The play begins in a factory that makes artificial people called roboti robots out of synthetic organic matter. They are not exactly robots by the current definition of the term these creatures are closer to the modern idea of cyborgs androids or even clones as they may be mistaken for humans and can think for themselves They seem happy to work for humans at first but that changes and a hostile robot rebellion leads to the extinction of the human race Capek later took a different approach to the same theme in War with the Newts in which non humans become a servant class in human society R U R is dark but not without hope and was successful in its day in both Europe and the United States R.U.R.
