Karmen MacKendrick, 2001-03-01 Drawing on philosophy theology and literature from the early Middle Ages to the present *Immemorial Silence* traces a series of intertwined ideas Exploring silence as the absence of language which is nonetheless inherent in language itself and eternity as the outside of time cutting through time itself the book unfolds a series of connections between these temporal and linguistic themes **Silently Seduced** Kenneth M. Adams, 2011-09-01 When a parent singles out a child for special privileges and attention that child is often unaware that the relationship is unhealthy even incestuous As adults these children struggle to feel validated because while they have not been directly abused they feel a sense of violation and crossed boundaries usually done in the name of love and caring The parent's love feels more confining than freeing more demanding than giving more intrusive than nurturing Yet these children suffer from what psychologist Kenneth Adams calls *The Silent Seduction* because there is nothing loving or caring about a close parent child relationship that services the needs of the parent rather than the child In this revised and updated 20th anniversary edition of his groundbreaking book *Silently Seduced* Dr Adams explains how feeling close especially with the opposite sex parent is not the source of comfort the image suggests especially when that child is cheated out of a childhood by being a parent's surrogate partner He offers a framework to understand this covert incest and its effect on sexuality intimacy and relationships and how victims can begin the process of recovery **Linger** Hetty Lui McKinnon, 2025-10-07 My culinary life

**Parenting** Gary L. Thomas,2004 An exploration of the spiritual dynamics of parenting Many books have been written about how to parent a child effectively how to become a better parent and how effective parenting produces better kids But Sacred Parenting the new book by Gary Thomas author of Sacred Marriage delves into an entirely different reality how parenting affects the parent It explores the spiritual dynamics of parenting and why caring for children is such an effective discipline in shaping our souls and forming the character of Christ within us Thomas doesn t tell parents how to handle a chronically sick

or rebellious child but he does help parents find spiritual meaning behind the almost heroic care such children require Because Sacred Parenting is not a how to book it openly admits the difficulties struggles and failures that often accompany parenting And it goes on to show how God uses those trying and discouraging times to build up the parents who experience them Parents of all children will be encouraged by the examples of how other men and women have successfully handled the challenges and occasional defeats of parenting and will be inspired by stories that reaffirm the spiritual value of being a parent
