Bureau of Education,1879 The End of Ottoman Rule in Bosnia Hannes Grandits,2021-12-30 This book focuses on the end of four centuries of Ottoman rule in Bosnia and Herzegovina in the 1870s After an introduction to the region and the political zeitgeist of the late 1860s and early 1870s it examines in detail the dramatic years beginning in the summer of 1875 when the outbreak of violent unrest in the eastern Herzegovinian region bordering Montenegro led to a massive refugee catastrophe The study traces the surprising further political and social dynamics to the summer and fall of 1878 when a Habsburg army finally invaded the Bosnian Vilayet and took control of the province but only after months of fighting against massive local resistance throughout the province This book cannot be viewed in isolation from larger political dynamics which are also constantly present in this study as they unfolded However as this book attempts to show it is hardly possible to understand the often contradictory effects of these larger political dynamics without delving deeper into the complex local rationalities and constraints on the action of the actors involved in them The End of Ottoman Rule in Bosnia will appeal to students teachers and researchers in late Ottoman and Bosnian history *Contributions to the History of American Geology* George Perkins Merrill,1906 *Reader's Guide to American History* Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history **Bulletin of the Public Library of the City of Boston** Boston Public Library,1896 *The Wealth and Commerce of Nations, and the Question of Silver* Ernest Seyd,1878 **The Chemical News and Journal of Physical Science** ,1776 **House Documents, Otherwise Publ. as Executive Documents** United

States. Congress. House, 1878 *Coping with Defeat* Jonathan Laurence, 2021-06-22 How do centralized institutional religions make peace with the modern state's displacement of their traditional prestige and power? What are the factors that can promote the mutual acceptance of religious communities and the secular rule of law? These are the questions posed in Jonathan Laurence's new book which argues that Roman Catholicism and Sunni Islam have trod surprisingly similar paths in their respective histories. Contemporary Roman Catholicism and Sunni Islam both descend from religious states and empires: the Papacy in the case of Catholicism and the Caliphate in the case of Islam. As religious political orders, the Western Church and the Islamic Caliphate ruled vast territories and populations. Each set of religious political institutions made law, controlled land, and governed people for roughly four centuries. Yet both suffered three similar upheavals and challenges: the end of empires, the rise of the modern national state, and significant outward migrations from the home base of the religious tradition. Laurence suggests that the historical experience of Catholicism offers a useful model for those concerned about the contemporary Sunni Muslim leadership's attitude toward the modern state. Just as Catholicism worldwide benefited from the survival of the Vatican micro-state and its ability to exert guidance over the religious belief and practice of Catholics worldwide, so argues Laurence, Muslim majority states should continue to exert control over mosques, imam training, and religious education to reconcile Islam with the rule of law and thus with the authority of the secular state. This book is based on prodigious archival research in Vatican and Ottoman Archives and on interviews conducted with senior officials responsible for Islamic affairs or public religious education in Algiers, Ankara, Casablanca, Istanbul, Oran, Rabat, Tunis, and with senior interior ministry and foreign ministry officials in various European capitals responsible for relations with North African, Turkish, Qatari, and Saudi ministries of Islamic and religious affairs. **Congressional Record** United States. Congress, 1977 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* 1789-1824, the *Register of Debates in Congress* 1824-1837, and the *Congressional Globe* 1833-1873.
