

RABBINIC AUTHORITY

Is rabbinic authority based solely on the contemporary rabbi's powers of persuasion in granting personal support? What role, if any, do a rabbi's scholarly attainments or qualifications play as determinants of that rabbi's sense of authenticity? How is the rabbi, as it is a rabbi, affected by his or her personal religious? How should rabbinic authority be applied toward the Christian community?

The essays included in this important collection traverse a broad spectrum of views, reflecting some of the broad issues in rabbinic authority gathered into a single volume. Written by leading scholars at the Hebrew Union College Jewish Institute of Religion, with thoughtful, learned colleagues in the rabbinic community to debate the many ramifications of the complex questions. From rabbinic studies, a rabbi's authority, and towards what end?
