Michael Ray,Sally Ann Sager,2005-04 The Cole family started out farming long before Gunther was thought about That will be another book This part of the story Gunther Grows Up starts out with young Mr Cole at the age of 5 years His life takes a major turn that spring in 1949 He will adapt to a country life on the farm and grow right into the fabric that was the Cole family farm Gunther will grow up with his mate to be Robin Together they have many travels and adventures as young adults in their American homeland *Saving God from Religion* Robin R. Meyers,2020-01-28 A revelatory manifesto on how we can reclaim faith from abstract doctrines and rigid morals to find God in the joys and ambiguities of everyday life from the acclaimed author of *Saving Jesus from the Church* In this book of stories from four decades of ministry Meyers powerfully captures what it means to believe in a God who s revealed not in creeds or morals but in the struggles and beauty of our ordinary lives Richard Rohr bestselling author of *The Universal Christ* People across the theological and political spectrum are struggling with what it means to say that they believe in God For centuries Christians have seen him as a deity who shows favor to some and dispenses punishment to others according to right belief and correct behavior But this transactional approach to a God up there famously depicted by Michelangelo on the ceiling of the Sistine Chapel no longer works if it ever did leaving an increasing number of Christians upset disappointed and heading for the exits In this groundbreaking inspiring book Robin R Meyers the senior minister of Oklahoma City s Mayflower Congregational United Church of Christ shows how readers can move from a theology of obedience to one of consequence He argues that we need to stop seeing our actions as a means for pleasing a distant God and rediscover how God has empowered us to care for ourselves and the world Drawing on

stories from his decades of active ministry Meyers captures how the struggles of ordinary people hint at how we can approach faith as a radical act of trust in a God who is all around us even in our doubts and the moments of life we fear the most

Recruiting the Ancients for the Creation Debate Andrew J. Brown, 2023-10-05 A careful and unbiased analysis of how thinkers from church history interpreted the creation narrative in Genesis How literally are we meant to take the creation week of Genesis 1 In this polarizing debate contemporary interpreters invoke great theologians from history to support their own side whether that be a young Earth theistic evolution or any other view The problem lies in trying to force ancient authors into contemporary boxes as Andrew J Brown shows in this thought provoking volume Covering Philo Basil Augustine Thomas Aquinas Martin Luther John Calvin John Wesley and more Brown carefully interprets great thinkers readings of Genesis 1 in their intellectual contexts He then assesses how these authors have been subject to cherry picking and misappropriation in the trenches of the modern creation debate By studying the intellectual history of the church in this way to revisit rather than recruit the ancients we can enrich our own biblical interpretation Irenic and magisterial Brown s guide will interest both scholars of historical theology and anyone invested in the creation debate
