QUIXOTIC FICTIONS OF THE USA 1792-1815

Sarah F. Wood

Quixotic Fictions Of The Usa 1792 1815

J. A. Garrido Ardila

Quixotic Fictions Of The Usa 1792 1815:

Quixotic Fictions of the USA 1792-1815 Sarah F. Wood, 2005-11-03 *Quixotic Fictions of the USA 1792 1815* explores the conflicted and conflicting interpretations of Don Quixote available to and deployed by disenchanted writers of America's new republic. It argues that the legacy of Don Quixote provided an ambiguous cultural icon and ironic narrative stance that enabled authors to critique with impunity the ideological fictions shoring up their fractured republic. Close readings of works such as *Modern Chivalry*, *Female Quixotism* and *The Algerine Captive* reveal that the fiction from this period repeatedly engaged with Cervantes's narrative in order to test competing interpretations of republicanism to interrogate the new republic's multivalent crises of authority and to question both the possibility and the desirability of an isolationist USA and an autonomous American literature. Sarah Wood's study is the first book-length publication to examine the role of Don Quixote in early American literature. Exploring the extent to which the literary culture of North America was shaped by a diverse range of influences, it addresses an issue of growing concern to scholars of American history and literature. *Quixotic Fictions* reaffirms the global reach of Cervantes's influence and explores the complex contradictory ways in which Don Quixote helped shape American fiction at a formative moment in its development.

Quixotic Fictions of the USA, 1792-1815 Sarah Florence Wood, 2023 Examining the role of Don Quixote in early American literature Sarah Wood looks at the extent to which the literary culture of North America was shaped by a diverse range of influences addressing an issue of growing concern to scholars of American history and literature.

Philadelphia Stories Samuel Otter, 2013-01-02 In *Philadelphia Stories* Samuel Otter finds literary value, historical significance and political urgency in a sequence of texts written in and about Philadelphia between the Constitution and the Civil War. Historians such as Gary B. Nash and Julie Winch have chronicled the distinctive social and political space of early national Philadelphia. Yet while individual writers such as Charles Brockden Brown, Edgar Allan Poe and George Lippard have been linked to Philadelphia, no sustained attempt has been made to understand these figures and many others as writing in a tradition tied to the city's history. The site of William Penn's Holy Experiment in religious toleration and representative government and of national Declaration and Constitution near the border between slavery and freedom, Philadelphia was home to one of the largest and most influential free African American communities in the United States. The city was seen by residents and observers as the laboratory for a social experiment with international consequences. Philadelphia would be the stage on which racial character would be tested and a possible future for the United States after slavery would be played out. It would be the arena in which various residents would or would not demonstrate their capacities to participate in the nation's civic and political life. Otter argues that the Philadelphia experiment, the term used in the nineteenth century, produced a largely unacknowledged literary tradition of peculiar forms and intensities in which verbal performance and social behavior assumed the weight of race and nation.

The Cervantean Heritage J. A. Garrido Ardila, 2017-12-02 Many critics regard Cervantes's *Don Quixote* as the most influential literary book on British

literature Indeed the impact on British authors was immense as can be seen from 17th century plays by Fletcher Massinger and Beaumont through the great 18th century novels of Fielding Smollett Sterne and Lennox and on into more modern and contemporary novelists 20th century critics fascinated by Cervantes were moved to write what we now see as the classical works of Cervantes scholarship Through their previous publications the eminent contributors to this volume have helped to determine the reception of Cervantes in Britain Together they now offer a comprehensive and innovative picture of this topic discussing the English translations of Cervantes s works the literary genres which developed under his shadow and the best known authors who consciously emulated him Cervantes s influence upon British literature emerges as decidedly the deepest of any writer outside of English and very possibly of any writer since the Renaissance **A World of Disorderly Notions**

