The Serekh Texts Sarianna Metso, 2007-05-03 The Serekh Texts discusses the central rule documents produced by a pious Jewish community of the Essenes that lived at Qumran by the Dead Sea at the turn of the era. The texts describe the life of a highly ascetic group that had rejected the hellenistic Jewish culture and had withdrawn into the desert to live a life of perfect obedience to the Torah. Sarianna Metso introduces the twelve manuscripts of the Community Rule found in Qumran Caves 1, 4, and 5 in terms of their content, textual history, literary function, and significance for the study of ancient Judaism and early Christianity. The writings of the community open a fascinating window onto the religious life in Palestine at the time of the emergence of early Christianity and rabbinic Judaism. There are few other contemporary Jewish sources in which the life and religious practices of a Jewish group are so vividly and authentically illustrated. The Serekh Texts provides an accessible summary of current scholarly discussion on the central topics related to the Community Rule, such as the community's identity and history, and offers comprehensive bibliographies for further study.

Qumran Cave 4 Shemaryahu Talmon, Jonathan Ben-Dov, Uwe Glessner, 1968 Calendars and the celebration of feasts and holidays form an important part of religious and national movements Often they cause debate and lead to schism It is well documented that the Qumran community followed a solar calendar which differed fundamentally from the lunar calendar observed at the Temple in Jerusalem This volume contains texts composed by the Qumran community which delineated its calendar considered God ordained Some of the texts were written in a unique script known as Cryptic A indicating their esoteric and secret nature

Beyond the Qumran Community John J. Collins, 2010 With the full publication of the Dead Sea Scrolls fresh analysis of the evidence presented can be and indeed should be made Beyond the Qumran Community does just that reaching a surprising conclusion the sect described in the Dead Sea Scrolls developed later than has usually been supposed and was never confined to the site of Qumran John J. Collins here deconstructs the Qumran community and shows that the sectarian documents actually come from a text spread throughout the land He examines the Community Rule or Yahad and considers the Teacher of Righteousness a pivotal figure in the Essene movement After examining the available evidence Collins concludes that it is in fact overwhelmingly likely that the site of Qumran housed merely a single settlement of a very widespread movement

The Dead Sea Scrolls at Qumran and the Concept of a Library Sidnie White Crawford, Cecilia Wassen, 2015-10-14 The Dead Sea Scrolls at Qumran and the Concept of a Library presents twelve articles by renowned experts in the Dead Sea Scrolls and Qumran studies These articles explore from various angles the question of whether or not the collection of manuscripts found in the eleven caves in the vicinity of Khirbet Qumran can be characterized as a library and if so what the relation of that library is to the ruins of Qumran and the group of Jews that inhabited them The essays fall into the following categories the collection as a whole subcollections within the overall corpus and the implications of identifying the Qumran collection as a library

Judaism in Late Antiquity 5. The Judaism of Qumran: A Systemic Reading of the Dead Sea Scrolls Alan Avery-Peck, Jacob Neusner, Bruce D. Chilton, 2015-11-02 The authors have asked of the documents of the Dead Sea Library found at Qumran a simple question how does each participate in a single Judaic religious system They propose a reading of the Scrolls from the hypothesis that all of them in one way or another rest upon one authoritative Judaism Their analysis of the Dead Sea Scrolls describes how diverse writings hold together to make a single coherent statement to stand for a religious system possessed of integrity and wisdom This account of the world view of Judaism covers principal questions addressed to any Judaic religious system the doctrine of God the Torah and matters of history wisdom and mysticism When it comes to the way of life they include the evidence of the material culture of the community as well as practical matters of religious conduct How the community's world view comes to realization is suggested by its treatment of the calendar by its provision of laws that concern women by questions of cultic and secular purity by its piety and forms of worship and views of Temple sacrifice and the like Finally with the community's definition of Israel and of itself in relationship to Israel inclusive of Israelites excluded from this Israel an account is gained of the theory of who and what is Israel that animates the particular Judaism represented in these writings

