The Question of God Heinz Zahrnt, 1966 The Question of God Heinz Zahrnt, 1969 Systematic Theology Wolfhart Pannenberg, 1991 **Christology in Cultural Perspective** Colin J. D. Greene, 2015-10-14 Christology defines the very heart of the Christian faith Traditionally the study of the person and work of Christ has been understood largely as an exercise in biblical exegesis or historical and doctrinal analysis Rarely if ever has Christology focused on the changing cultural paradigms that have deeply influenced the development of human knowledge and self understanding This unique volume by Colin Greene reverses that trend and in line with developments in modern cultural theory explores the interlaces between successive cultural contexts and the story of Jesus to which the Scriptures bear witness Starting with an examination of the three main Christological trajectories that have dominated the history of Christology cosmological Christology political Christology and anthropological Christology Greene proceeds to concentrate on the subtle and complex linkages between Christology and the sociopolitical paradigms that have bolstered the epistemological assumptions of modernity Greene s wide ranging study closes with a creative exploration into how Christology might once again provide us with a Christ centered vision of reality

Disputed Truth Hans Küng, 2014-07-03 The second volume of riveting memoirs from Hans Kung the leading and controversial theologian Hans K ng has been a major influence on post war Christianity by any reckoning A peritus for the second Vatican council he then went on to publish a number of controversial books including *Infallible An Enquiry* 1971 which enraged the Vatican and caused him to lose the ecclesiastical approval of his teaching at the university of T bingen However he remains a respected priest in good standing with his bishop Throughout all the upheavals that the Catholic Church has undergone in recent decades K ng has been an outspoken observer turning himself from enfant terrible to b te noire However his world influence has been great Whether speaking at the United Nations or consorting with politicians and religious leaders he is always listened to with respect and enthusiasm A string of recent books has added to his reputation notably *On Being a Christian* 1974 and *Does God Exist An Answer for Today* 1980 What is not so well known is that as a young man K ng was a close friend and confidant of Joseph Ratzinger Benedict XVI Over the years however they increasingly came to represent exactly what the other most despised On being appointed to the Holy See Ratzinger had a long private meeting with K ng the consequences of which may resonate within the Catholic Church for many years In these thrilling memoirs K ng gives his personal account of all these struggles and ambitions The result is a book of major importance for any student of the church in the 20th century This second volume covers the period following the close of the Second Vatican Council right up to the present day Introducing Biblical

Hermeneutics Craig G. Bartholomew, 2015-11-10 2016 Word Guild Award Academic category Honorable mention Grace Irwin Prize Renowned scholar Craig Bartholomew coauthor of the bestselling textbook *The Drama of Scripture* writes in his main area of expertise hermeneutics to help seminarians pursue a lifetime of biblical interpretation Integrating the latest research in theology philosophy and biblical studies this substantive hermeneutics textbook is robustly theological in its approach takes philosophical hermeneutics seriously keeps the focus throughout on the actual process of interpreting Scripture and argues that biblical interpretation should be centered in the context and service of the church an approach that helps us hear God's address today **Radical Monotheism and Western Culture** Helmut Richard Niebuhr, 1993-01-01 This reissue of a classic work of H Richard Niebuhr one of the most influential and creative theological ethicists of the twentieth century highlights his mature thinking By using path breaking interpretations of faith as a basic dimension of human life and culture as an arena of faith in conflict Niebuhr encourages further thought This volume should be required reading for anyone interested in recent perspectives on theology and ethics The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field Not the Cross, But the Crucified Herman-Emiel Mertens, 1992 Herman Emiel Mertens is Professor of Dogmatic Theology at the Faculty of Theology of the Catholic University of Leuven since 1969 **Anselm Revisited** Robert D. Shofner, 2023-10-09

Reinhold Niebuhr Paul Merkley, 1975 This book examines Niebuhr's early career as a preacher in the movement known as Social Gospel his middle years as a writer and political activist in the context of American liberalism and socialism and his mature career as an oracle of the Vital Center against the background of the Cold War's effects on the American liberal consensus It concludes with an essay on Niebuhr's philosophy of history which it is argued contains those elements of his thought which will survive the inevitable lessening of his reputation as a political commentator and which will secure his distinction as one of America's few original philosophers Publisher *Hope in Barth's Eschatology* John C. McDowell, 2017-11-22 This title was first published in 2000 *Hope in Barth's Eschatology* presents a critical investigation and survey of Karl Barth's writings particularly his *Church Dogmatics* IV/3 in order to locate the character and nature of hope within Barth's eschatology Arguing that Barth with his form of hope that refuses to shy away from the dark themes of the tragic vision could be seen to undermine certain tragic sensibilities necessary for a healthy account of hope John McDowell locates Barth within the context of larger traditions of theological thinking and influential accounts of Christian hope examining the work of Steiner MacKinnon Pannenberg Rahner Moltmann and others Addressing the relative neglect that Barth commentators have paid to eschatological themes McDowell maintains that to miss what Barth is doing in his eschatology is to seriously misunderstand Barth's broader theological sense This book offers a significant contribution to the ongoing task of understanding Barth's theology whilst developing a way of reading hope and eschatology that ultimately