Aaron R. Hanlon, 2019-05-30 Shortlist Oscar Kenshur Book Prize From Jonathan Swift to Washington Irving those looking to propose and justify exceptions to social and political norms turned to Cervantes s notoriously mad comic hero as a model *A World of Disorderly Notions* examines the literary and political effects of Don Quixote arguing that what makes this iconic character so influential across oceans and cultures is not his madness but his logic Aaron Hanlon contends that the logic of quixotism is in fact exceptionalism the strategy of rendering oneself an exception to everyone else s rules As British and American societies of the Enlightenment developed the need to question the acceptance of various forms of imperialism and social contract theory and to explain both the virtues and limitations of revolutions past and ongoing it was Quixote s exceptionalism not his madness that captured the imaginations of so many writers and statesmen As a consequence the eighteenth century witnessed an explosion of imitations of Quixote in fiction and polemical writing by writers such as Jonathan Swift Charlotte Lennox Henry Fielding and Washington Irving among others Combining literary history and political theory Hanlon clarifies an ongoing and immediately relevant history of exceptionalism of how states from Golden Age Spain to imperial Britain to the formative United States rendered themselves exceptions so they could act with impunity In so doing he tells the story of how Quixote became exceptional *A Cultural History of Law in the Early Modern Age* Peter

Goodrich, 2021-03-11 Opened up by the revival of Classical thought but riven by the violence of the Reformation and Counter Reformation the terrain of Early Modern law was constantly shifting The age of expansion saw unparalleled degrees of internal and external exploration and colonization accompanied by the advance of science and the growing power of knowledge *A Cultural History of Law in the Early Modern Age* covering the period from 1500 to 1680 explores the war of jurisdictions and the slow and contested emergence of national legal traditions in continental Europe and in Britannia Most particularly the chapters examine the European quality of the Western legal traditions and seek to link the political project of Anglican common law the *mos britannicus* to its classical European language and context Drawing upon a wealth of textual and visual sources *A Cultural History of Law in the Early Modern Age* presents essays that examine key cultural case studies of the period on the themes of justice constitution codes agreements arguments property and possession wrongs and the

legal profession **Founded in Fiction** Thomas Koenigs, 2024-11-26 This monograph presents a new history of early American literature that traces the diverse forms of fiction circulating in the early United States 1789 1861 and how they shaped the way Americans thought and argued about political and cultural issues of their age **Encyclopedia of American Literature** Manly, Inc., 2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Brucoli George Parker Anderson Judith S **Don Quixote** Slav N. Gratchev, Howard Mancing, 2017-11-06 This book is a unique scholarly attempt to examine Don Quixote from multiple angles to see how the re accentuation of the world's greatest literary hero takes place in film theatre and literature To accomplish this task eighteen scholars from the USA Canada Spain and Great Britain have come together and each of them has brought his/her unique perspective to the subject For the first time Don Quixote is discussed from the point of re accentuation i.e. having in mind one of the key Bakhtinian concepts that will serve as a theoretical framework A primary objective was therefore to articulate relying on the concept of re accentuation that the history of the novel has benefited enormously from the re accentuation of Don Quixote helping us to shape countless iconic novels from the eighteenth century and to see how Cervantes's title character has been reinterpreted to suit the needs of a variety of cultures across time and space **Enlightenment Orientalism in the American Mind, 1770-1807** Matthew H. Pangborn, 2018-09-07 This study engages with the emerging field of energy humanities to provide close readings of several early American oriental observer tales The popular genre of orientalism offered Americans a means to critique new ideas of identity history and nationality accompanying protoindustrialization and a growing consumerism The tales thus express a complex self reflection during a time when America's exploitation of its energy resources and its engagement in a Franco-British world system was transforming the daily life of its citizens The genre of the oriental observer this study argues offers intriguing glimpses of a nation becoming strange in the eyes of its own inhabitants *Charles Brockden Brown's Wieland, Ormond, Arthur Mervyn, and Edgar Huntly* Charles Brockden Brown, 2009-11-15 On *Wieland* or the Transformation An impressive edition the most thoroughly satisfying historical and literary contextualization for the novel that I've ever encountered Shapiro and Barnard offer a rich transatlantic artistic and ideological context that helps pull the whole novel into coherent focus The footnotes to the novel are incredibly thorough helpful and interesting This Hackett edition of *Wieland* is the freshest and most topical of those now available Dana D Nelson Vanderbilt University On *Ormond* or the Secret Witness Philip Barnard and Stephen Shapiro have produced an awesome edition of Brown's *Ormond* by providing copious explanatory notes and helpful documentation of the essential historical context of feminist radical egalitarian and abolitionist expression Oh ye patriots read it and learn Peter Linebaugh University of Toledo On *Arthur Mervyn* or *Memoirs of the Year 1793* This new edition of *Arthur Mervyn* far exceeds any previous version of this remarkable American novel Through exhaustive archival research the editors have produced a reliable text constructed within the intellectual cultural political and religious contexts of a society informing Brown's efforts to capture and preserve the formation of the early

