s many regions infamously rooted in tradition and often romanticized a narrative of rich sauces and delicate pasta passed down from one generation to the next so honed and perfected they needn't ever change. There's an air of mystery, a sense that no one person could ever grasp the true nature and breadth of authentic Italian cookery. But it's a beguiling, seductive inscrutability, the kind that hooks you and keeps you coming back for more. The recipes contained in this cookbook will give you a good cross section of Italian inspired dishes that you can quickly create in under half an hour. The colors and flavors of these culinary delights will amaze your guests and inspire you to try them again and again. Depending on the crowd and the dish, the beverage you serve with these meals is just as important as the meal itself, so I would recommend trying the suggested wine pairings mentioned in the recipe description as well as the recommended side dishes. If you are the host and cook of a great Italian meal, it is customary to begin the meal by saying Buon Appetito and watch your guests savor every delicious morsel.