places some critical questions at Barth's door **Sources of Christian Theology in America** Mark G. Toulouse, James O. Duke, 1999 This volume is intended as a companion to the story already told in *Makers of Christian Theology in America* Abingdon 1997 by scholars who sketched intellectual portraits of 91 thinkers formative in Christian theological discussion Emphasis is on theologians or theologies which reach considerably beyond their denominational regional ethnic or school support bases The volume thus has selections of the sort standard and revisionist histories alike have cause to take into account in their field surveys The focus is on the traditions of scholarly Christian church theology and the selections offer access to substantive content at some considerable length using complete and self contained samples when possible instead of snippets The four eras of Christian theology's history in America covered by these sixty readings are the colonial early national post Civil War to World War I and twentieth century developments *Die Sache mit Gott. The question of God. Protestant theology in the twentieth century. Translated ... by R. A. Wilson* Heinz Zahrnt, R. A. Wilson (Translator.), 1969

What I Believe Hans Küng, 2010-09-16 Hans Kung is one of the most celebrated theologians of the present day His audience which is strong within his own Roman Catholic Church is equally solid among Christians of other denominations among those outside the churches and indeed among those at the frontiers of organised religion From the start he has been a rebel being Swiss and a lover of personal freedom Many of his books such as *Infallible* and *On Being a Christian* have rocked the Papal boat Now after publishing two magnificent and acclaimed volumes of memoirs Kung has written a much shorter and more personal book to explain his own beliefs If one sets aside all scientific knowledge and learning all formal theological language and the skilful construction of theories what remains as the core of faith What do we need for our lives What is indispensable to us Kung writes of trust in life joy in life and suffering in life and in so doing gives us a summa of his own faith and life [The Crucified God](#) Jurgen Moltmann, 2014-04-15 This work on the significance of the crucifixion takes death despair and dreadfulness with total seriousness and relates these to a liberating hope of redemption through divine agony and suffering **Paul and the Faithfulness of God** N. T. Wright, 2013-11-01 This highly anticipated two book fourth volume in N T Wright's magisterial series *Christian Origins and the Question of God* is destined to become the standard reference point on the subject for all serious students of the Bible and theology The mature summation of a lifetime's study this landmark book pays a rich tribute to the breadth and depth of the apostle's vision and offers an unparalleled wealth of detailed insights into his life times and enduring impact *Divine Revelation* Paul Avis, 2004-04-23 Divine revelation is one of the most fundamental of all theological questions Indeed some might say if we could be clear about whether there is a revelation from God where it is located what form it takes and who has the authority to interpret it we could solve all other theological problems Although the question of revelation is crucial it has not received the attention commensurate with its strategic significance in theology The seminal approaches of Barth Rahner and Pannenberg for example are conducted at such an abstract and sophisticated level as to be inaccessible to beginners and although the work of several individual

modern theologians is worthwhile there is a significant lack of comprehensive resources on the topic Several years in preparation this volume aims to redress that deficiency The contributors originating from England Scotland Ireland the United States and Canada represent a spectrum of religious traditions and views The aim is to provide biblical historical contemporary and reflective resources on the ways in which divine revelation has been understood in the history of Christian theology and is now understood in theological discussion Ideal for students of theology in universities colleges and seminaries for those attending training courses for the priesthood and for lay Christians of all denominations Divine Revelation enables readers to think constructively about this vital topic in a way that is conducive to a critical informed and living faith

Ramified Natural Theology in Science and Religion Rodney Holder, 2020-10-15 This book offers a rationale for a new ramified natural theology that is in dialogue with both science and historical critical study of the Bible Traditionally knowledge of God has been seen to come from two sources nature and revelation However a rigid separation between these sources cannot be maintained since what purports to be revelation cannot be accepted without qualification rational argument is needed to infer both the existence of God from nature and the particular truth claims of the Christian faith from the Bible Hence the distinction between bare natural theology and ramified natural theology The book begins with bare natural theology as background to its main focus on ramified natural theology Bayesian confirmation theory is utilised to evaluate competing hypotheses in both cases in a similar manner to that by which competing hypotheses in science can be evaluated on the basis of empirical data In this way a case is built up for the rationality of a Christian theist worldview Addressing issues of science theology and revelation in a new framework this book will be of keen interest to scholars working in Religion and Science Natural Theology Philosophy of Religion Biblical Studies Systematic Theology and Science and Culture
