working philosophers may develop further      The Doctrine of the Holy Spirit Yacob Godebo,2025-07-03 The Scriptures teach the church that in biblical times the coming of the Holy Spirit equally entailed objective gift of divine reality and subjective experience of his presence gifts and works There was objective pouring out and imparting of the Holy Spirit from the divine side and subjective experiential demonstration from the receivers side which resulted from the gifts endowed and power imparted along with the Holy Spirit Having given them either verbally uttered or visibly performed gifts the Holy Spirit then moved believers towards practical demonstration through subjective experience Believers subjective experience took place only as a result of the objective gift of the Holy Spirit and the resulting endowment and empowerment Thus in the objective content of his manifestation the Holy Spirit is the objective gift of God to indwell his people In the subjective content of his manifestation the Holy Spirit endows people with audibly uttered or visibly performed gifts The subjective experience of the Holy Spirit s presence therefore is an original theological input from God just like the objective impartation of the Holy Spirit Practitioners were just objects of divine purpose and their subjective experience was divine provided and divine initiated genuine experience beyond their consciousness and calculation Reception of the Holy Spirit therefore means equally an experience of his presence gifts power and works in the church and in with and through believers from Hosanna to Maranatha      *The Freedom of God* James Daryn Henry,2018-05-30 The Freedom of God wrangles with the unfolding legacy of Christian theologian Robert Jenson and presents the first in depth study of his teaching on the Holy Spirit It is a specialist monograph that will entice those with interest in academic theology systematics and twentieth and twenty first century Christian thought especially the post Barthian historicist electionism and the post Rahnerian immanent and economic trinitarian project conversations Devoted readers of the works of Robert Jenson scholars of pneumatology third article theology or pentecostal renewal movements practitioners of liberation theology and supporters of ecumenical theology will all be particularly gripped by the analysis developed in this work As a text the Freedom of God could find a home in graduate seminars seminary classrooms and in classes for advanced undergraduates for those studying Jenson as a way into systematic theology and contemporary Christian thought or in any thematic doctrinal courses on the Holy Spirit or the Trinity      *Spiritual Theology* Diogenes Allen,1997-01-25 Allen covers the great questions of the spiritual life what is the Christian goal what leads us toward that goal and what hinders us what is conversion how can we discern our progress in the spiritual life what are the fruits of the Spirit      **Nursing as Ministry** Kristen L. Mauk,Mary Hobus,2019-10-01 Designed to be a student friendly textbook for faith based schools this first edition text focuses on nursing as ministry not just spiritual care      The Driving Force of Spiritual Powers in World History Rudolf Steiner,2023-05-05 7 lectures in Dornach Switzerland March 11 23 1923 CW 222 Historical happenings on Earth can be understood in their reality only when we see them as reflections of what is being enacted in the supersensible spiritual world between the beings of the higher hierarchies Rudolf Steiner March 17 1923 What is the qualitative difference between the utterance of true and untrue words Is there one How

about between living and dead thoughts What is the origin of war and strife among peoples on Earth How can humanity find a right relationship to the beings of the spiritual world These are among the compelling questions addressed by Rudolf Steiner in this concise yet powerful series of lectures given in March 1923 comprising this volume of The Collected Works of Rudolf Steiner In these lectures Steiner portrays among other things the work of various hierarchical beings both in collaboration and sometimes in opposition to one another whose activity and strife in the spiritual world is mirrored in the migrations of and wars among peoples on Earth The clashes between East and West for example are thus seen in an entirely new light heralding a sea change in the approach to history No longer should events on Earth be viewed as isolated within themselves but rather as interwoven in a grand vibrant tapestry formed from the threads that connect humanity on Earth with the activity and aims of exalted spiritual beings Humanity has profound potential for both good and evil The question is whether we will be able to rise to a renewed form of cognition through which we can once again grasp living spiritual reality or we will persist in the dead intellectualized thinking so common today thinking that as Steiner points out in the final lecture of this volume if not transformed will lead to the gradual destruction of Earth itself These lectures are a tour de force that should not be neglected by any serious student of history or the future of humanity and human life more broadly Includes 10 color plates This volume is a translation from German of Die Impulsierung des weltgeschichtlichen Geschehens durch geistige Mächte Rudolf Steiner Verlag 1989 GA 222 Cover Image Naval Battle of Lepanto 1571 by Luca Cambiasi 1521 1585 at the Royal Monastery of San Lorenzo de El Escorial Spain

*A Necessary Consequence* Steven Olsen, 2025-06-25 Is agreement on the language of Scripture sufficient to determine agreement on doctrines Or is it possible for individuals with differing doctrines to agree on the language of Scripture If so how can we ascertain what another truly believes *A Necessary Consequence* is a historical study and evaluation of the necessity of using confessional language to clarify one's beliefs based on Scripture English Baptists in the seventeenth century witnessed the rise of antitrinitarianism In response General Baptists used only scriptural language to discuss the Trinity thereby weakening their doctrine as antitrinitarian views were tolerated However Particular Baptists entered the eighteenth century stronger having clearly stated their belief with confessional trinitarian language The Salters Hall Debates in 1719 highlighted the divide in these two approaches In 1720 Broadmead Church inaugurated Bristol Baptist Academy with the conviction of imparting sound confessional doctrine to its alumni