republic for generations of readers and cultural historians This vital text is essential reading for anyone interested in the origins of the United States Emory Elliott University Professor University of California Riverside On Edgar Huntly or Memoirs of a Sleep Walker This is now the edition of choice for those of us who teach Brown s fascinating Edgar Huntly Barnard and Shapiro explore the relevant historical cultural and literary backgrounds in their illuminating Introduction they skillfully annotate the text they provide useful and up to date bibliographies and they append a number of revealing primary texts for further cultural contextualization This edition will help to stimulate new thinking about race empire and sexuality in Brown s prescient novel of the American frontier Robert S Levine University of Maryland *Arthur Mervyn; or, Memoirs of the Year 1793* Charles Brockden Brown,2008-03-15 Set during the epic Philadelphia yellow fever epidemic of 1793 Charles Brockden Brown s classic gothic novel Arthur Mervyn or Memoirs of the Year 1793 connects the outbreak with the upheavals of the revolutionary era and the murderous financial networks of Atlantic slavery This edition of Arthur Mervyn offers selections from key contemporary texts as well as excerpts from Brown s own writings on slavery race and the uses of history in fiction Ormond; or, the Secret Witness Charles Brockden Brown,2009-09-15 As it tells the story of Constantia Dudley from her family s financial collapse to her encounters with a series of cosmopolitan revolutionaries and reactionaries Charles Brockden Brown s Ormond or The Secret Witness 1799 develops a sustained meditation on late Enlightenment debates concerning political liberty women s rights conventions of sex gender and their relation to the reshaping of an Atlantic world in the throes of transformation This edition of Ormond includes Brown s Alcuin 1798 an important dialogue on women s rights and marriage as well as his key essays on history and literature along with selections from contemporary writings on women s education and revolution debates that figure in the novel s background and in the charged atmosphere of the late 1790s Writing the Reader Dorothee Birke,2016-08-08 The history of the novel is also a history of shifting views of the value of novel reading This study investigates how novels themselves participate in this development by featuring reading as a multidimensional cultural practice English novels about obsessive reading written in times of medial transition serve as test cases for a model that brings together analyses of form and content **Discerning Characters** Christopher J. Lukasik,2011-07-11 In this path breaking study of the intersections between visual and literary culture Christopher J Lukasik explores how early Americans grappled with the relationship between appearance and social distinction in the decades between the American Revolution and the Civil War Through a wide range of evidence including canonical and obscure novels newspapers periodicals scientific and medical treatises and plays as well as conduct manuals portraits silhouettes and engravings Discerning Characters charts the transition from the eighteenth century s emphasis on performance and manners to the search for a more reliable form of corporeal legibility in the wake of the Revolution The emergence of physiognomy which sought to understand a person s character based on apparently unchanging facial features facilitated a larger shift in perception about the meanings of physical appearance and its relationship to social distinction The ensuing struggle between

the face as a pliable medium of cultural performance and as rigid evidence of social standing Lukasik argues was at the center of the post Revolutionary novel which imagined physiognomic distinction as providing stability during a time of cultural division and political turmoil As Lukasik shows this tension between a model of character grounded in the fluid performances of the self and one grounded in the permanent features of the face would continue to shape not only the representation of social distinction within the novel but more broadly the practices of literary production and reception in nineteenth century America across a wide range of media The result is a new interdisciplinary interpretation of the rise of the novel in America that reconsiders the political and social aims of the genre during the fifty years following the Revolution In so doing *Discerning Characters* powerfully rethinks how we have read and continue to read both novels and each other

