Quest for Corvo A. J. A. Symons, 1934      The Quest for Corvo A. J. A. Symons, 2018-03-08 What had happened to the lost manuscripts what train of chances took Rolfe to his death in Venice The Quest continued One summer afternoon A J A Symons is handed a peculiar eccentric novel that he cannot forget and captivated by this unknown masterpiece determines to learn everything he can about its mysterious author The object of his search is Frederick Rolfe self titled Baron Corvo artist rejected candidate for priesthood and author of serially autobiographical fictions and its story is told in this experiment in biography a beguiling portrait of an insoluble tangle of talents frustrated ambitions and self destruction      **The Quest for Corvo** Alphonse James Albert Symons, 1955      **Weird of the Wanderer** Frederick Rolfe, 2003-02 Rolfe s book tells of explorations into various bizarre places such as the tombs of Egypt where his hero encounters a mummy      *Literature and the Politics of Post-Victorian Decadence* Kristin Mahoney, 2015-06-09 In Literature and the Politics of Post Victorian Decadence Kristin Mahoney argues that the early twentieth century was a period in which the specters of the fin de siècle exercised a remarkable draw on the modern cultural imagination and troubled emergent avant gardistes These authors and artists refused to assimilate to the aesthetic and political ethos of the era representing themselves instead as time travelers from the previous century for whom twentieth century modernity was both baffling and disappointing However they did not turn entirely from the modern moment but rather relied on decadent strategies to participate in conversations concerning the most highly vexed issues of the period including war the rise of the Labour Party the question of women s sexual freedom and changing conceptions of sexual and gender identities      *Corvo; "saint Or Madman?"* Donald Weeks, 1972 Biographical study of the life writings and eccentric personality of Frederick William Rolfe alias Baron Corvo      *Wilde Discoveries* Joseph Bristow, 2013-12-06 The most significant resource for any researcher wishing to understand the finer details of Oscar Wilde s remarkable career the Oscar Wilde and His Circle archive at the University of California Los Angeles houses the world s largest collection of materials relating to the life and work of the gifted Irish writer Wilde Discoveries brings together thirteen studies based on research done in this archive that span the course of Wilde s work and shed light on previously neglected aspects of Wilde s lively and varied professional and personal life This volume offers fresh approaches to well known works such as *The Picture of Dorian Gray* while paying serious attention to his lesser known writings and activities including his earliest attempts at emulating the English Romantics his editing of *Woman s World* and his fascination with anarchism A detailed introduction by the volume editor ties the essays together and illustrates the distinctive evolution of research on this great writer s extraordinary career      *Twentieth Century Fiction* George Woodcock, 1983-04-01      *The Military Orders Volume VII* Nicholas Morton, 2019-08-05 The Military Orders essay collections arising from the quadrennial conferences held at Clerkenwell in London have come to represent an international point of reference for scholars This present volume brings together twenty nine papers given at the seventh iteration of this event The studies offered here cover

regions as disparate as Prussia Iberia and the Eastern Mediterranean and chronologically span topics from the Twelfth to the Twentieth century They draw attention to little used textual and non textual sources advance challenging new methodologies and help to place these military religious institutions in a broader context **Catholic Converts** Patrick Allitt,2018-08-06

From the early nineteenth to the mid twentieth century an impressive group of English speaking intellectuals converted to Catholicism Outspoken and gifted they intended to show the fallacies of religious skeptics and place Catholicism once again at the center of western intellectual life The lives of individual converts such as John Henry Newman G K Chesterton Thomas Merton and Dorothy Day have been well documented but Patrick Allitt has written the first account of converts collective impact on Catholic intellectual life His book is also the first to characterize the distinctive style of Catholicism they helped to create and the first to investigate the extensive contacts among Catholic convert writers in the United States and Britain Allitt explains how despite the Church s dogmatic style and hierarchical structure converts working in the areas of history science literature and philosophy maintained that Catholicism was intellectually liberating British and American converts followed each other s progress closely visiting each other and sending work back and forth across the Atlantic The outcome of their labors was not what the converts had hoped Although they influenced the Catholic Church for three or four generations they were unable to restore it to the central place in Western intellectual life that it had enjoyed before the Reformation The Seduction of the Mediterranean Robert Aldrich,2002-09-11

Through an explanation of forty figures in European culture The Seduction of the Mediterranean argues that the Mediterranean classical and contemporary was the central theme in homoerotic writing and art from the 1750s to the 1950s Episodes of exile murder drug taking wild homosexual orgies and court cases are woven into an original study of a significant theme in European culture The myth of a homoerotic Mediterranean made a major contribution to general attitudes towards Antiquity the Renaissance and modern Italy and Greece The Counterfeiters Hugh Kenner,2005

Wide ranging enough to encompass Buster Keaton Charles Babbage horses and a man riding a bicycle while wearing a gas mask The Counterfeiters is one of Hugh Kenner s greatest achievements In this fascinating work of literary and cultural criticism Kenner seeks the causes and outcomes of man s ability to simulate himself a computer that can calculate quicker than we can and his world a mechanical duck that acts the same as a living one This intertangling of art and science of man and machine of machine and art is at the heart of this book He argues that the belief in art as a uniquely human expression is complicated and questioned by the prevalence of simulations or counterfeits in our culture Kenner with his characteristically accessible style and wit brings together history literature science and art to locate the personal in what is an increasingly counterfeit world Buckley: Victorian Temper Jerome Hamilton Buckley,2012-11-12 First Published in 1966 This volume is selected collection of what can be constituted as Victorian Temper with parallel motifs in Victorian painting and in the plastic arts The author draws most freely upon literary sources including a good many minor writers whose work whatever its subsequent fate was in its day broadly representative

He has sought an interpretation of what might be called the Victorian temper rather than a reappraisal of Victorian talents
