faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal **Am I Called? (Foreword by Matt Chandler)** Dave Harvey, 2012-03-31 Many men have the skills to lead a church but only some are called Dave Harvey helps men considering pastoral ministry to see God's active role in the process of discerning their calling God's Word offers a clear framework for evaluating one's call especially within the context of community Harvey offers six diagnostic questions to help prospective pastors process their calling and what they should be doing now if they aren't sure Illustrated with personal and historical stories Harvey explores biblical and practical principles for determining the pastoral call Over the past twenty four years of ministry Harvey has enjoyed assisting many men in discerning whether they are called into ministry This book will guide you through that all important process with wisdom and confidence in God's faithfulness in your life *Reformed Evangelicalism and the Search for a Usable Past* Ian Hugh Clary, 2020-09-07 The question of how theology shapes a Christian historian's reading of the past has been debated thoroughly in various academic periodicals Should historians recognise the role of providence in their accounts of past events Should they sympathise with their subject's theology Can objectivity be lost due to theological bias And last but not least is there a compromise of faith if one writes natural instead of supernatural history Such questions are important for understanding the historian's profession Arnold Dallimore who trained and specialised in pastoral ministry in Canada wrote an influential biography of the revivalist George Whitefield as well as others on Charles and Susanna Wesley Edward Irving and Charles Spurgeon How did his Reformed theological perspective impact his historiography How does his work fit into larger historiographical debates concerning the nature of Christian history While other books look at Christian historiography using abstract and methodological approaches this book examines the subject precisely by looking at the life and work of an individual historian It does so by placing Dallimore in the context of being a

minister in twentieth century Canada as well as his role in the development of Reformed Theology in the Anglosphere It also examines the quality of his various biographies focusing on key issues such as the nature of religious revival the problem of Christianity and slavery and the question of charismatic religious experience His study concludes by examining the relationship between the discipline and profession of church history and asking what is required for one to be considered a church historian

What the Victorians Made of Romanticism Tom Mole, 2020-06-09 This insightful and elegantly written book examines how the popular media of the Victorian era sustained and transformed the reputations of Romantic writers Tom Mole provides a new reception history of Lord Byron Felicia Hemans Sir Walter Scott Percy Bysshe Shelley and William Wordsworth one that moves beyond the punctual historicism of much recent criticism and the narrow horizons of previous reception histories He attends instead to the material artifacts and cultural practices that remediated Romantic writers and their works amid shifting understandings of history memory and media Mole scrutinizes Victorian efforts to canonize and commodify Romantic writers in a changed media ecology He shows how illustrated books renovated Romantic writing how preachers incorporated irreligious Romantics into their sermons how new statues and memorials integrated Romantic writers into an emerging national pantheon and how anthologies mediated their works to new generations This ambitious study investigates a wide range of material objects Victorians made in response to Romantic writing such as photographs postcards books and collectibles that in turn remade the public's understanding of Romantic writers Shedding new light on how Romantic authors were posthumously recruited to address later cultural concerns **What the Victorians Made of Romanticism** reveals new histories of appropriation remediation and renewal that resonate in our own moment of media change when once again the cultural products of the past seem in danger of being forgotten if they are not reimagined for new audiences

The Secularization of Baptism Mark G. McKim, 2025-01-31 Does God actually do anything in baptism Is it more than just a symbol Most early Baptists would have answered yes Most Baptists today would answer no How and why did this change happen and does it matter Providing thorough documentation of the changing understandings of baptism among American Canadian and English Baptists from the 1600s to the present day **The Secularization of Baptism** demonstrates that four factors led to the symbolic only position becoming dominant These were suspicion in reaction to Roman Catholicism of the idea of God revealing himself through the physical the influence of the Enlightenment and embarrassment with claims that God could be acting in the world today reaction against the Oxford Movement and reaction against the understanding of baptism advocated by the Disciples of Christ Campbellites The now dominant symbolic only position so focuses attention on what the believer is doing in baptism that God is seen as largely absent from and doing nothing through the rite in effect believers baptism has been secularized A carefully reasoned biblical and theological argument is made for a return to the Regular Particular Baptist view that God is both profoundly spiritually present and active in baptism while at the same time rejecting the sacramentalist

position advocated by a small number of mid twentieth and twenty first century Baptists such as H Wheeler Robinson George Beasley Murray Stanley K Fowler and Anthony R Cross *A Woman's Right to Rest* Denise George,2012-08-14 This book presents the fourteen different types of biblical rest and shows how tired and overworked women can incorporate them into their everyday lives Today's Christian women are tired They battle exhaustion physical mental emotional and spiritual They have too much work to do and far too many people who depend on them While they may treasure their roles as wives mothers church volunteers and career women oftentimes in trying to manage everything well they forfeit personal rest and refreshment time Without necessarily meaning to family members employers society and even the church often urge women to work harder and accomplish more Some women today believe they have no right to rest Many have never been given permission to rest Some Christian women admit they feel guilty or selfish when they rest as if they are wasting their time These women have never discovered the life enhancing secrets of biblical rest the type of rest God's Word clearly teaches Women need to know that God created them to rest both the put up your feet for ten minutes rest as well as the deeply satisfying life renewing rest God's Word teaches God gives his daughters permission to rest the right to rest In *A Woman's Right to Rest* you will discover the fourteen distinctive types of rest Scripture teaches and encourages and that biblical characters including Jesus himself demonstrate in the Gospels You will learn how to incorporate each type of rest into your busy everyday life What this book will do for readers Explain biblical rest and how it differs from society's denition of rest Teach the fourteen different types of biblical rest and how to incorporate them into everyday life Show Christian women that biblical rest is a Scriptural mandate not a luxury Explain why regular biblical rest is essential to a woman's life work and faith Show how biblical rest empowers and enhances a woman's total health relationships work career and God called ministry to others Provide practical ways to rest as taught by Scripture showing how to make each rest time a meaningful and spiritual experience **The Works of John Ruskin** John Ruskin,1908 **Works** John Ruskin,1908 *The Victorian Pulpit* Robert H. Public Speech and the Culture of Public Life in the Age of Gladstone Joseph S. Meisel, 2001-12-06 By the last decades of the nineteenth century more people were making more speeches to greater numbers in a wider variety of venues than at any previous time This book argues that a recognizably modern public life was created in Victorian Britain largely through the instrumentality of public speech Shedding new light on the careers of many of the most important figures of the Victorian era and beyond including Gladstone Disraeli Sir Robert Peel John Bright Joseph Chamberlain Winston Churchill Lloyd George Charles Haddon Spurgeon and Canon Liddon the book traces the ways in which oratory came to occupy a central position in the conception and practice of Victorian public life Not a study of rhetoric or a celebration of great oratory the book stresses the social developments that led to the production and consumption of these speeches
