Raccoon John Smith Frontier Kentuckys Most Famous Preacher:

Raccoon John Smith John Sparks, 2005-12-23 Lexington Kentucky has the honor of being the birthplace of one of the first genuinely homegrown American Christian faiths the Disciples of Christ Established in 1832 by the union of two Christian groups led by Alexander Campbell and Barton W Stone their descendent churches are now referred to by religious scholars as the Stone Campbell movement In the state s best tradition this historic movement soon acquired its own larger than life legend Raccoon John Smith the flamboyant frontier preacher of the southern Kentucky mountains Smith moved to the lowland Bluegrass and braved considerable odds to preach and establish the self described pure nondenominational Christianity of Stone and Campbell throughout the state and beyond The 1832 union of Stone and Campbell s churches was in fact formalized not by Stone and Campbell but by Stone together with Smith who represented Campbell s constituency in Kentucky Raccoon John Smith occupies a well deserved place both in Kentucky and Stone Campbell history All previous biographical studies have been colored by the religious faith he embraced and the legends that evolved around him however rather than giving an accurate account of Smith s life In Raccoon John Smith Elder John Sparks fills this void in the literature about Smith using historical sources to present a faithful portrait of a seminal frontier preacher and colorful figure in early Kentucky history

Raccoon John Smith Elder John Sparks, 2005-12-23 The Disciples of Christ one of the first Christian faiths to have originated in America was established in 1832 in Lexington Kentucky by the union of two groups led by Alexander Campbell and Barton W Stone The modern churches resulting from the union are known collectively to religious scholars as part of the Stone Campbell movement If Stone and Campbell are considered the architects of the Disciples of Christ and America s first nondenominational movement then Kentucky s Raccoon John Smith is their builder and mason Raccoon John Smith Frontier Kentucky s Most Famous Preacher is the biography of a man whose work among the early settlers of Kentucky carries an important legacy that continues in our own time The son of a Revolutionary War soldier Smith spent his childhood and adolescence in the untamed frontier country of Tennessee and southern Kentucky A quick witted thoughtful and humorous youth Smith was shaped by the unlikely combination of his dangerous feral surroundings and his Calvinist religious indoctrination The dangers of frontier life made an even greater impression on John Smith as a young man when several instances of personal tragedy forced him to question the philosophy of predeterminism that pervaded his religious upbringing From these crises of faith Smith emerged a changed man with a new vocation to spread a Christian faith wherein salvation was available to all people Thus began the long ecclesiastical career of Raccoon John Smith and the germination of a religious revolution Exhaustively researched engagingly written Raccoon John Smith is the first objective and painstakingly accurate treatment of the legendary frontier preacher The intricacies behind the development of both Smith s personal religious beliefs and the founding of the Christian Church are treated with equal care Raccoon John Smith is the story of a single man but in carefully examining the events and people that influenced Elder Smith this book also serves

as a formative history for several Christian denominations as well as an account of the wild early years of the Commonwealth of Kentucky

A Mere Kentucky of a Place Keith Harper, 2023-09-29 As the story goes an itinerant preacher once visited the Bluegrass region and proclaimed heaven to be a mere Kentucky of a place The Commonwealth's first Baptists certainly thought so as they began settling the region a decade before statehood By 1785 a group of pioneering preachers formed the Elkhorn Association widely regarded as the oldest Baptist association west of the Alleghenies Often portrayed in the historiography as the vanguard of a new frontier democracy the Elkhorn Association on closer inspection reveals itself to be far more complex In *A Mere Kentucky of a Place* Keith Harper argues that the association's Baptist ministers were neither full fledged frontier egalitarians nor radical religionists but simply a people in transition These ministers formed their identities in the crucible of the early national period challenged by competing impulses including their religious convictions Jeffersonian Republicanism and a rigid honor code with mixed results With a keen eye for human interest Harper brings familiar historical figures such as John Gano and Elijah Craig to life as he analyzes leadership in the Elkhorn Association during the early republic Mining the wealth of documents left by the association Harper details the self aware struggle of these leaders to achieve economic wealth status and full social and cultural acceptance demonstrating that the Elkhorn

Association holds a unique place in the story of Baptists in the New Eden of Kentucky Ideal for course adoption in religious studies and students of Kentucky history this readable work is sure to become a standard source on the history of religion on the Kentucky frontier Women at Fort Boonesborough, 1775-1784 Harry G. of the state and thus provided people with opportunities seldom found in other parts of North Carolina. This area drew residents from many ethnic backgrounds and the men and women who settled there became an integral part of the region's culture. Set against the backdrop of national and southern religious experience, *A Coat of Many Colors* examines issues of religious diversity and regional identity in the Cape Fear area. Author Walter H. Conser Jr. draws on a broad range of sources including congregational records, sermon texts, liturgy, newspaper accounts, family memoirs, and technological developments to explore the evolution of religious life in this area. Beginning with the story of prehistoric Native Americans and continuing through an examination of life at the end of the twentieth century, Conser tracks the development of the various religions, denominations, and ethnic groups that call the Cape Fear region home. From early Native American traditions to the establishment of the first churches, cathedrals, synagogues, mosques, and temples, *A Coat of Many Colors* offers a comprehensive view of the religious and ethnic diversity that have characterized Cape Fear throughout its history. Through the lens of regional history, Conser explores how this area's rich religious and racial diversity can be seen as a microcosm for the South, and he examines the ways in which religion can affect such diverse aspects of life as architecture and race relations.

Liquor in the Land of the Lost Cause Joe Coker, 2007-12-14 In the late 1800s, Southern evangelicals believed contemporary troubles, everything from poverty to political corruption to violence between African Americans and whites, sprang from the bottles of demon rum regularly consumed in the South. Though temperance quickly gained support in the antebellum North, Southerners cast a skeptical eye on the movement because of its ties with antislavery efforts. Postwar evangelicals quickly realized they had to make temperance appealing to the South by transforming the Yankee moral reform movement into something compatible with southern values and culture. In *Liquor in the Land of the Lost Cause: Southern White Evangelicals and the Prohibition Movement*, Joe L. Coker examines the tactics and results of temperance reformers between 1880 and 1915. Though their denominations traditionally forbade the preaching of politics from the pulpit, an outgrowth of evangelical fervor led ministers and their congregations to sound the call for prohibition. Determined to save the South from the evils of alcohol, they played on southern cultural attitudes about politics, race, women, and honor to communicate their message. The evangelicals were successful in their approach, negotiating such political obstacles as public disapproval, the church's role in politics, and vehement opposition to prohibition voiced by Jefferson Davis. The evangelical community successfully convinced the public that cheap liquor in the hands of African American beasts and drunkard husbands posed a serious threat to white women. Eventually, the code of honor that depended upon alcohol-centered hospitality and camaraderie was redefined to favor those who lived as Christians and supported the prohibition movement. *Liquor in the Land of the Lost Cause* is the first comprehensive survey of temperance in the South. By tailoring the prohibition message to the unique context of the American South, southern evangelicals transformed the region into a hotbed of temperance activity, leading the national prohibition movement. *The Register of the Kentucky Historical Society*, Kentucky
