Democracy's News G. Michael Killenberg, Rob Anderson, 2023-02-20 Since the Founding America s faith in a democratic republic has depended on citizens who could be trusted to be communicators Vigorous talk about equality rights and collaboration fueled the revolution the Declaration of Independence and the Constitution with its amendments In a republic the people set the terms for their lives not individually but in community The genius of keeping it alive exists in how everyday citizens talk and listen write and read for a common good Dialogue and deliberation rather than an accumulation of individual preferences sustains a republic yet a diminished and scarred institution of journalism jeopardizes citizens access to shared and truthful information A disturbing what s in it

for me attitude has taken over many citizens and a creeping autocratic sense of dismissive accusation too often characterizes the political style of elected officials The basic fuel for democracy is the willingness of informed citizens to take each other seriously as they talk about political choices Once we begin to clam up build walls and dismiss each other we unravel the threads tying us to the Founders vision of a republic A free press and free speech become meaningless if not supported by sustained listening to multiple positions There are those who profit by dividing citizens into two camps a comfortable us versus a scary them They make their case with accusations and often with lies They warp the very meaning of communication hoping citizens never truly discover each other s humanity Democracy s News discusses today s problems of public communication in the context of history law and interpersonal life News should not be something to dread mistrust or shun Aided by reliable factual journalism citizens can develop a community based knowledge to cope with social issues great and small They come to treat neighbors and strangers as more than stereotypes or opponents They become collaborators with whom to identify and sustain a working republic where news citizenship and public discourse merge *College Student Journal* ,2007 *American Book Publishing Record* ,2004 **Cumulative Book Index** ,1998 A world list of books in the English language *Instructor's Guide* Adler,2000-07 *Presentations in Everyday Life* Isa N.
