Race Groupwork:

Race and Groupwork Tara Mistry, Allan G. Brown, 1997 Groupwork literature and practice theory is largely eurocentric. The issues facing black groupworkers and the groupwork needs of service users from minority communities are inadequately addressed in available material. In some countries anti racist and race equality perspectives are now under attack. *Race and Groupwork* provides a coherent overview of its subject. The Editors have included innovative material by front line practitioners working with black and multiracial groups as well as articles on the theoretical and philosophical principals raised. Several articles reflect on some of the inhibiting and oppressive organisational factors which can hamper this important work and suggest approaches which might enable more facilitative policies.

A-Z of Groups and Groupwork Mark Doel, Timothy Kelly, 2013-11-28 Launching Palgrave's new interdisciplinary Professional Keywords series this reader friendly reference guide distils the vast field of groupwork study and practice into digestible yet authoritative chunks. With over 60 alphabetized entries it is the perfect introduction to groupwork for health and social care practice.

Groupwork Allan Brown, 2017-07-05 This highly successful book on groupwork practice first published in 1979 has become a standard introductory text on most social work training courses. It is very popular with social workers whatever their agency setting and is also used by health visitors, youth workers and the voluntary sector. All key sections from previous editions have been retained and updated while those on group composition, open groups, co working and consultation have been extended and revised to give more comprehensive coverage.

Groupwork in Social Care Julie Phillips, 2001 studies with a variety of groups.

Gender and Groupwork Marcia Cohen, Audrey Mullender, 2003-09-02 Thinking about gender can enrich the work of all groupwork practitioners and can make a real difference in people's lives. Based on practice experience in both the UK and the USA *Gender and Groupwork* brings together the best of groupwork knowledge, skills and values in a true transatlantic partnership. The book summarises the history of gender based groups for both women and men and outlines a wide range of exciting and challenging examples of groups in different contexts. Often moving and always engrossing these accounts encompass groups for older women and women facing inequalities in health care. Innovative work with homeless people, with caregivers and lesbian and gay youth is described in detail and there is a particular focus on domestic violence where groups can often be the intervention of choice. *Gender and Groupwork* demonstrates that despite the challenges of post structuralism and postmodernism the practice of groupwork is alive and well. It provides new ideas and new models to help move practice forward making it a welcome addition to the groupwork literature.
