Paul LeBlanc

Rabotyagi Perestroika And After Viewed From Below:

Rabotygi David Mandel,1994 *Workers of the Donbass Speak* Lewis H. Siegelbaum,Daniel J. Walkowitz,1995-01-01

This is an oral and local history of the coal mining town of Donetsk in the Ukraine The workers describe their changing political and economic goals and their reaction to Western culture the rising tides of nationalism and religion **Marx, Lenin, and the Revolutionary Experience** Paul LeBlanc,2014-06-03 Marx Lenin and the Revolutionary Experience offers a fresh look at Communism both the bad and good and also touches on anarchism Christian theory conservatism liberalism Marxism and more to argue for the enduring relevance of Karl Marx and V I Lenin as democratic revolutionaries It examines the Red Decade of the 1930s and the civil rights movement and the New Left of the 1960s in the United States as well Studying the past to grapple with issues of war and terrorism exploitation hunger ecological crisis and trends toward deadening de spiritualization the book shows how the revolutionaries of the past are still relevant to today s struggles It offers a clearly written and carefully reasoned thematic discussion of globalization Marxism Christianity and religion in general Communism the history of the USSR and US radical and social movements Worker protests in post-communist Romania and Ukraine Mihai Varga,2016-05-16 Worker protests in post communist Romania and Ukraine is a book about strategies of trade unions confronting employers in difficult conditions The book s main idea is to study why and how successful forms of workers interest representation could emerge in a hostile context The post communist context makes it difficult for workers and trade unions to mobilise pose threats to employers and break out of their political isolation but even under such harsh conditions strategy matters for defending workers rights and living standards The cases studied in this book are 18 conflict episodes at 10 privatised plants in the Romanian steel industry and Ukraine s civil machine building sector in the 2000s This book should be relevant for anyone taking interest in how and to what extent workers can reassert their influence over the conditions of production in regions and economic sectors characterised by disinvestment of which outsourcing and lean methods of production are instances *A History Of Russia Volume 2* Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

Organized Labor In Postcommunist States Paul J. Kubicek,2010-11-23 The end of communism was marked by many ironies not the least of which was the emergence of working class movements that challenged what the party state called workers paradises Throughout eastern Europe labor unions played a significant role in bringing about regime change then emerged as the largest organizations in civil society Once well positioned to play a significant role in if not to dominate the postcommunist transformation of Russia Poland Ukraine and Hungary among other countries organized labor groups have

largely vanished from the stage Examining and explaining this disjunction is the focus of *Organized Labor in Postcommunist States* Paul Kubicek offers a comparative study of organized labor's fate in four postcommunist countries and examines the political and economic consequences of labor's weakness He notes that with few exceptions trade unions have lost members and suffered from low public confidence Unions have failed to act while changing economic policies have resulted in declining living standards and unemployment for their membership While some of labor's problems can be traced to legacies of the communist period Kubicek draws upon the experience of unions in the West to argue that privatization and nascent globalization are creating new economic structures and a political playing field hostile to organized labor He concludes that labor is likely to remain a marginalized economic and political force for the foreseeable

Working through the Past Teri L. Caraway, Maria Lorena Cook, Stephen Crowley, 2015-11-16 Democratization in the developing and postcommunist world has yielded limited gains for labor Explanations for this phenomenon have focused on the effect of economic crisis and globalization on the capacities of unions to become influential political actors and to secure policies that benefit their members In contrast the contributors to *Working through the Past* highlight the critical role that authoritarian legacies play in shaping labor politics in new democracies providing the first cross regional analysis of the impact of authoritarianism on labor focusing on East and Southeast Asia Eastern Europe and Latin America Legacies from the predemocratic era shape labor's present in ways that both limit and enhance organized labor's power in new democracies Assessing the comparative impact on a variety of outcomes relevant to labor in widely divergent settings this volume argues that political legacies provide new insights into why labor movements in some countries have confronted the challenges of neoliberal globalization better than others

The American Bibliography of Slavic and East European Studies Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology

Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Zirin, Irina Livezeanu, Christine D. Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes

Russian Workers Sarah Ashwin, 1999 This volume examines the issue

of workers organizations in Russia in the transition from communism and why Russian workers have tolerated the huge fall in living standards since Yeltsin's rise to power

Rabotygi David Mandel, 1994 *Bloody Saturday in the Soviet Union* Samuel H. Baron, 2001 This is the first complete story long hidden by the Soviet Union of the attack by government forces on striking workers in 1962 resulting in 21 dead and hundreds of others wounded or imprisoned Only with the advent of glasnost in the 1980s did the tight lid of secrecy placed on the entire episode by the Soviets begin slowly to lift

