David Friedrich Strauß, Father of Unbelief Frederick C. Beiser, 2020-08-27 David Friedrich Strauss is a central figure in 19th century intellectual history The first major source for the loss of faith in Christianity in Germany his work Das Leben Jesu was the most scandalous publication in Germany during his time His book was a critique of the claims to historical truth of the New Testament which had been the mainstay of Protestantism since the Reformation As the father of unbelief his critique of Christianity preceded that of Nietzsche Marx Feuerbach and Schopenhauer His views imposed a harsh fate upon him he was persecuted for his beliefs by religious and political authorities and was denied employment in the university and government forcing him to live as a free lance writer He led a wandering and isolated life as an outcast Here Frederick C Beiser studies the intellectual development of Strauss and recounts his fate which began in faith as a young man but finally ended in unbelief

Encyclopedia of Information Science and Technology, First Edition Khosrow-Pour, D.B.A., Mehdi, 2005-01-31 Comprehensive coverage of critical issues related to information science and technology

Die Design Fundamentals Vukota Boljanovic, J. R. Paquin, 2005 Retaining its unique and much praised organization this leading text has been revised to reflect the most recent

developments in design tools It provides balanced coverage of relevant fundamentals and real world practices so that students apprentices and on the job professionals can understand the important and often complex interrelationships between die design and the economic factors involved in manufacturing sheet metal forming products Following introductory material and a discussion of 20 types of dies in Chapter 2 the design process of a representative die is separated into seventeen distinct chapters Each chapter is one step which is illustrated in two ways first as a portion of an engineering drawing that is as the component is actually drawn on the design Second the die design is shown pictorially in order to improve the user s visualization In successive sections each step is detailed as it is applied to the design of the various types of dies listed in Chapter 2 Features Includes English and Metric systems Covers new methods of producing blanks such as waterjet cutting and laser cutting Contains a glossary of terms for the first time Illustrates each step in pictorial view and as a portion of an engineering drawing Offers a completely revised chapter on presses and quick die changing systems and includes the addition of Quick Die Change Systems