Broken Heads and Bloated Tales Sarah Florence Wood, University of London, 2003 *American Political Humor* Jody C. Baumgartner, 2019-10-07 This two volume set surveys the profound impact of political humor and satire on American culture and politics over the years paying special attention to the explosion of political humor in today's wide ranging and turbulent media environment Historically there has been a tendency to regard political satire and humor as a sideshow to the wider world of American politics entertaining and sometimes insightful but ultimately only of modest interest to students and others surveying the trajectory of American politics and culture This set documents just how mistaken that assumption is By examining political humor and satire throughout US history these volumes not only illustrate how expressions of political satire and humor reflect changes in American attitudes about presidents parties and issues but also how satirists comedians cartoonists and filmmakers have helped to shape popular attitudes about landmark historical events major American institutions and movements and the nation's political leaders and cultural giants Finally this work examines how today's brand of political humor may be more influential than ever before in shaping American attitudes about the nation in which we live

The Oxford Handbook of Charles Brockden Brown Philip Barnard, Hilary Emmett, Stephen Shapiro, 2019-05-15 Over the past few decades the writings of Charles Brockden Brown 1771-1810 have reclaimed a place of prominence in the American literary canon Yet despite the explosion of teaching research and an ever increasing number of doctoral dissertations there remains no up to date overview of Brown's work The Oxford Handbook of Charles Brockden Brown provides a state of the art survey of the life and writings of Charles Brockden Brown a key writer of the Atlantic revolutionary age and U S Early Republic The seven novels he published during his lifetime are now studied for their narrative complexity innovations in genre and social political commentaries on life in early America and the revolutionary Atlantic Through the late twentieth century Brown was best known as an author of political romances in the gothic mode that proved to be widely influential in romantic era and has generated large amounts of scholarship as a crucial figure in the history of the American novel This Handbook extends its focus beyond the well known novels to address the full range of Brown's prolific literary career The Handbook includes original essays on all of Brown's fiction and nonfiction writings and offers new interpretations

of the contexts of his work from the literary social political and economic to the scientific commercial and religious The thirty five contributors in this volume speak in new ways about Brown s depictions of literary theory social justice sexuality and property relations as well as colonialism slavery Native Americans and women s rights Brown s perspectives on American and global history emerging modernity selfhood and otherness and other topics are explained in comprehensible and up to date terms In addition to opening up new avenues of research The Oxford Handbook of Charles Brockden Brown provides the intellectual foundations needed to understand Brown s enduring impact and literary legacy The Novel: An Alternative History, 1600-1800 Steven Moore, 2013-08-29 Winner of the Christian Gauss Award for excellence in literary scholarship from the Phi Beta Kappa Society Having excavated the world s earliest novels in his previous book literary historian Steven Moore explores in this sequel the remarkable flowering of the novel between the years 1600 and 1800 from Don Quixote to America s first big novel an homage to Cervantes entitled Modern Chivalry This is the period of such classic novels as Tom Jones Candide and Dangerous Liaisons but beyond the dozen or so recognized classics there are hundreds of other interesting novels that appeared then known only to specialists Spanish picaresques French heroic romances massive Chinese novels Japanese graphic novels eccentric English novels and the earliest American novels These minor novels are not only interesting in their own right but also provide the context needed to appreciate why the major novels were major breakthroughs The novel experienced an explosive growth spurt during these centuries as novelists experimented with different forms and genres epistolary novels romances Gothic thrillers novels in verse parodies science fiction episodic road trips and family sagas along with quirky unclassifiable experiments in fiction that resemble contemporary avant garde works As in his previous volume Moore privileges the innovators and outriders those who kept the novel novel In the most comprehensive history of this period ever written Moore examines over 400 novels from around the world in a lively style that is as entertaining as it is informative Though written for a general audience The Novel An Alternative History also provides the scholarly apparatus required by the serious student of the period This sequel like its predecessor is a zestfully encyclopedic avidly opinionated and dazzlingly fresh history of the most elastic of literary forms Booklist **The Bookrunner** Nancy Vogeley, 2011-01-01 In the first decade of the 19th century the U S and Mexico reached out to one another to initiate diplomacy trade and cultural borrowings Each faced the task of decolonization and nation building This book explores the political and cultural history of Mexico at the time of its independence from Spain At the center of the study are letters written to the Philadelphia book publisher Mathew Carey by Thomas Robeson a book agent Carey sent to Mexico in 1822 Author Vogeley demonstrates the important role that the inter American book trade played in the formation of post colonial national identities in the Americas and casts a new light on the historical interconnections between print capitalism and nationalism Illustrations
