Watching the Sun Rise Jacqui Murray, 2004-01-01 Historians have long claimed that a tradition of fear of Japan dominated Australian thinking about foreign affairs and defense after Japan's defeat of Russia in 1905 and that this fear remained widespread throughout the Australian population until the Pacific War This study of Australian reporting on Japan challenges that claim by exposing a culture of state censorship intimidation of the media and neglect of official public discussion of foreign affairs in the years 1931 1941 which resulted in newspapers radio and news reels projecting a collective national consciousness of Japan as a nation of little import despite very real fears in senior political ranks about Japanese designs on Australia Jacqui Murray's argument for the Australian media's underestimation of Japan's threat is sustained by close examination of media practices publications and broadcasts which clearly show misleading representations of Japan before the Pacific War *Watching the Sun Rise* details not only government peace time media censorship but also war time propaganda flows from Australian British and Japanese sources into the Australian media and examples of cooperation and or espionage among media personnel

Griggs,2020-03-26 Before 1950 Australians were the world s highest consumers of tea per capita This book tells the story of how tea emerged as the national beverage in the Australian colonies during the nineteenth century and explores why Australians consumed so much of the beverage for so long Special attention is devoted to analysing the evolution of the Australian tea distribution network especially the marketing strategies used by the tea traders to promote their products Other topics examined here include the development of tea rituals such as afternoon tea and high tea and their role in Australian society the local manufacture of teawares the establishment of tea rooms and the emergence of a tea growing industry in Australia after 1960 The first comprehensive account of the history of tea in Australia this book will be of particular interest to individuals interested in Australian history economic and social history and food history *Crossing the Divide* Janice Cooper,2013 This is a fascinating account of the history of the Jericho Shire With over 800 People named 86 Photographs 55 Archival Extracts 24 Maps Plans and Tables along with detailed Appendices and Index publisher website **Queensland Reports** Queensland. Histories of Fascism and Anti-Fascism in Australia Evan Smith, Jayne Persian, Vashti Jane Fox, 2022-12-30 Histories of Fascism and Anti Fascism in Australia provides a history of fascist movements and anti fascist resistance in Australia over the past century In recent years the far right has become a resurgent force across the globe resulting in populist parties securing electoral victories social movements organising on the streets and acts of right wing terrorism Australia has not been immune to this However this is not merely a recent phenomenon it has a long history of fascist and far right groups and individuals These groups have attempted to situate themselves within the wider settler colonial political landscape often portraying themselves as the inheritors of a violent and exclusionary colonial past Concurrently these groups have linked into globalised anti communist and white supremacist networks At the same time Australia has often seen resistance to fascism and the far right from the political centre to the far left Covering the period from the 1920s to the present day and featuring insights from historians sociologists and political scientists this book provides the most detailed account of this fascinating and important topic This book will be of interest to students and activists with an interest in the extreme right and anti fascism as well as Australian history politics and society *Policing Child Sexual Abuse* Paul Bleakley, 2021-09-15 *Policing Child Sexual Abuse* provides a historical overview of the evolution of policing child sexual abuse in Queensland tracing a legacy of failure even corruption in the decades leading up to the foundation of Task Force Argos a branch of the Queensland Police Service created in part as a response to criticisms of police shortcomings in this area The book uses archival material as a foundation to trace the shifting approach to policing child sexual abuse CSA from the 1960s when juvenile justice first became a central focus of policing in Queensland to the 2010s at which point Task Force Argos made international headlines for its primary role in bringing major international CSA offenders like Shannon McCoole Benjamin Warhead Faulkner and Richard Huckle to justice Examining archival material to pinpoint the reasons that CSA was not dealt with effectively in the past the book shows that often these reasons were political unrelated to the policing of CSA at all *Policing Child Sexual Abuse* stands as a testament to the victims of CSA who have been failed by the system in the past In addition the book acts as a case study of how a police force with such a negative track record in policing this area was able to correct its path and reform its practices to the point that it could emerge as a world leader in policing CSA Though nominally focused on policing in one Australian state the implications are global with Task Force Argos s work naturally impacting on the CSA

investigations of all of its partner agencies both in Australia and internationally Demonstrating how even in contexts where police responses to CSA have been met with significant criticism an opportunity still exists to reject historical failures in favour of a renewed commitment to proactive policing this book will be of great interest to scholars of policing historical criminology and child sexual abuse **Commerce Reports** ,1918 *The Wild Australia Show* Paul Memmott, Maria Nugent, Michael Aird, Lindy Allen, Chantal Knowles, Jonathan Richards ,2025-07-08 The Wild Australia Show was a troupe of 27 Aboriginal performers recruited from northern Queensland in the 1890s for a world tour that would culminate at the World s Columbian Exposition in Chicago in 1893 Those grand plans were ultimately dashed and the troupe only performed in Brisbane Sydney and Melbourne before disbanding This book tells the story of the Wild Australia Show from its inception to its afterlives It traces how the performers were recruited the places they came from the repertoire they created rehearsed and performed their experiences on tour and the politics of their representation in word and image Drawing on an extensive archive of newspaper reports government records and court proceedings richly complemented by photographs and other visual images the authors seek to reconstruct the Wild Australia Show story from the perspectives of the performers themselves The book contributes to a growing literature on the history of Aboriginal performers and performances under colonial conditions and the ways in which public performance could be a means for cultural survival and resurgence