Lyon, 2015-09-28 The Dead Sea Scrolls have opened up for modern readers the ancient world of Jewish interpretation of the Bible during the Second Temple period Among these scrolls are several manuscripts dating to the first century BC the oldest surviving texts dealing with interpretation of the Genesis Flood A literary analysis of the four primary Qumran Flood texts 1QapGen 4Q252 4Q370 and 4Q422 reveals how ancient Jews interpreted and employed the Genesis Flood narrative These texts contain commentary paraphrase and admonition among other things addressing issues such as the cause chronology and purpose of the Flood In addition these fragmentary treasures reveal such ancient understandings of the Flood as a reversal and renewal of creation a restoration of Eden and anticipation of the Promised Land and an archetype of eschatological judgment Scribes and Scrolls at Qumran Sidnie White Crawford, 2019-07-02 The discovery of the Dead Sea Scrolls altered our understanding of the development of the biblical text the history and literature of Second Temple Judaism and the thought of the early Christian community Questions continue to surround the relationship between the caves in which the scrolls were found and the nearby settlement at Khirbet Qumran In *Scribes and Scrolls at Qumran* Sidnie White Crawford combines the conclusions of the first generation of scrolls scholars that have withstood the test of time new insights that have emerged since the complete publication of the scrolls corpus and the much more complete archaeological picture that we now have of Khirbet Qumran She creates a new synthesis of text and archaeology that yields a convincing history of and purpose for the Qumran settlement and its associated caves *The Dead Sea Scrolls, Volume 5A* James H. Charlesworth, 2022-10-11 The Thanksgiving Hymns have been labeled the mystical gems among the Dead Sea Scrolls Some of them may have been composed by the genius who is known as the Righteous Teacher in the Dead Sea Scrolls Other psalms hymns or odes were composed by members of the Qumran Community This volume includes all fragments and all portions of the manuscripts of this superb witness to the height of Jewish poetry and thought before 70 CE and the end of early Judaism Preliminary work on the major manuscript was conducted by Professor Doron Mendels of Israel and Professor Hermann Lichtenberger of Germany Professor

The Eerdmans Dictionary of Early Judaism John J. Collins, Daniel C. Harlow, 2010-11-11. The Dictionary of Early Judaism is the first reference work devoted exclusively to Second Temple Judaism, fourth century b.c.e. through second century c.e. The first section of this substantive and incredible work contains thirteen major essays that attempt to synthesize major aspects of Judaism in the period between Alexander and Hadrian. The second and significantly longer section offers 520 entries arranged alphabetically. Many of these entries have cross references and all have select bibliographies. Equal attention is given to literary and nonliterary, i.e. archaeological and epigraphic evidence, and New Testament writings are included as evidence for Judaism in the first century c.e. Several entries also give pertinent information on the Hebrew Bible. The Dictionary of Early Judaism is intended to not only meet the needs of scholars and students at which it succeeds admirably but also to provide accessible information for the general reader. It is ecumenical and international in character, bringing together nearly 270 authors from as many as twenty countries and including Jews, Christians, and scholars of no religious affiliation.

The Secret of Time: Reconfiguring Wisdom in the Dead Sea Scrolls Arjen F. Bakker, 2023-02-13. This book contributes to the rethinking of the Dead Sea Scrolls as an essential and integral part of Judaism in the Greco-Roman period. The Qumran manuscripts attest to the reconfiguration of Jewish wisdom concepts in this period. Strikingly, reflection on time as the organizing principle behind all of reality is formative for these emerging concepts which are expressed by the enigmatic phrase *r z nihyeh*. The secret of time invites us to venture beyond existing categorizations and explore a rich conceptual framework that is manifested across a wide range of texts beyond generic categories and overcoming the sectarian divide.

The laureate is well known for his expertise in the languages of the Bible and cognate studies, and this volume includes contributions covering as far as possible the wide field of his interests. Some of his friends and colleagues from all parts of the world are presenting him with this valuable collection of forty-two articles. They include studies on the Greek of the Septuagint, Hebrew, Biblical and Qumran Aramaic, Old Official and Qumran Syriac, and Neo-Aramaic, Canaanite, Amarna, Ugaritic and Phoenician, Punic, Medieval Jewish exegesis, and Karaite studies. M. F. J. Baasten and W. Th. van Peursen, two former students of Muraoka at Leiden, have edited the volume.

The Caves of Qumran Marcello Fidanzio, 2016-11-01. In Qumran studies, the attention of scholars has largely

been focused on the Dead Sea Scrolls while archaeology has concentrated above all on the settlement This volume presents the proceedings of an international conference Lugano 2014 dedicated entirely to the caves of Qumran The papers deal with both archaeological and textual issues comparing the caves in the vicinity of Qumran between themselves and their contents with the other finds in the Dead Sea region The relationships between the caves and the settlement of Qumran are re examined and their connections with the regional context are investigated The original inventory of the materials excavated from the caves by Roland de Vaux is published for the first time in appendix to the volume
