's architectural preoccupations parallel a transition in mid century modern architecture globally from functional efficiency and material rationalism to a concern with being in dialogue with the environment confirming a wider environmental turn that involved the integration of environmental with cultural considerations through relational thinking and which preceded and transcends the discipline's fascination with theoretical paradigms such as Critical Regionalism John Dalton Subtropical Modernism and the Turn to Environment in Australian Architecture is thus not only an important contribution to the existing scholarship on 20th century modernism but also to the current renewed interest in environmental design across the globe

On Discomfort David Ellison, Andrew Leach, 2016-10-14 Examining discomfort's physical emotional conceptual psychological and aesthetic dimensions the contributors to this volume offer an alternate cultural approach to the study of architecture and the built environment By attending to a series of disparate instances in which architecture and discomfort intersect On Discomfort offers a fresh reading of the negotiations that define architecture's position in modern culture The essays do not chart comfort's triumph so much as discomfort's curious dispersal into practices that form modern life and what that dispersion reveals of both architecture and culture The essays presented in this volume illuminate the material culture of discomfort as it accrues to architecture and its history This episodic analysis speaks to a range of disciplinary fields and interdisciplinary subjects extending our understanding of the domestication of interiors and objects cities and ideas and the conditions under which by intention or accident they discomfort

The Directory of Museums & Living Displays Kenneth Hudson, Ann Nicholls, 1985-06-18 **Karl Langer**, 2021-12-30 Despite a European training and an early career working with Peter Behrens a migration from Vienna to the Australian state of Queensland positioned the architect Karl

Langer 1903 1969 at the very edge of both European and Australian modernism Confronted by tropical heat and glare the economics of affordable housing fiercely proud and regional architectural practices and a suspicion of the foreign Langer moulded the European language of international modernism to the unique climatic and social conditions of tropical Australia This book will tell Langer s story through a series of edited essays focused on key themes and projects Published as part of the Bloomsbury Studies in Modern Architecture series which brings to light the work of significant yet overlooked modernist architects it is both an examination of an architect s work and international legacy and also a case study in the trans global dissemination of design ideas Studying the architect s built and proposed work both regional and metropolitan the scale and reach of Langer s practice will be considered for the first time showing how given his continued influence on the contemporary culture of tropical design Langer has been unjustly ignored by the historiography of both Australian and Modernist architecture to date The Mines Handbook ,1918 Mines Register ,1918 Architecture in Brisbane Graham De Gruchy,1988 This is a reprint of the edition which was first printed in 1988 *Australian national bibliography* ,1961 **The Louisiana Planter and Sugar Manufacturer** ,1896 **Reports from the Consuls of the United States on the Commerce, Manufactures, Etc., of Their Consular Districts** ,1885 The Copper Handbook ,1920 **Parliamentary Debates** Australia.
