Nesson,2020-06-19 Wilhelm Loehe is one of the most significant nineteenth century figures for North American church life and mission whose influence continues into the present Loehe is unique for joining together aspects of the Christian life often held to be antithetical worship and mission orthodoxy and pietism evangelical proclamation and diakonia and theological imagination and practical skill in administration Already in the nineteenth century Loehe

contributed a vital principle for advancing ecumenical understanding the idea of open questions When the church confesses core teachings as one there does not need to be agreement on all secondary matters in order to live together in church fellowship This book explores Loehe s historical activity as a pastor as a supporter of mission in North America as an organizer together with Friedrich Bauer of theological education in North America and as a founder of deaconess institutions in Neuendettelsau Germany that still exist today The central themes represented by Loehe not only constitute a matrix that has significance for the church and its mission today but also constitute an agenda for the church of the future *Minutes* English Evangelical Lutheran Synod of the Northwest (U.S.). The Lost Supper Matthew Colvin,2019-07-27 What did Jesus intend when he spoke the words This is my body The Lost Supper argues that Jesus words and actions at the Last Supper presupposed an already existing Passover ritual in which the messiah was represented by a piece of bread Jesus was not instituting new symbolism but using an existing symbol to speak about himself Drawing on both second temple and early Rabbinic sources Matthew Colvin places Jesus words in the Upper Room within the context of historically attested Jewish thought about Passover The result is a new perspective on the Eucharist a credible first century Jewish way of thinking about the Last Supper and Lord s Supper and a sacramentology that is also at work in the letters of the apostle Paul Such a perspective gives us the historical standpoint to correct Christian assumptions past and present about how the Eucharist works and how we ought to celebrate it [Author List of Caroliniana in the University of South Carolina Library](#) Elisabeth D.
