## **Questioning Krishnamurti Dialogues With Leading 20th Century Thinkers:**

*Encountering Buddhism in Twentieth-Century British and American Literature* Lawrence Normand, Alison Winch, 2013-10-24 *Encountering Buddhism in Twentieth Century British and American Literature* explores the ways in which 20th century literature has been influenced by Buddhism and has been in turn a major factor in bringing about Buddhism's increasing spread and influence in the West Focussing on Britain and the United States Buddhism's influence on a range of key literary texts will be examined in the context of those societies evolving modernity Writers discussed include T S Eliot Hermann Hesse Virginia Woolf Jack Kerouac Allen Ginsberg J D Salinger Iris Murdoch Maxine Hong Kingston This book brings together for the first time a series of context rich interpretations that demonstrate the importance of literature in this ongoing cultural change in Britain and the United States *The Transformative Philosophical Dialogue* Shai Tubali, 2023-09-25 This book explores dialogue as a transformative form of philosophical practice by unveiling the method behind the unique dialogue developed by mystic and thinker Jiddu Krishnamurti 1895 1986 While Krishnamurti himself generally rejected the cultivation of systems and techniques Shai Tubali argues that there are easily identifiable patterns through which Krishnamurti strove to realize his dialogical aims For this reason he refers to this method whose existence has evaded Krishnamurti's followers and scholars alike as the Krishnamurti dialogue He suggests that these discursive patterns serve to broaden our understanding of the possibilities of philosophical and religious dialogues and further illuminate established forms of dynamic discourse such as the Socratic method Inspired by Pierre Hadot's revolutionary reading of the classical Greco Roman texts the author centers his attention on Plato's Socratic dialogues and the guru disciple conversations in the Hindu Upanishads which fall within the scope of what may be termed the transformative dialogue dialogues that have been written with the intention of bringing about a transformation in the mind of the interlocutor and reader and reorienting their way of life This text appeals to students as well as researchers and suggests that the Krishnamurti dialogue is not only a continuation and development of the transformative dialogue but that it also amalgamates ingredients of classical Western philosophy and South Asian mysticism Moreover this type of dialogue encourages readers to revisit the lost practice of transformative philosophy in that it reveals new pathways of philosophical and religious inquiry that bear thought provoking practical implications *The Publishers Weekly*, 1996 **Questioning Krishnamurti** Jiddu Krishnamurti, 1996 This book contains a fascinating collection of dialogues between one of the greatest mystics of the twentieth century and other great influential thinkers *Whitaker's Books in Print*, 1998 *Indian Books in Print*, 2003 **Journal of Indian Council of Philosophical Research**, 2005 **Indian Review of Books**, 2000 **Books in Print Supplement**, 2002 **Subject Guide to Books in Print**, 2001 *Books in Print*, 1991 **Library Journal** Melvil Dewey, Richard Rogers Bowker, L. life and philosophy of the great Indian mystic and miracle worker Sathya Sai Baba He was a spiritual mentor philosopher  
public figure and the most significant miracle worker of our time Sai Baba preached the unity of all religions taught  
meditation practices and his blessings healed and changed people s lives For me Sathya Sai Baba is a divine teacher who  
helped at all levels of human existence from the highest spiritual realizations to the most everyday problems related to health  
family life and creativity All issues that were important to people were also important to him *Inside the Vatican* ,2003

**Thought** J Krishnamurti,2022-09-09 In these talks given in New Delhi Bombay London Saanen Paris and Madras  
Krishnamurti begins by defining what he means by the word discussion and what it means to go beyond thought I think  
before we begin it should be made clear what we mean by discussion To me it is a process of discovery through exposing  
oneself to the fact That is in discussing I discover myself the habit of my thought the way I proceed to think my reactions the  
way I reason not only intellectually but inwardly It is really exposing oneself not merely verbally but actually so that the  
discussion becomes a thing worth while to discover for ourselves how we think Because I feel if we could be serious enough  
for an hour or a little more and really fathom and delve into ourselves as much as we can we shall be able to release not  
through any action of will a certain sense of energy which is all the time awake which is beyond thought An extensive  
compendium of Krishnamurti s talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to  
1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a  
frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not  
limited to the subject of the title but rather offers a unique view of Krishnamurti s extraordinary teachings in selected years  
The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and  
authentic form