Class Theory and History Stephen A. Resnick, Richard D. Wolff, 2013-12-16 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company

Russian Talk Nancy Ries, 1997 As one of the first Western ethnographers working in Moscow Nancy Ries became convinced that talk is one crucial way in which Russian identity is constructed and reproduced Listening to the grim stories people used to characterize their lives during perestroika and encountering the florid pessimism with which Muscovites described the unraveling of Soviet governance Ries realized that these dire tales played a crucial role in fabricating a sense of shared experience and destiny While many of the narratives aptly depicted the chaotic social and political events they also promoted key images of Russianness and presented Russian society as an inescapable realm of injustice absurdity and suffering At the height of perestroika in the early 1990s Moscow residents commonly used the phrase complete ruin to refer to the disintegration of Russian society encompassing in that phrase the escalation of crime the disappearance of goods from stores the fall of production ecological catastrophes ethnic violence in the Caucasus the degradation of the arts and the flood of pornography Ries argues that such stories became a genre of folklore consistent in their lamenting portentous tone and their dramatic culturally poignant details

Beyond Capital István Mészáros, 2018-11-01 Not only profound in its analysis but also so passionately inspired by sympathy for the downtrodden and their struggle for liberation Daniel Singer The Nation This is an important book heavy in size and tone It belongs in every serious library Choice

Ours to Master and to Own Immanuel Ness, Dario Azzellini, 2011 From the dawning of the industrial epoch wage earners have organized themselves into unions fought bitter strikes and gone so far as to challenge the very premises of the system by creating institutions of democratic self management aimed at controlling production without bosses With specific examples drawn from every corner of the globe and every period of modern history this pathbreaking volume comprehensively traces this often underappreciated historical tradition Ripe with lessons drawn from historical and contemporary struggles for workers control Ours to Master and to Own is essential reading for those struggling to create a new world from the ashes of the old Immanuel Ness is professor of political science at Brooklyn College City University of New York and edits WorkingUSA Dario Azzellini is a writer documentary director and political scientist at Johannes Kepler University in Linz

Trade Unions in Russia and Ukraine S. Davis, 2001-10-30 As the Soviet Union collapsed many scholars and policymakers predicted that the pillars of Communism would collapse along with the state The official trade unions not only continued to exist but gained power in the late Soviet and post Soviet period Sue Davis explains the reasons why the

official trade unions survive and thrive and new independent unions remain small and weak despite massive Western assistance She examines many factors ranging from state policy to labour power in the late Soviet period as well as the first five years of the post Soviet era in Russia and Ukraine

The Defeat of Solidarity David Ost, 2018-07-05 How did the fall of communism and the subsequent transition to capitalism in Eastern Europe affect the people who experienced it And how did their anger affect the quality of the democratic systems that have emerged Poland offers a particularly provocative case for it was here where workers most famously seemed to have won thanks to the role of the Solidarity trade union And yet within a few short years they had clearly lost An oppressive communist regime gave way to a capitalist society that embraced economic and political inequality leaving many workers frustrated and angry Their leaders first ignored them then began to fear them and finally tried to marginalize them In turn workers rejected their liberal leaders opening the way for right wing nationalists to take control of Solidarity Ost tells a fascinating story about the evolution of postcommunist society in Eastern Europe Informed by years of fieldwork in Polish factory towns scores of interviews with workers labor activists and politicians and an exhaustive reading of primary sources his new book gives voice to those who have not been heard But even more Ost proposes a novel theory about the role of anger in politics to show why such voices matter and how they profoundly affect political outcomes Drawing on Poland s experiences Ost describes lessons relevant to democratization throughout Eastern Europe and to democratic theory in general

Labour After Communism David Mandel, 2004 The collapse of the Soviet Union led to a period of steep economic decline followed by economic reform soaring inflation corruption and crime Despite the fact that unions were part of the State and that membership was obligatory incorporating 98 percent of the labor force millions of workers were not paid their wages Based upon an abundance of first hand material Labour After Soviet Socialism examines the complex interplay of history ideology leadership state policy and economics to explain the difficulty workers have encountered in defending their interests David Mandel labor scholar and activist teaches political science at the University of Quebec Montreal He is co founder of the School for Worker Democracy which conducts rank and file labor education in Russia Ukraine and Belarus

Monthly Review , 1994

The Enigmatic Realm of **Rabotyagi Perestroika And After Viewed From Below**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Rabotyagi Perestroika And After Viewed From Below** a literary masterpiece penned with a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those that partake in its reading experience.
