In a time of acute crisis when our societies face a complex series of challenges race gender inclusivity changing pedagogical needs and a global pandemic we urgently need to re access the nature of our engagement with the Classical World This edited collection argues that we need to discover new ways to draw on our discipline and the material it studies to engage in meaningful ways with these new academic and societal challenges The chapters included in the collection interrogate the very processes of reception and continue the work of destabilising the concept of a pure source text or point of origin Our aim is to break through the boundaries that still divide our ancient texts and material culture from their reception and interpretive communities Our contributors engage with these questions theoretically and or through the close examination of cultural artefacts They problematise the concept of a Western elitist canon and actively push the geographical boundaries of reception as both a local and a global phenomenon Individually and cumulatively they actively engage with the question of how to marshal the classical past in our efforts to respond to the challenges of our mutable contemporary world **Insight Guides England**

Generation From Chlo Cooper Jones Pulitzer Prize finalist philosophy professor Whiting Creative Nonfiction Grant recipient an exquisite Oprah Daily and groundbreaking memoir about disability motherhood and the search for a new way of seeing and being seen I am in a bar in Brooklyn listening to two men my friends discuss whether my life is worth living So begins Chlo Cooper Jones's bold revealing account of moving through the world in a body that looks different than most Jones learned early on to factor pain calculations into every plan every situation Born with a rare congenital condition called sacral agenesis which affects both her stature and gait her pain is physical But there is also the pain of being judged and pitied for her appearance of being dismissed as less than The way she has been seen or not seen has informed her lens on the world her entire life She resisted this reality by excelling academically and retreating to the neutral room in her mind until it passed But after unexpectedly becoming a mother in violation of unspoken social taboos about the disabled body something in her shifts and Jones sets off on a journey across the globe reclaiming the spaces she'd been denied and denied herself From the bars and domestic spaces of her life in Brooklyn to sculpture gardens in Rome from film festivals in Utah to a Beyoncé concert in Milan from a tennis tournament in California to the Killing Fields of Phnom Penh Jones weaves memory observation experience and aesthetic philosophy to probe the myths underlying our standards of beauty and desirability and interrogates her own complicity in upholding those myths Bold honest and superbly well written Andre Aciman author of *Call Me By Your Name* *Easy Beauty* is the rare memoir that has the power to make you see the world and your place in it with new eyes

American Aberdeen-Angus Herd Book American Angus Association, 1907 *Aftershock* Kieran Cashell, 2009-08-30 Accused by the tabloid press of setting out to shock controversial artworks are vigorously defended by art critics who frequently downplay their disturbing emotional impact This is the first book to subject contemporary art to a rigorous ethical exploration It argues that in favouring conceptual rather than emotional reactions commentators actually fail to engage with the work they promote Scrutinising notorious works by artists including Damien Hirst Jake and Dinos Chapman Richard Billingham Marc Quinn Sally Mann Marcus Harvey Hans Bellmer Paul McCarthy Tierney Gearon and Tracey Emin *Aftershock* insists on the importance of visceral emotional and ethical responses Far from clouding our judgement Cashell argues shame outrage or revulsion are the very emotions that such works set out to evoke While also questioning the catch-all notion of transgression this illuminating and controversial book neither jumps indiscriminately to the defence of shocking artworks nor dismisses them out of hand
