Queer Family Values Valerie Lehr, 1999. American culture is at war over family values. My Desire for History Allan Bérubé, 2011-06-01. This anthology pays tribute to Allan Berube, 1946-2007, a self-taught historian and MacArthur Fellow who was a pioneer in the study of lesbian and gay history in the United States. Best known for his Lambda Literary Award-winning book *Coming Out Under Fire: The History of Gay Men and Women in World War II* (1990), Berube also wrote extensively on the history of sexual politics in San Francisco and on the relationship between sexuality, class, and race. John D. Emilio and Estelle Freedman, who were close colleagues and friends of Berube, have selected sixteen of his most important essays, including hard-to-access articles and unpublished writing. The book provides a retrospective on Berube's life and work while it documents the emergence of a grassroots lesbian and gay community history movement in the 1970s and 1980s. Taken together, the essays attest to the power of history to mobilize individuals and communities to create social change.

Women without Class Julie Bettie, 2014-09-18. In this ethnographic examination of Mexican American and white girls coming of age in California's Central Valley, Julie Bettie turns class theory on its head, asking what cultural gestures are involved in the performance of class and how class subjectivity is constructed in relationship to color, ethnicity, gender, and sexuality. A new introduction contextualizes the book for the contemporary moment and situates it within current directions in cultural theory. Investigating the cultural politics of how inequalities are both reproduced and challenged, Bettie examines the discursive formations that provide a context for the complex identity

performances of contemporary girls The book's title refers at once to young working class women who have little cultural capital to enable class mobility to the fact that analyses of class too often remain insufficiently transformed by feminist ethnic and queer studies and to the failure of some feminist theory itself to theorize women as class subjects Women without Class makes a case for analytical and political attention to class but not at the expense of attention to other social formations
