**Federalism: or the question of exclusive power, the true issue in the present monetary and political discussions in the United States, etc** John W. King, 1840      *A Question of Power* Robert Bryce, 2020 If in the ancient world it was guns and germs and steel that determined the fates of people and nations in modern times it is electricity No other form of power translates into affluence and influence like it Though demand for it is growing exponentially it remains one of the most difficult forms of energy to supply and to do so reliably Storage is even harder This paradox has shaped global politics affected the outcome of wars and underlies the growing chasm between rich and poor educated and uneducated It is changing the game for business and the requirements of national defense It is altering the landscape and complicating the task of dealing effectively with climate change In this book Robert Bryce explains the unique nature of electricity as a commodity He draws on stories from history to illustrate the stunning impact of our quest to harness it illuminates exactly what is required to successfully sustain it and explores the impact on societies and individuals when it collapses As billions of people around the world still live in darkness the gap between the electricity haves and have nots

widens with profound political and ethical consequences Modern life even civilization has become ever more dependent on a source of energy that must be produced locally and in the moment in a reliably steady stream at particular wattage conveyed on wires strung on poles or threaded through pipes If the lights go out so does our manner of living with potentially devastating consequences

**A Question of Power** ,2011 **The Power of an Open Question** Elizabeth Mattis Namgyel, 2010-09-14 A bold playful and invigorating look at how asking challenging questions without expectations can lead Buddhist practitioners to powerful spiritual insights Pema Ch dr n How do we find a resting place in a world that is complex and always changing How do we practice spirituality beyond the limits of blind acceptance and doubt Elizabeth Mattis Namgyel proposes that when we ask challenging questions like these we access our deepest intelligence and most powerful insights When we ask a question Mattis Namgyel suggests our mind is engaged yet open The process of inquiry protects us from our tendency to reach static conclusions Instead we can respond to uncertainty and change with inquisitiveness and a sense of wonder By telling the story of the Buddha s awakening Mattis Namgyel shows us that by contemplating hard questions and by not simply rejecting seeming contradictions in his experience the Buddha became enlightened Her book guides us on a provocative playful and spiritually enriching journey of contemplation that could last a lifetime *Official Report of Debates, House of Commons* Canada. Cheers Good Time Saloons, Inc., 440 MICH 367 (1992)* ,1992 89871 *Ji xie gong cheng shi* ,1917 **Foucault, Crime and Power** Christian Borch, 2014-11-13 This

book presents a Foucauldian problematisation analysis of crime with a particular focus on the twentieth century. It considers how crime has been conceived as a problem and by scrutinising the responses that have been adapted to deal with crime demonstrates how a range of power modalities have evolved throughout the twentieth century. Christian Borch shows how the tendency of criminologists to focus on either disciplinary power or governmentality has neglected the broader complex of Foucault's concerns ignoring its historical underpinnings whilst for the most part limiting studies to only very recent developments without giving sufficient attention to their historical backdrop. The book uses developments in Denmark that can be readily identified in most other western countries as a paradigmatic case for understanding how crime has been problematised in the West. Thus Foucault's *Crime and Power: Problematisations of Crime in the Twentieth Century* demonstrates that a Foucauldian approach to crime holds greater analytical potentials for criminological research than have so far been recognized.      **Electrical World** ,1921      **Electric Railway Journal** ,1921
