

A Question of Character: a life of John F. Kennedy

Reeves, Thomas C.

Note: This is not the actual book cover

Question Of Character John F Kennedy In Image And Reality

Puja Mehta

Question Of Character John F Kennedy In Image And Reality:

Leaders from the 1960s David De Leon, 1994-06-22 The throngs at Woodstock Jane Fonda in Hanoi I Have a Dream burning draft cards fire in the streets these images of the 1960s are still very much alive today What happened to the people and principles that dominated that decade Which leaders from those turbulent years had the most lasting effect on our lives today How well have the principles for which those leaders fought so strongly withstood the test of time This thought provoking biographical dictionary allows the reader to study the leaders both conservative and liberal their ideals and their enduring influence With major sections on racial democracy peace and freedom sexuality and gender the environment radical culture and visions of alternative societies *Leaders from the 1960s* includes entries on a wide selection of nationally prominent activists of the 1960s In addition to those who dominated only the sixties the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s Each entry provides a biographical sketch but the focus of the entries is on the person's basic concepts or the essence of his or her work and the public response it generated Included are extensive bibliographies on the individuals and the period

John F. Kennedy and New Frontier Diplomacy, 1961-1963 Timothy P. Maga, 1994

Perils of Dominance Gareth Porter, 2006-09-20 Gareth Porter presents a new interpretation of how and why the US went to war in Vietnam He provides a challenge to the prevailing explanation that US officials adhered blindly to a Cold War doctrine that loss of Vietnam would cause a domino effect leading to communist dominance of the area

Men Astutely Trained Peter McDonough, 2008-06-30 A perceptive provocative analysis of the transformation that swept through American Catholicism in the decades leading up to Vatican II The Jesuits have been the carriers of a culture borne along by a fruitful often frustrating tension between their dual commitment to ancient virtues to the pursuit of the free play of ideas This book explains developments among the Jesuits and sets them in the larger context of the sea changes that shook the world and the Catholic Church in the world during the mid 20th century

Choosing War Fredrik Logevall, 2023-09-01 In one of the most detailed and powerfully argued books published on American intervention in Vietnam Fredrik Logevall examines the last great unanswered question on the war Could the tragedy have been averted His answer a resounding yes Challenging the prevailing myth that the outbreak of large scale fighting in 1965 was essentially unavoidable *Choosing War* argues that the Vietnam War was unnecessary not merely in hindsight but in the context of its time Why then did major war break out Logevall shows it was partly because of the timidity of the key opponents of US involvement and partly because of the staunch opposition of the Kennedy and Johnson administrations to early negotiations His superlative account shows that US officials chose war over disengagement despite deep doubts about the war's prospects and about Vietnam's importance to US security and over the opposition of important voices in the Congress in the press and in the world community They did so because of concerns about credibility not so much America's or the Democratic party's credibility but their own personal credibility Based on six years of painstaking

research this book is the first to place American policymaking on Vietnam in 1963-65 in its wider international context using multiarchival sources many of them recently declassified Here we see for the first time how the war played in the key world capitals not merely in Washington Saigon and Hanoi but also in Paris and London in Tokyo and Ottawa in Moscow and Beijing Choosing War is a powerful and devastating account of fear favor and hypocrisy at the highest echelons of American government a book that will change forever our understanding of the tragedy that was the Vietnam War In one of the most detailed and powerfully argued books published on American intervention in Vietnam Fredrik Logevall examines the last great unanswered question on the war Could the tragedy have been averted His answer a resounding yes Challenging

The Biography Book Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E s Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

America and the Indochina Wars, 1945-1990 Lester H. Brune, Richard Dean Burns, 1992

Making Peace with the 60s David Burner, 1998-01-11 This history of America in the 1960s covers the civil rights movement Kennedy and the Cold War the counter culture and Beat Generation the student rebellion and the Vietnam War It argues that liberalism self destructed by emphasizing race and ethnicity instead of class and wealth

America in the World Michael J. Hogan, 1995 A survey of the historical literature on intelligence and national security during the Cold War

The Cold War, 1945-1991: Leaders and other important figures in the United States and Western Europe Benjamin Frankel, 1992 Presents a chronology of the Cold War from 1945 through 1991 and features alphabetically arranged entries that examine the major events concepts terms and themes that dominated the period
