Runk, 2003-03 Here at last is the comprehensive collection you've been searching for to minister effectively to your children during worship Drawn from every book of the New Testament *The Giant Book Of Children's Sermons* Matthew To Revelation contains five full years worth of material you can share with your young disciples Each of the 260 talks teach children God's Word through the use of common objects that illustrate an important concept in the scriptures The messages come from Wesley Runk a pastor and master communicator with kids who has written over 30 best selling collections of children's sermons and object lessons Runk uses a warm and often humorous approach to take on even the tough topics of the New Testament and the analogies he creates with the use of such simple objects as bananas clocks puzzles and funnels add visual focus for the kids and help them grasp the point on a level suitable for their age Now whether you are preaching from the Gospels Acts the letters of Paul the general Epistles or even Revelation you are sure to find an appropriate related talk for the children And with convenient features like scripture and object indexes for quickly locating material as well as a CD with text files that lets you easily adapt the messages to your specific circumstances *The Giant Book Of Children's Sermons* may be the last children's collection you ever need **Samson and Goliath and Other Sermons** M. Gaboury, 2014-09-08 These sermons were originally written for some female cousins of mine when they were in their early teens And they were written with a view to benefiting young persons in general both male and female The sermon titles reflect that broader aim Characters like Mary Samson and Goliath are featured subjects like fighting kissing and teasing are treated While morals are gleaned from the Bible that is not done at the expense of preaching a necessity to be saved by the life death and resurrection of Jesus Christ *Samson and Goliath and other Sermons* is suitable for persons who are ten years of age or older The bull's eye age is somewhere between twelve and eighteen It depends on a person's knowledge and maturity I say with concern that there is more careful exposition behind this cover than there is behind most pulpits Therefore do not hesitate to indulge if you are an adult The reading of books ought to lead us to better books With this in mind I include at the close my reviews of the following two books from the Puritan era *A Token for Children* and *God's Call to Young People*
